21 (g) replace missing anatomy with an
22 artificial substitute;

23 (h) construct, make, furnish, supply,
24 reproduce, alter or repair an artificial substitute or
25 restorative or corrective appliance or place an artificial

.233042.2

1 substitute or restorative or corrective appliance in the mouth
2 or attempt to adjust it;

3 (i) give interpretations or readings of
4 dental radiographs;

5 (j) provide limited diagnostic and
6 treatment planning via teledentistry; or

7 (k) do any other remedial, corrective or
8 restorative work.

9 B. As used in the Dental Health Care Act, "the
10 practice of dental hygiene" means the application of the
11 science of the prevention and treatment of oral disease through
12 the provision of educational, assessment, preventive, clinical,
13 dental hygiene diagnostic and other therapeutic services [~~under~~
14 ~~the general supervision of a dentist~~]. A dental hygienist in a
15 collaborative practice [~~may perform the procedures listed in~~
16 ~~this section without general supervision while the hygienist is~~
17 ~~in a cooperative working relationship with a consulting~~
18 ~~dentist~~] or a public health dental hygienist may perform the
19 procedures listed in this section, pursuant to rules
20 promulgated by the board and the committee. "The practice of
21 dental hygiene" includes:

22 (1) prophylaxis, which is the removal of
23 plaque, calculus and stains from the tooth structures as a
24 means to control local irritational factors;

25 (2) removing diseased crevicular tissue and

1 related nonsurgical periodontal procedures;

2 (3) except in cases where a tooth exhibits
3 cavitation of the enamel surface, assessing without a dentist's
4 evaluation whether the application of pit and fissure sealants
5 is indicated;

6 (4) except in cases where a tooth exhibits
7 cavitation of the enamel surface, applying pit and fissure
8 sealants without mechanical alteration of the tooth;

9 (5) applying fluorides and other topical
10 therapeutic and preventive agents;

11 (6) exposing and assessing oral radiographs
12 for abnormalities;

13 (7) screening to identify indications of oral
14 abnormalities;

15 (8) performing dental ~~[hygiene-focused~~
16 ~~assessments]~~ hygiene diagnosis;

17 (9) assessing periodontal conditions; and

18 (10) such other closely related services as
19 permitted by the rules of the committee and the board.

20 C. In addition to performing dental hygiene as
21 defined in Subsection B of this section, a dental hygienist may
22 apply preventive topical fluorides and remineralization agents
23 without supervision in public and community medical facilities,
24 schools, hospitals, long-term care facilities and such other
25 settings as the committee may determine by rule ratified by the

.233042.2

1 board, so long as the dental hygienist's license is not
2 restricted pursuant to the Impaired Dentists and Dental
3 Hygienists Act.

4 D. In addition to performing dental hygiene as
5 defined in Subsection B of this section, dental hygienists who
6 have met the criteria as the committee shall establish and the
7 board shall ratify may administer local anesthesia under
8 indirect supervision of a dentist.

9 E. The board may certify a dental hygienist to
10 administer local anesthetic under the general supervision of a
11 dentist if the dental hygienist, in addition to performing
12 dental hygiene as defined in Subsection B of this section:

13 (1) has administered local anesthesia under
14 the indirect supervision of a dentist for at least two years,
15 during which time the dental hygienist has competently
16 administered at least twenty cases of local anesthesia and can
17 document this with a signed affirmation by the supervising
18 dentist;

19 (2) administers local anesthetic under the
20 written prescription or order of a dentist; and

21 (3) emergency medical services are available
22 in accordance with rules promulgated by the board.

23 F. The board may certify a public health dental
24 hygienist or a dental hygienist certified for collaborative
25 dental hygiene practice to administer local anesthetic without

1 supervision if the dental hygienist, in addition to performing
2 dental hygiene as defined in Subsection B of this section, has
3 administered local anesthesia under the indirect supervision of
4 a dentist for at least two years, during which time the dental
5 hygienist has competently administered at least twenty cases of
6 local anesthesia and can document this with a signed
7 affirmation by the supervising dentist.

8 [F-] G. A dental hygienist:

9 (1) may prescribe, administer and dispense a
10 fluoride supplement, topically applied fluoride or topically
11 applied antimicrobial only when the prescribing, administering
12 or dispensing is performed:

13 (a) under the supervision of a dentist,
14 unless the dental hygienist is a public health dental hygienist
15 or certified for collaborative dental hygiene practice;

16 (b) pursuant to rules the board and the
17 committee have adopted;

18 (c) within the parameters of a drug
19 formulary approved by the board in consultation with the board
20 of pharmacy;

21 (d) within the parameters of guidelines
22 established pursuant to Section 61-5A-10 NMSA 1978; and

23 (e) in compliance with state laws
24 concerning prescription packaging, labeling and recordkeeping
25 requirements; and

.233042.2

1 (2) shall not otherwise dispense [~~dangerous~~
2 ~~drugs or~~] controlled substances.

3 [~~G.~~] H. A New Mexico licensed dental hygienist may
4 be certified:

5 (1) for collaborative dental hygiene practice
6 in accordance with the educational and experience criteria
7 established collaboratively by the committee and the board; and

8 (2) as a public health dental hygienist to
9 practice without supervision or collaborative agreement in
10 public health settings and in accordance with the educational
11 and experience criteria established by the committee.

12 [~~H.~~] I. An expanded-function dental auxiliary may
13 perform the following procedures under the direct supervision
14 of a dentist:

15 (1) placing and shaping direct restorations;

16 (2) taking final impressions, excluding those
17 for fixed or removable prosthetics involving multiple teeth;

18 (3) cementing indirect and provisional
19 restorations for temporary use;

20 (4) applying pit and fissure sealants without
21 mechanical alteration of the tooth;

22 (5) placing temporary and sedative restorative
23 material in hand-excavated carious lesions and unprepared tooth
24 fractures;

25 (6) removal of orthodontic bracket cement; and

1 (7) fitting and shaping of stainless steel
2 crowns to be cemented by a dentist.

3 [~~I.~~] J. An expanded-function dental auxiliary may
4 re-cement temporary or permanent crowns with temporary cement
5 under the general supervision of a dentist in a situation that
6 a dentist deems to be an emergency.

7 [~~J.~~] K. An expanded-function dental auxiliary may
8 perform other related functions for which the expanded-function
9 dental auxiliary meets the training and educational standards
10 established by the board and that are not expressly prohibited
11 by the board.

12 [~~K. For the purpose of this section, "collaborative~~
13 ~~dental hygiene practice" means the application of the science~~
14 ~~of the prevention and treatment of oral disease through the~~
15 ~~provision of educational, assessment, preventive, clinical and~~
16 ~~other therapeutic services as specified in Subsection B of this~~
17 ~~section in a cooperative working relationship with a consulting~~
18 ~~dentist, but without general supervision as set forth by the~~
19 ~~rules established and approved by both the board and the~~
20 ~~committee.]"~~

21 SECTION 3. Section 61-5A-5 NMSA 1978 (being Laws 1994,
22 Chapter 55, Section 5, as amended) is amended to read:
