- In the event that internet gaming is authorized within the State, the State and the Tribe agree that they will reopen good faith negotiations to evaluate the impact, if any, of internet gaming and consider adjustments to the Compact. The Compact states that the parties understand and agree that it is not possible to determine at this time what, if any, adjustments to the Compact would be necessary.

## Internet Gaming

- Pull-tab dispensers are considered games of chance and allowed under the New Mexico Bingo and Raffle Act. While similar in likeness to gaming machines, electronic pull-tab dispensing machines utilize video reels as entertainment and are required to dispense predetermined pull-tab games from such machines.

## Electronic Pull Tabs

- Sports betting is only limited to on-site wagering only at tribal casinos chosen to open sportsbooks. Otherwise, new Mexico law has not legalized either retail or online wagering elsewhere. Currently, there are only eight casinos that offer sports betting. In-state college teams are excluded from being wagered on, meaning that colleges located in New Mexico cannot be bet on.
