The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all member states;

(4) the commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the member states, except by and with the authority of the member state; and

(5) the commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under the commission's bylaws. All receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

G. With respect to qualified immunity, defense and indemnification:

(1) the members, officers, executive director, employees and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided

that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury or liability caused by the intentional or willful or wanton misconduct of that person;

(2) the commission shall defend any member, officer, executive director, employee or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining that person's own counsel; and provided further that the actual or alleged act, error or omission did not result from that person's intentional or willful or wanton misconduct; and

(3) the commission shall indemnify and hold harmless any member, officer, executive director, employee or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or that the person had a reasonable basis for believing occurred within the scope of commission employment,

1       duties or responsibilities; provided that the actual or alleged  
2       act, error or omission did not result from the intentional or  
3       willful or wanton misconduct of that person.

4           **SECTION 12. [NEW MATERIAL] COORDINATED DATABASE.--**

5           A. The commission shall provide for the development  
6       and maintenance of a coordinated database and reporting system  
7       containing licensure, adverse action and significant  
8       investigatory information on all licensed individuals in member  
9       states.

10          B. Notwithstanding any other provision of state law  
11       to the contrary, a member state shall submit a uniform data set  
12       to the coordinated database on all individuals to whom this  
13       compact is applicable as required by the rules of the  
14       commission, including:

15                   (1) identifying information;  
16                   (2) licensure data;  
17                   (3) significant investigatory information;  
18                   (4) adverse actions against an individual's  
19       license;

20                   (5) an indicator that an individual's  
21       privilege to practice is restricted, suspended or revoked;

22                   (6) nonconfidential information related to  
23       alternative program participation;

24                   (7) any denial of application for licensure  
25       and the reason for the denial; and

.232924.1

(8) other information that may facilitate the administration of this compact, as determined by the rules of the commission.

C. The coordinated database administrator shall promptly notify all member states of any adverse action taken against, or significant investigative information on, any individual in a member state.

D. Member states contributing information to the coordinated database may designate information that may not be shared with the public without the express permission of the contributing state.

E. Any information submitted to the coordinated database that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the coordinated database.

## SECTION 13. [NEW MATERIAL] RULEMAKING.--

A. The commission shall exercise the commission's rulemaking powers pursuant to the criteria set forth in this section and the rules adopted pursuant to this section. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt this compact, then such rule shall have no further force and effect in any member state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

D. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking on the website of:

(1) the commission; and

(2) each member state's state emergency

medical services authority or the publication in which each state would otherwise publish proposed rules.

E. The notice of proposed rulemaking shall include:

(1) the proposed time, date and location of the meeting in which the rule will be considered and voted upon;

(2) the text of the proposed rule or amendment and the reason for the proposed rule;

(3) a request for comments on the proposed rule from any interested person; and

(4) the manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

F. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions and arguments, which shall be made available to the

1 public.

2 G. The commission shall grant an opportunity for a  
3 public hearing before it adopts a rule or amendment if a  
4 hearing is requested by:

5 (1) at least twenty-five persons;  
6 (2) a governmental subdivision or agency; or  
7 (3) an association having at least twenty-five  
8 members.

9 H. If a hearing is held on the proposed rule or  
10 amendment, the commission shall publish the place, time and  
11 date of the scheduled public hearing. With respect to  
12 hearings:

13 (1) all persons wishing to be heard at the  
14 hearing shall notify the executive director of the commission  
15 or other designated member in writing of the person's desire to  
16 appear and testify at the hearing no less than five business  
17 days before the scheduled date of the hearing;

18 (2) hearings shall be conducted in a manner  
19 providing each person who wishes to comment a fair and  
20 reasonable opportunity to comment orally or in writing;

21 (3) no transcript of the hearing is required,  
22 unless a written request for a transcript is made, in which  
23 case the person requesting the transcript shall bear the cost  
24 of producing the transcript. A recording may be made in lieu  
25 of a transcript under the same terms and conditions as a

transcript. This paragraph shall not preclude the commission from making a transcript or recording of the hearing if the commission so chooses; and

(4) nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

J. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

K. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

L. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment or hearing; provided that the usual rulemaking procedures provided in this compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days

1 after the effective date of the rule. For the purposes of this  
2 provision, an emergency rule is one that must be adopted  
3 immediately in order to:

4 (1) meet an imminent threat to public health,  
5 safety or welfare;

6 (2) prevent a loss of commission or member  
7 state funds;

8 (3) meet a deadline for the promulgation of an  
9 administrative rule that is established by federal law or rule;  
10 or

11 (4) protect public health and safety.

12 M. The commission or an authorized committee of the  
13 commission may direct revisions to a previously adopted rule or  
14 amendment for purposes of correcting typographical errors,  
15 errors in format, errors in consistency or grammatical errors.  
16 Public notice of any revisions shall be posted on the website  
17 of the commission. The revision shall be subject to challenge  
18 by any person for a period of thirty days after posting. The  
19 revision may be challenged only on grounds that the revision  
20 results in a material change to a rule. A challenge shall be  
21 made in writing and delivered to the chair of the commission  
22 prior to the end of the notice period. If no challenge is  
23 made, the revision shall take effect without further action.  
24 If the revision is challenged, the revision shall not take  
25 effect without the approval of the commission.

1                   SECTION 14. [NEW MATERIAL] OVERSIGHT, DISPUTE RESOLUTION

2 AND ENFORCEMENT.--

3                   A. The executive, legislative and judicial branches  
4 of state government in each member state shall enforce this  
5 compact and take all actions necessary and appropriate to  
6 effectuate this compact's purposes and intent. The provisions  
7 of this compact and the rules promulgated pursuant to this  
8 compact shall have standing as statutory law.

9                   B. All courts shall take judicial notice of this  
10 compact and the rules in any judicial or administrative  
11 proceeding in a member state pertaining to the subject matter  
12 of this compact that may affect the powers, responsibilities or  
13 actions of the commission.

14                   C. The commission is entitled to receive service of  
15 process in any proceeding and has standing to intervene in such  
16 a proceeding for all purposes. Failure to provide service of  
17 process to the commission shall render a judgment or order void  
18 as to the commission, this compact or promulgated rules.

19                   D. If the commission determines that a member state  
20 has defaulted in the performance of its obligations or  
21 responsibilities under this compact or the promulgated rules,  
22 the commission shall provide:

23                                   (1) written notice to the defaulting state and  
24 other member states of the nature of the default, the proposed  
25 means of curing the default or any other action to be taken by

1 the commission; and

2 (2) remedial training and specific technical  
3 assistance regarding the default.

4 E. If a state in default fails to cure the default,  
5 the defaulting state may be terminated from this compact upon  
6 an affirmative vote of a majority of the member states, and all  
7 rights, privileges and benefits conferred by this compact may  
8 be terminated on the effective date of termination. A cure of  
9 the default does not relieve the offending state of obligations  
10 or liabilities incurred during the period of default.

11 F. Termination of membership in this compact shall  
12 be imposed only after all other means of securing compliance  
13 have been exhausted. Notice of intent to suspend or terminate  
14 shall be given by the commission to the defaulting state's  
15 governor, the majority and minority leaders of the defaulting  
16 state's legislature and each of the member states.

17 G. A state that has been terminated is responsible  
18 for all assessments, obligations and liabilities incurred  
19 through the effective date of termination, including  
20 obligations that extend beyond the effective date of  
21 termination.

22 H. The commission shall not bear any costs related  
23 to a state that is found to be in default or that has been  
24 terminated from this compact, unless agreed upon in writing  
25 between the commission and the defaulting state.

1                   I. The defaulting state may appeal the action of  
2 the commission by petitioning the United States district court  
3 for the District of Columbia or the federal district where the  
4 commission has its principal offices. The prevailing member  
5 shall be awarded all costs of the litigation, including  
6 reasonable attorney fees.

7                   J. Upon request by a member state, the commission  
8 shall attempt to resolve disputes related to this compact that  
9 arise among member states and between member and nonmember  
10 states. The commission shall promulgate a rule providing for  
11 both mediation and binding dispute resolution for disputes as  
12 appropriate.

13                   K. With respect to enforcement of this compact:

14                   (1) the commission, in the reasonable exercise  
15 of its discretion, shall enforce the provisions and rules of  
16 this compact;

17                   (2) by majority vote, the commission may  
18 initiate legal action in the United States district court for  
19 the District of Columbia or the federal district where the  
20 commission has its principal offices against a member state in  
21 default to enforce compliance with the provisions of this  
22 compact and its promulgated rules and bylaws. The relief  
23 sought may include both injunctive relief and damages. In the  
24 event that judicial enforcement is necessary, the prevailing  
25 party shall be awarded all costs of the litigation, including

.232924.1

reasonable attorney fees; and

(3) the remedies provided in this compact shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

**SECTION 15. [NEW MATERIAL] DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR EMERGENCY MEDICAL SERVICES PERSONNEL PRACTICE AND ASSOCIATED RULES, WITHDRAWAL AND AMENDMENT.--**

A. This compact shall come into effect on the date on which this compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules.

Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of this compact.

B. Any state that joins this compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which this compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day this compact becomes law in that state.

C. Any member state may withdraw from this compact by enacting a statute repealing the same. Withdrawal:

(1) by a member state shall not take effect

1 until six months after enactment of the repealing statute; and  
2 (2) shall not affect the continuing  
3 requirement of the withdrawing state's state emergency medical  
4 services authority to comply with the investigative and adverse  
5 action reporting requirements of this compact prior to the  
6 effective date of withdrawal.

7 D. Nothing contained in this compact shall be  
8 construed to invalidate or prevent any emergency medical  
9 services personnel licensure agreement or other cooperative  
10 arrangement between a member state and a nonmember state that  
11 does not conflict with the provisions of this compact.

12 E. This compact may be amended by the member  
13 states. No amendment to this compact shall become effective  
14 and binding upon any member state until the amendment is  
15 enacted into the laws of all member states.

16 SECTION 16. [NEW MATERIAL] CONSTRUCTION AND  
17 SEVERABILITY.--This compact shall be liberally construed so as  
18 to effectuate the purposes of this compact. If this compact  
19 shall be held contrary to the constitution of any member state  
20 thereto, this compact shall remain in full force and effect as  
21 to the remaining member states. Nothing in this compact  
22 supersedes state law or rules related to licensure of emergency  
23 medical services agencies.
