

AZTEC STRONGRRR

A Community
Beautification
Effort

AZTEC STRONGrrr

Mission:

To showcase who we were before, during and most importantly after tragedy. AHS Tigers and the Aztec Community rise from the ashes to cultivate a new culture which will give our students a better environment for education. We were #AztecStrong before, now we are Aztec Strongrrrr.

Overall Project & Theme

Each building at AHS could have a theme. We will have inspiration from our past, yet create a vision for a bright future. We want to create an environment of learning, as well as a safe, peaceful place to be.

We can have each class represent a building, Freshman, Sophomores, Juniors & Seniors. Then teachers and admin. They are responsible for that building, that theme. Themes can go along with what is taught in those buildings.

OR

Each building has it's own committee represented by students, teachers, alumni, parents, community members and business owners. They will pick themes and run with it.

Easy Steps, Big Outcomes

THE Office

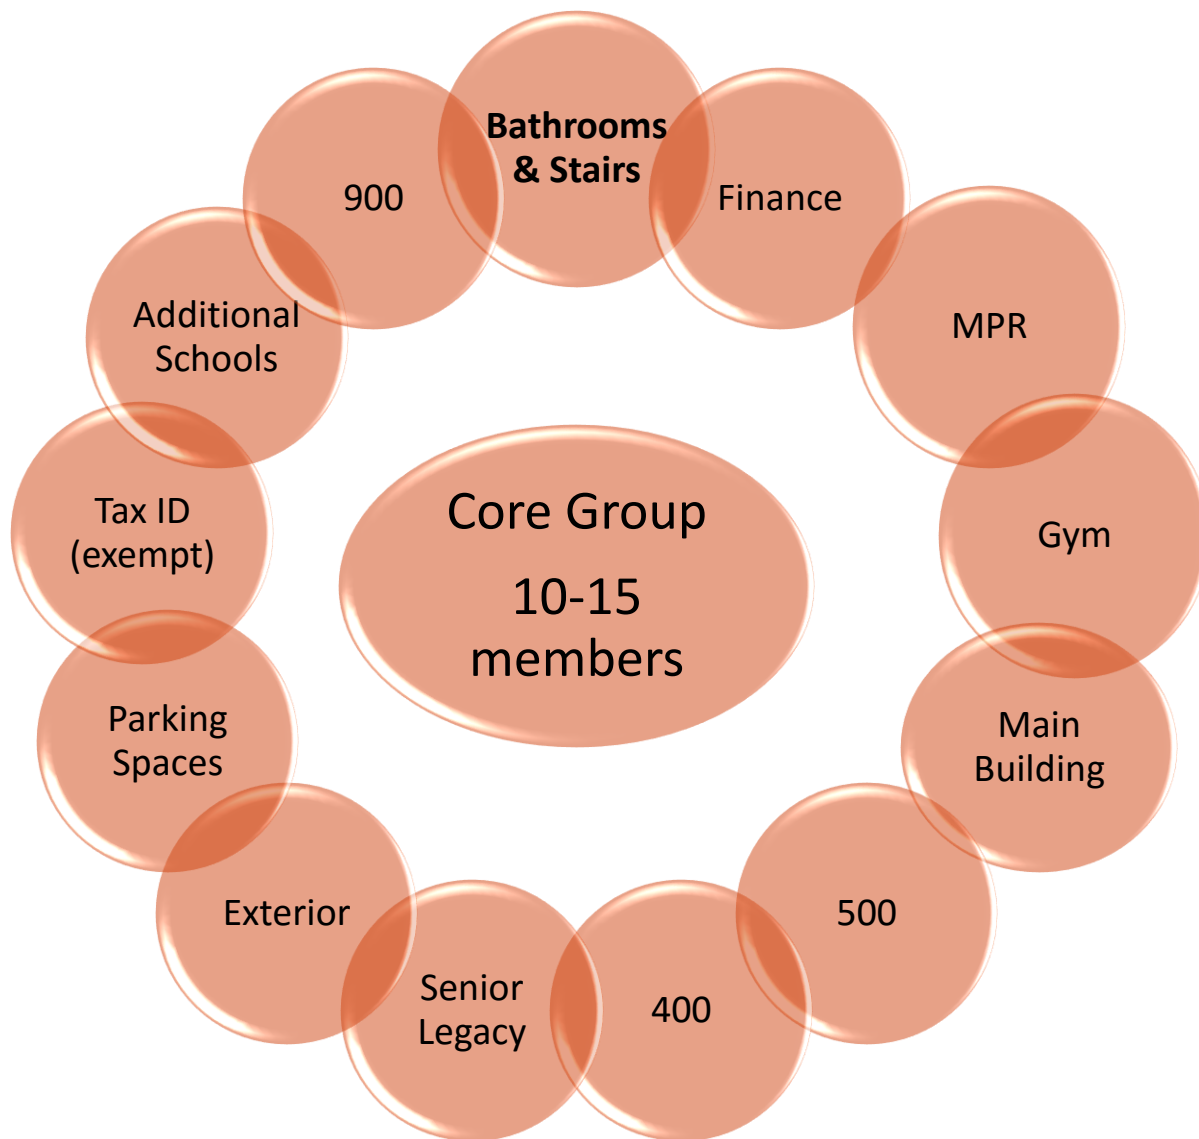

The Parking Lot

The Committee

We envision this committee being a living breathing ever changing collaboration of teachers, students, parents, alumni, community members, and business owners. We would like to form a core group of 10-15 members.

Sub Committee's

First Steps

Outreach to community & state key advisors

Form our core committee.

We have approval to start with vinyl's in the bathrooms and on the stairs in all buildings.

Rock Inspirations

Plan for each bathroom & each set of stairs

Donations of vinyl's

Application

Senior Legacy

Each year the senior class can vote on a project at the beginning of the year to be completed at the end of their senior year. Something to leave behind from their class.

- Picnic tables in the courtyard
- A Statue
- A Mural

The is only the Beginning!
