RELATING TO LICENSURE; ENACTING THE DENTIST AND DENTAL HYGIENIST COMPACT; AMENDING THE DENTAL HEALTH CARE ACT TO PROVIDE FOR STATE AND FEDERAL CRIMINAL HISTORY BACKGROUND CHECKS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

SECTION 1. [NEW MATERIAL] DENTIST AND DENTAL HYGIENIST
COMPACT ENTERED INTO.--The "Dentist and Dental Hygienist
Compact" is entered into law and entered into with all other

"DENTIST AND DENTAL HYGIENIST COMPACT"

SECTION 1 - Purpose

The purposes of this compact are to facilitate the interstate practice of dentistry and dental hygiene and improve

1 public access to dentistry and dental hygiene services by
2 providing dentists and dental hygienists licensed in a
3 participating state the ability to practice in participating
4 states in which they are not licensed. The compact does this
5 by establishing a pathway for dentists and dental hygienists
6 licensed in a participating state to obtain a compact privilege
7 that authorizes them to practice in another participating state
8 in which they are not licensed. The compact enables
9 participating states to protect the public health and safety
10 with respect to the practice of such dentists and dental
11 hygienists, through the state's authority to regulate the
12 practice of dentistry and dental hygiene in the state. The
13 compact shall:

14 A. enable dentists and dental hygienists who
15 qualify for a compact privilege to practice in other
16 participating states without satisfying burdensome and
17 duplicative requirements associated with securing a license to
18 practice in those states;

19 B. promote mobility and address workforce shortages
20 through each participating state's acceptance of a compact
21 privilege to practice in that state;

22 C. increase public access to qualified, licensed
23 dentists and dental hygienists by creating a responsible,
24 streamlined pathway for licensees to practice in participating
25 states;

.232741.1

1 D. enhance the ability of participating states to
2 protect the public's health and safety;

3 E. not interfere with licensure requirements
4 established by a participating state;

5 F. facilitate the sharing of licensure and
6 disciplinary information among participating states;

7 G. require dentists and dental hygienists who
8 practice in a participating state pursuant to a compact
9 privilege to practice within the scope of practice authorized
10 in that state;

11 H. extend the authority of a participating state to
12 regulate the practice of dentistry and dental hygiene within
13 its borders to dentists and dental hygienists who practice in
14 the state through a compact privilege;

15 I. promote the cooperation of a participating state
16 in regulating the practice of dentistry and dental hygiene
17 within those states; and

18 J. facilitate the relocation of military members
19 and their spouses who are licensed to practice dentistry or
20 dental hygiene.

10 with commission rules;

11 (2) participate fully in the commission's data
12 system;

13 (3) have a mechanism in place for receiving
14 and investigating complaints about its licensees and license

3 state licensing authority shall:

4 (1) consider that information in making a
5 licensure decision;

11 individual was granted or denied a license.

12 D. A licensee of a participating state who has a
13 qualifying license in that state and does not hold an encumbered
14 license in any other participating state shall be issued a
15 compact privilege in a remote state in accordance with the terms
16 of the compact and commission rules. If a remote state has a
17 jurisprudence requirement, a compact privilege will not be
18 issued to the licensee unless the licensee has satisfied the
19 jurisprudence requirement.

20 SECTION 4 - Compact Privilege

21 A. To obtain and exercise the compact privilege
22 under the terms and provisions of the compact, the licensee
23 shall:

24 (1) have a qualifying license as a dentist or

21 B. The licensee shall comply with the requirements
22 of Subsection A of this section to maintain the compact
23 privilege in the remote state, and if those requirements are
24 met, the compact privilege shall continue as long as the
25 licensee maintains a qualifying license in the state through

.232741.1

which the licensee applied for the compact privilege and pays any applicable compact privilege renewal fees.

C. A licensee providing dentistry or dental hygiene in a remote state under the compact privilege shall function within the scope of practice authorized by the remote state for a dentist or dental hygienist licensed in that state.

D. A licensee providing dentistry or dental hygiene pursuant to a compact privilege in a remote state is subject to that state's regulatory authority. A remote state may, in accordance with due process and that state's laws, by adverse action revoke or remove a licensee's compact privilege in the remote state for a specific period of time and impose fines or take any other necessary actions to protect the health and safety of its citizens. If a remote state imposes an adverse action against a compact privilege that limits the compact privilege, that adverse action applies to all compact privileges in all remote states. A licensee whose compact privilege in a remote state is removed for a specified period of time is not eligible for a compact privilege in any other remote state until the specific time for removal of the compact privilege has passed and all encumbrance requirements are satisfied.

E. If a license in a participating state is an encumbered license, the licensee shall lose the compact privilege in a remote state and shall not be eligible for a compact privilege in any remote state until the license is no

1 longer encumbered.

2 F. Once an encumbered license in a participating
3 state is restored to good standing, the licensee must meet the
4 requirements of Subsection A of this section to obtain a compact
5 privilege in a remote state.

6 G. If a licensee's compact privilege in a remote
7 state is removed by the remote state, the individual shall lose
8 or be ineligible for the compact privilege in any remote state
9 until the following occur:

10 (1) the specific period of time for which the
11 compact privilege was removed has ended; and

12 (2) all conditions for removal of the compact
13 privilege have been satisfied.

14 H. Once the requirements of Subsection G of this
15 section have been met, the licensee must meet the requirements
16 in Subsection A of this section to obtain a compact privilege in
17 a remote state.

18 SECTION 5 - Active Military Member or Military Spouse

19 An active military member and the spouse of an active
20 military member shall not be required to pay to the commission
21 for a compact privilege the fee otherwise charged by the
22 commission. If a remote state chooses to charge a fee for a
23 compact privilege, it may choose to charge a reduced fee or no
24 fee to an active military member and their spouse for a compact
25 privilege.

SECTION 6 - Adverse Actions

A. A participating state in which a licensee is licensed shall have exclusive authority to impose adverse action against the qualifying license issued by that participating state.

B. A participating state may take adverse action based on the significant investigative information of a remote state, so long as the participating state follows its own procedures for imposing adverse action.

C. Nothing in this compact shall override a participating state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the participating state's laws. Participating states must require licensees who enter any alternative program in lieu of discipline to agree not to practice pursuant to a compact privilege in any other participating state during the term of the alternative program without prior authorization from such other participating state.

D. Any participating state in which a licensee is applying to practice or is practicing pursuant to a compact privilege may investigate actual or alleged violations of the statutes and regulations authorizing the practice of dentistry or dental hygiene in any other participating state in which the dentist or dental hygienist holds a license or compact

1 privilege.

2 E. A remote state shall have the authority to take
3 adverse actions as set forth in Subsection D of Section 4 of
4 this compact against a licensee's compact privilege in the
5 state.

6 F. In furtherance of its rights and responsibilities
7 under the compact and the commission's rules, issue subpoenas
8 for both hearings and investigations that require the attendance
9 and testimony of witnesses and the production of evidence.
10 Subpoenas issued by a state licensing authority in a
11 participating state for the attendance and testimony of
12 witnesses, or the production of evidence from another
13 participating state, shall be enforced in the latter state by
14 any court of competent jurisdiction, according to the practice
15 and procedure of that court applicable to subpoenas issued in
16 proceedings pending before it. The issuing authority shall pay
17 any witness fees, travel expenses, mileage and other fees
18 required by the service statutes of the state where the
19 witnesses or evidence are located.

20 G. If otherwise permitted by state law, recover from
21 the licensee the costs of investigations and disposition of
22 cases resulting from any adverse action taken against that
23 licensee.

24 H. The following conditions shall apply to joint
25 investigations:

.232741.1

(1) in addition to the authority granted to a participating state by its dentist or dental hygienist licensure act or other applicable state law, a participating state may jointly investigate licensees with other participating states; and

(2) participating states shall share any significant investigative information, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the compact.

I. The following conditions shall apply to the authority to continue an investigation:

(1) after a licensee's compact privilege in a remote state is terminated, the remote state may continue an investigation of the licensee that began when the licensee had a compact privilege in that remote state; and

(2) if the investigation yields what would be significant investigative information had the licensee continued to have a compact privilege in that remote state, the remote state shall report the presence of such information to the data system as required by Paragraph (6) of Subsection B of Section 8 of this compact as if it was significant investigative information.

5 or after the effective date of the compact as set forth in
6 Subsection A of Section 11 of this compact.

21 suspension of an individual as the state's commissioner;

23 authority or authorities, as applicable, shall fill any vacancy
24 of its commissioner on the commission within sixty days of the

I. The executive board of the commission shall be composed of up to seven voting members, including:

(1) the chair, vice chair, secretary and treasurer; and

(2) up to three additional members who may be elected by the commission from the current membership of the commission.

J. The executive board of the commission may remove any member of the executive board as provided in the commission's bylaws.

K. The executive board of the commission shall meet at least annually and ensure that:

(1) meetings at which the executive board of the commission takes or intends to take formal action on a matter be open to the public, except when dealing with any of the matters covered under Paragraph (4) of Subsection D of this section; and

(2) five business days' notice of public meetings are provided, by posting notice on its website and as it may otherwise determine to provide notice to persons with an interest in the public matters the executive board intends to address at those meetings.

L. The executive board of the commission may hold an

emergency meeting when acting for the commission to:

(1) meet an imminent threat to public health,

safety or welfare;

(2) prevent a loss of commission or participating state funds; or

(3) protect public health and safety.

M. The members, officers, executive director,

employees and representatives of the commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided that nothing in this subsection shall be construed to protect any such person from suit or liability for any damage, loss, injury or liability caused by the intentional or willful or wanton misconduct of that person; and provided further that the procurement of insurance of any type by the commission shall not compromise or limit the immunity granted by this subsection.

N. The commission shall defend any member, officer, executive director, employee or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error or omission that occurred

1 within the scope of commission employment, duties or
2 responsibilities, or as determined by the commission that the
3 person against whom the claim is made had a reasonable basis for
4 believing occurred within the scope of commission employment,
5 duties or responsibilities; provided that nothing herein shall
6 be construed to prohibit that person from retaining that
7 person's own counsel; and provided further that the actual or
8 alleged act, error or omission did not result from that person's
9 intentional or willful or wanton misconduct.

10 O. Notwithstanding the provisions of Subsection M of
11 this section, should any member, officer, executive director,
12 employee or representative of the commission be held liable for
13 the amount of any settlement or judgment arising out of any
14 actual or alleged act, error or omission that occurred within
15 the scope of that individual's employment, duties or
16 responsibilities for the commission, or that the person to whom
17 that individual is liable had a reasonable basis for believing
18 occurred within the scope of the individual's employment, duties
19 or responsibilities for the commission, the commission shall
20 indemnify and hold harmless such individual; provided that the
21 actual or alleged act, error or omission did not result from the
22 intentional or willful or wanton misconduct of the individual.

23 P. Nothing in this compact shall be:

24 (1) construed as a limitation on the liability
25 of any licensee for professional malpractice or misconduct,

which shall be governed solely by any other applicable state laws;

(2) interpreted to waive or otherwise abrogate a participating state's state action immunity or state action affirmative defense with respect to antitrust claims under the federal Sherman Act, the federal Clayton Act (Antitrust) or any other state or federal antitrust or anticompetitive law or regulation; and

(3) construed to be a waiver of sovereign immunity by the participating states or by the commission.

SECTION 8 - Data System

A. The commission shall provide for the development, maintenance, operation and utilization of a coordinated database and reporting system containing licensure, adverse action and significant investigative information on all licensees and applicants for a license in participating states.

B. Notwithstanding any other provision of state law to the contrary, a participating state shall submit a uniform data set to the data system on all individuals to whom this compact is applicable as required by the rules of the commission, including:

- (1) identifying information;
- (2) licensure data;
- (3) adverse actions against a licensee,

license applicant or compact privilege and information related

1 thereto;

2 (4) non-confidential information related to
3 alternative program participation, the beginning and ending
4 dates of such participation and other information related to
5 such participation;

6 (5) any denial of an application for licensure
7 and the reasons for such denial, excluding the reporting of any
8 criminal history record information where prohibited by law;

9 (6) the presence of significant investigative
10 information; and

11 (7) other information that may facilitate the
12 administration of this compact or the protection of the public,
13 as determined by the rules of the commission.

14 C. The records and information provided to a
15 participating state pursuant to this compact or through the data
16 system, when certified by the commission or an agent thereof,
17 shall constitute the authenticated business records of the
18 commission and shall be entitled to any associated hearsay
19 exception in any relevant judicial, quasi-judicial or
20 administrative proceedings in a participating state.

21 D. Significant investigative information pertaining
22 to a licensee in any participating state will only be available
23 to other participating states.

24 E. It is the responsibility of the participating
25 states to monitor the database to determine whether adverse

.232741.1

1 action has been taken against a licensee or license applicant.
2 Adverse action information pertaining to a licensee or license
3 applicant in any participating state will be available to any
4 other participating state.

5 F. Participating states contributing information to
6 the data system may designate information that may not be shared
7 with the public without the express permission of the
8 contributing state.

9 G. Any information submitted to the data system that
10 is subsequently expunged pursuant to federal law or the laws of
11 the participating state contributing the information shall be
12 removed from the data system.

13 SECTION 9 - Rulemaking

14 A. The commission shall promulgate reasonable rules
15 in order to effectively and efficiently implement and administer
16 the purposes and provisions of the compact. A commission rule
17 shall be invalid and have no force or effect only if a court of
18 competent jurisdiction holds that the rule is invalid because
19 the commission exercised its rulemaking authority in a manner
20 that is beyond the scope and purposes of the compact, or the
21 powers granted hereunder or based upon another applicable
22 standard of review.

23 B. The rules of the commission shall have the force
24 of law in each participating state; provided, however, that
25 where the rules of the commission conflict with the laws of the

underscored material = new
[bracketed material] = delete

1 participating state that establish the participating state's
2 scope of practice as held by a court of competent jurisdiction,
3 the rules of the commission shall be ineffective in that state
4 to the extent of the conflict.

5 C. The commission shall exercise its rulemaking
6 powers pursuant to the criteria set forth in this section and
7 the rules adopted thereunder. Rules shall become binding as of
8 the date specified by the commission for each rule.

9 D. If a majority of the legislatures of the
10 participating states rejects a commission rule or portion of a
11 commission rule, by enactment of a statute or resolution in the
12 same manner used to adopt the compact, within four years of the
13 date of adoption of the rule, then such rule shall have no
14 further force and effect in any participating state or to any
15 state applying to participate in the compact.

16 E. Rules shall be adopted at a regular or special
17 meeting of the commission.

18 F. Prior to adoption of a proposed rule, the
19 commission shall hold a public hearing and allow persons to
20 provide oral and written comments, data, facts, opinions and
21 arguments.

22 G. Prior to adoption of a proposed rule by the
23 commission, and at least thirty days in advance of the meeting
24 at which the commission will hold a public hearing on the
25 proposed rule, the commission shall provide a notice of proposed

.232741.1

underscored material = new
[bracketed material] = delete

1 rulemaking:

2 (1) on the website of the commission or other
3 publicly accessible platform;

4 (2) to persons who have requested notice of
5 the commission's notices of proposed rulemaking; and

6 (3) in such other ways as the commission may
7 by rule specify.

8 H. The notice of proposed rulemaking shall include:

9 (1) the time, date and location of the public
10 hearing at which the commission will hear public comments on the
11 proposed rule and, if different, the time, date and location of
12 the meeting where the commission will consider and vote on the
13 proposed rule;

14 (2) if the hearing is held via
15 telecommunication, video conference or other electronic means,
16 the commission shall include the mechanism for access to the
17 hearing in the notice of proposed rulemaking;

18 (3) the text of the proposed rule and the
19 reason therefor;

20 (4) a request for comments on the proposed
21 rule from any interested person; and

22 (5) the manner in which interested persons may
23 submit written comments.

24 I. All hearings shall be recorded. A copy of the
25 recording and all written comments and documents received by the

.232741.1

1 commission in response to the proposed rule shall be available
2 to the public.

3 J. Nothing in this section shall be construed as
4 requiring a separate hearing on each commission rule. Rules may
5 be grouped for the convenience of the commission at hearings
6 required by this section.

7 K. The commission shall, by majority vote of all
8 commissioners, take final action on the proposed rule based on
9 the rulemaking record. The commission:

10 (1) may adopt changes to the proposed rule
11 provided the changes do not enlarge the original purpose of the
12 proposed rule;

13 (2) shall provide an explanation of the
14 reasons for substantive changes made to the proposed rule as
15 well as reasons for substantive changes not made that were
16 recommended by commenters; and

17 (3) shall determine a reasonable effective
18 date for the rule. Except for an emergency as provided in
19 Subsection L of this section, the effective date of the rule
20 shall be no sooner than thirty days after the commission issuing
21 the notice that it adopted or amended the rule.

22 L. Upon determination that an emergency exists, the
23 commission may consider and adopt an emergency rule with twenty-
24 four hours notice, with opportunity to comment; provided that
25 the usual rulemaking procedures provided in the compact and in

underscored material = new
[bracketed material] = delete

1 this section shall be retroactively applied to the rule as soon
2 as reasonably possible, in no event later than ninety days
3 after the effective date of the rule. For the purposes of this
4 provision, an emergency rule is one that must be adopted
5 immediately in order to:

6 (1) meet an imminent threat to public health,
7 safety or welfare;

8 (2) prevent a loss of commission or
9 participating state funds;

10 (3) meet a deadline for the promulgation of a
11 rule that is established by federal law or rule; or

12 (4) protect public health and safety.

13 M. The commission or an authorized committee of the
14 commission may direct revisions to a previously adopted rule for
15 purposes of correcting typographical errors, errors in format,
16 errors in consistency or grammatical errors. Public notice of
17 any revisions shall be posted on the website of the commission.
18 The revision shall be subject to challenge by any person for a
19 period of thirty days after posting. The revision may be
20 challenged only on grounds that the revision results in a
21 material change to a rule. A challenge shall be made in writing
22 and delivered to the commission prior to the end of the notice
23 period. If no challenge is made, the revision will take effect
24 without further action. If the revision is challenged, the
25 revision may not take effect without the approval of the

1 commission.

2 N. No participating state's rulemaking requirements
3 shall apply under this compact.

4 SECTION 10 - Oversight, Dispute Resolution and Enforcement

5 A. The executive and judicial branches of state
6 government in each participating state shall enforce this
7 compact and take all actions necessary and appropriate to
8 implement the compact.

9 B. Venue is proper and judicial proceedings by or
10 against the commission shall be brought solely and exclusively
11 in a court of competent jurisdiction where the principal office
12 of the commission is located. The commission may waive venue
13 and jurisdictional defenses to the extent it adopts or consents
14 to participate in alternative dispute resolution proceedings.
15 Nothing herein shall affect or limit the selection or propriety
16 of venue in any action against a licensee for professional
17 malpractice, misconduct or any such similar matter.

18 C. The commission shall be entitled to receive
19 service of process in any proceeding regarding the enforcement
20 or interpretation of the compact or commission rule and shall
21 have standing to intervene in such a proceeding for all
22 purposes. Failure to provide the commission service of process
23 shall render a judgment or order void as to the commission, this
24 compact or promulgated rules.

25 D. Default, technical assistance and termination

underscored material = new
[bracketed material] = delete

1 shall be addressed by the commission.

2 E. If the commission determines that a participating
3 state has defaulted in the performance of its obligations or
4 responsibilities under this compact or the promulgated rules,
5 the commission shall provide written notice to the defaulting
6 state. The notice of default shall describe the default, the
7 proposed means of curing the default and any other action that
8 the commission may take and offer training and specific
9 technical assistance regarding the default.

10 F. The commission shall provide a copy of the notice
11 of default to the other participating states.

12 G. If a state in default fails to cure the default,
13 the defaulting state may be terminated from the compact upon an
14 affirmative vote of a majority of the commissioners, and all
15 rights, privileges and benefits conferred on that state by this
16 compact may be terminated on the effective date of termination.
17 A cure of the default shall not relieve the offending state of
18 obligations or liabilities incurred during the period of
19 default.

20 H. Termination of participation in the compact shall
21 be imposed only after all other means of securing compliance
22 have been exhausted. Notice of intent to suspend or terminate
23 shall be given by the commission to the governor, the majority
24 and minority leaders of the defaulting state's legislature, the
25 defaulting state's state licensing authority or authorities, as

.232741.1

1 applicable, and each of the participating states' state
2 licensing authority or authorities applicable.

3 I. A state that has been terminated is responsible
4 for all assessments, obligations and liabilities incurred
5 through the effective date of termination, including obligations
6 that extend beyond the effective date of termination.

7 J. Upon the termination of a state's participation
8 in this compact, that state shall immediately provide notice to
9 all licensees of the state, including licensees of other
10 participating states issued a compact privilege to practice
11 within that state, of such termination. The terminated state
12 shall continue to recognize all compact privileges then in
13 effect in that state for a minimum of one hundred eighty days
14 after the date of said notice of termination.

15 K. The commission shall not bear any costs related
16 to a state that is found to be in default or that has been
17 terminated from the compact, unless agreed upon in writing
18 between the commission and the defaulting state.

19 L. The defaulting state may appeal the action of the
20 commission by petitioning the United States district court for
21 the District of Columbia or the federal district where the
22 commission has its principal offices. The prevailing party
23 shall be awarded all costs of such litigation, including
24 reasonable attorney fees.

25 M. Upon request by a participating state, the

.232741.1

1 commission shall attempt to resolve disputes related to the
2 compact that arise among participating states and between
3 participating states and non-participating states. The
4 commission shall promulgate a rule providing for both mediation
5 and binding dispute resolution for disputes as appropriate.

6 N. Enforcement of the compact shall be conducted by
7 the commission. The commission, in the reasonable exercise of
8 its discretion, shall enforce the provisions of this compact and
9 the commission's rules.

10 O. By majority vote, the commission may initiate
11 legal action against a participating state in default in the
12 United States district court for the District of Columbia or the
13 federal district where the commission has its principal offices
14 to enforce compliance with the provisions of the compact and its
15 promulgated rules. The relief sought may include both
16 injunctive relief and damages. In the event judicial
17 enforcement is necessary, the prevailing party shall be awarded
18 all costs of such litigation, including reasonable attorney
19 fees. The remedies herein shall not be the exclusive remedies
20 of the commission. The commission may pursue any other remedies
21 available under federal or the defaulting participating state's
22 law.

23 P. A participating state may initiate legal action
24 against the commission in the United States district court for
25 the District of Columbia or the federal district where the

1 commission has its principal offices to enforce compliance with
2 the provisions of the compact and its promulgated rules. The
3 relief sought may include both injunctive relief and damages.
4 In the event judicial enforcement is necessary, the prevailing
5 party shall be awarded all costs of such litigation, including
6 reasonable attorney fees.

7 Q. No individual or entity other than a
8 participating state may enforce this compact against the
9 commission.

10 SECTION 11 - Effective Date, Withdrawal and Amendment

11 A. The compact shall come into effect on the date on
12 which the compact statute is enacted into law in the seventh
13 participating state.

14 B. On or after the effective date of the compact,
15 the commission shall convene and review the enactment of the
16 compact by each of the states that enacted the compact to
17 determine if the statute enacted by each state is materially
18 different than the model compact. If the commission finds the
19 enactment of a participating state is materially different from
20 the model compact, the participating state shall be entitled to
21 the default process set forth in Section 10 of this compact.

22 C. If the commission later determines that a
23 participating state is in default or terminated or withdrew from
24 the compact, the commission shall remain in existence and the
25 compact shall remain in effect, even if the number of

1 participating states should be less than seven.

2 D. Participating states shall be subject to the
3 process set forth in Subsection B of this section to determine
4 if their enactments are materially different from the model
5 compact and whether they qualify for participation in the
6 compact.

7 E. All actions taken for the benefit of the
8 commission or in furtherance of the purposes of the
9 administration of the compact prior to the effective date of the
10 compact or the commission coming into existence shall be
11 considered to be actions of the commission unless specifically
12 repudiated by the commission.

13 F. Any state that joins the compact subsequent to
14 the commission's initial adoption of the rules and bylaws shall
15 be subject to the commission's rules and bylaws as they exist on
16 the date on which the compact becomes law in that state. Any
17 rule that has been previously adopted by the commission shall
18 have the full force and effect of law on the day the compact
19 becomes law in that state.

20 G. Any participating state may withdraw from this
21 compact by enacting a statute repealing that state's enactment
22 of the compact; however:

23 (1) a participating state's withdrawal shall
24 not take effect until one hundred eighty days after enactment of
25 the repealing statute;

(2) withdrawal shall not affect the continuing requirement of the withdrawing state's licensing authority or authorities to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal; and

(3) upon the enactment of a statute withdrawing from this compact, the state shall immediately provide notice of such withdrawal to all licensees within that state, and notwithstanding any subsequent statutory enactment to the contrary, such withdrawing state shall continue to recognize all compact privileges to practice within that state granted pursuant to this compact for a minimum of one hundred eighty days after the date of such notice of withdrawal.

H. Nothing contained in this compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a participating state and a non-participating state that does not conflict with the provisions of this compact.

I. This compact may be amended by the participating states. No amendment to this compact shall become effective and binding upon any participating state until it is enacted into the laws of all participating states.

SECTION 12 - Construction and Severability

A. This compact and the commission's rulemaking authority shall be liberally construed so as to effectuate the

underscored material = new
[bracketed material] = delete

1 purposes and the implementation and administration of the
2 compact. Provisions of the compact expressly authorizing or
3 requiring the promulgation of rules shall not be construed to
4 limit the commission's rulemaking authority solely for those
5 purposes.

6 B. The provisions of this compact shall be
7 severable, and if any phrase, clause, sentence or provision of
8 this compact is held by a court of competent jurisdiction to be
9 contrary to the constitution of any participating state, a state
10 seeking participation in the compact, or of the United States,
11 or the applicability thereof to any government, agency, person
12 or circumstance is held to be unconstitutional by a court of
13 competent jurisdiction, the validity of the remainder of this
14 compact and the applicability thereof to any other government,
15 agency, person or circumstance shall not be affected thereby.

16 C. Notwithstanding the provisions of Subsection B of
17 this section, the commission may deny a state's participation in
18 the compact or, in accordance with the requirements of
19 Subsection E of Section 10 of this compact, terminate a
20 participating state's participation in the compact, if it
21 determines that a constitutional requirement of a participating
22 state is a material departure from the compact. Otherwise, if
23 this compact shall be held to be contrary to the constitution of
24 any participating state, the compact shall remain in full force
25 and effect as to the remaining participating states and in full

underscored material = new
[bracketed material] = delete

1 force and effect as to the participating state affected as to
2 all severable matters.

3 SECTION 13 - Consistent Effect and Conflict with Other State
4 Laws

5 A. Nothing herein shall prevent or inhibit the
6 enforcement of any other law of a participating state that is
7 not inconsistent with the compact.

8 B. Any laws, statutes, regulations or other legal
9 requirements in a participating state in conflict with the
10 compact are superseded to the extent of the conflict.

11 C. All permissible agreements between the commission
12 and the participating states are binding in accordance with
13 their terms.".

14 SECTION 2. Section 61-5A-10 NMSA 1978 (being Laws 1994,
15 Chapter 55, Section 10, as amended) is amended to read:
