

Fiscal impact reports (FIRs) are prepared by the Legislative Finance Committee (LFC) for standing finance committees of the NM Legislature. The LFC does not assume responsibility for the accuracy of these reports if they are used for other purposes.

Current FIRs (in HTML & Adobe PDF formats) are available on the NM Legislative Website (legis.state.nm.us). Adobe PDF versions include all attachments, whereas HTML versions may not. Previously issued FIRs and attachments may be obtained from the LFC in Suite 101 of the State Capitol Building North.

### SUMMARY

#### Synopsis of Bill

Senate Memorial 53 proclaims March 13, 2009 as “New Mexico Speech-Language and Hearing Association Day” at the House of Representatives.

### FISCAL IMPLICATIONS

NFI

### SIGNIFICANT ISSUES

The New Mexico Speech-Language Hearing Association (NMSHA) is the state's professional body of Speech-Language Pathologists and Audiologists.

The mission of NMSHA is to promote the interests of the professions and provide the highest quality of support services. NMSHA also aims to promote the prevention and treatment of communication disabilities for the people of New Mexico.

According to RLD, the memorial recognizes the following:

## **Senate Memorial 53 -Page 2**

- 1 in 10 NM families are affected by a hearing, speech or language impairment that can present obstacles to academic achievement, social adjustment and career advancement.
- Audiology and speech-language pathology services help empower individuals.
- Audiologists and speech-language pathologists work to eliminate the isolating effects of communication disorders.

### **OTHER SUBSTANTIVE ISSUES**

HM51 states that one in ten New Mexican families are affected by a hearing, speech or language impairment that, if untreated, can present significant obstacles to academic achievement, social adjustment and career advancement.

According to DOH, hearing, speech and language impairments are fairly common disorders that are amenable to intervention by professional audiologists and speech-language pathologists.

According DOH, there is currently a shortage in our state of these professionals compared to demand for these services, especially in rural areas. Stating appreciation, may contribute to keeping these professionals working within our state.

### **DUPLICATES**

HM 51

### **WHAT WILL BE THE CONSEQUENCES OF NOT ENACTING THIS BILL**

The Legislature would not have a “New Mexico Speech-Language and Hearing Day”.
