

# Clean Cars & Trucks Rule for New Mexico

Clean Transportation Fuel Standard Panel  
Transportation Infrastructure Revenue Subcommittee  
September 29, 2023

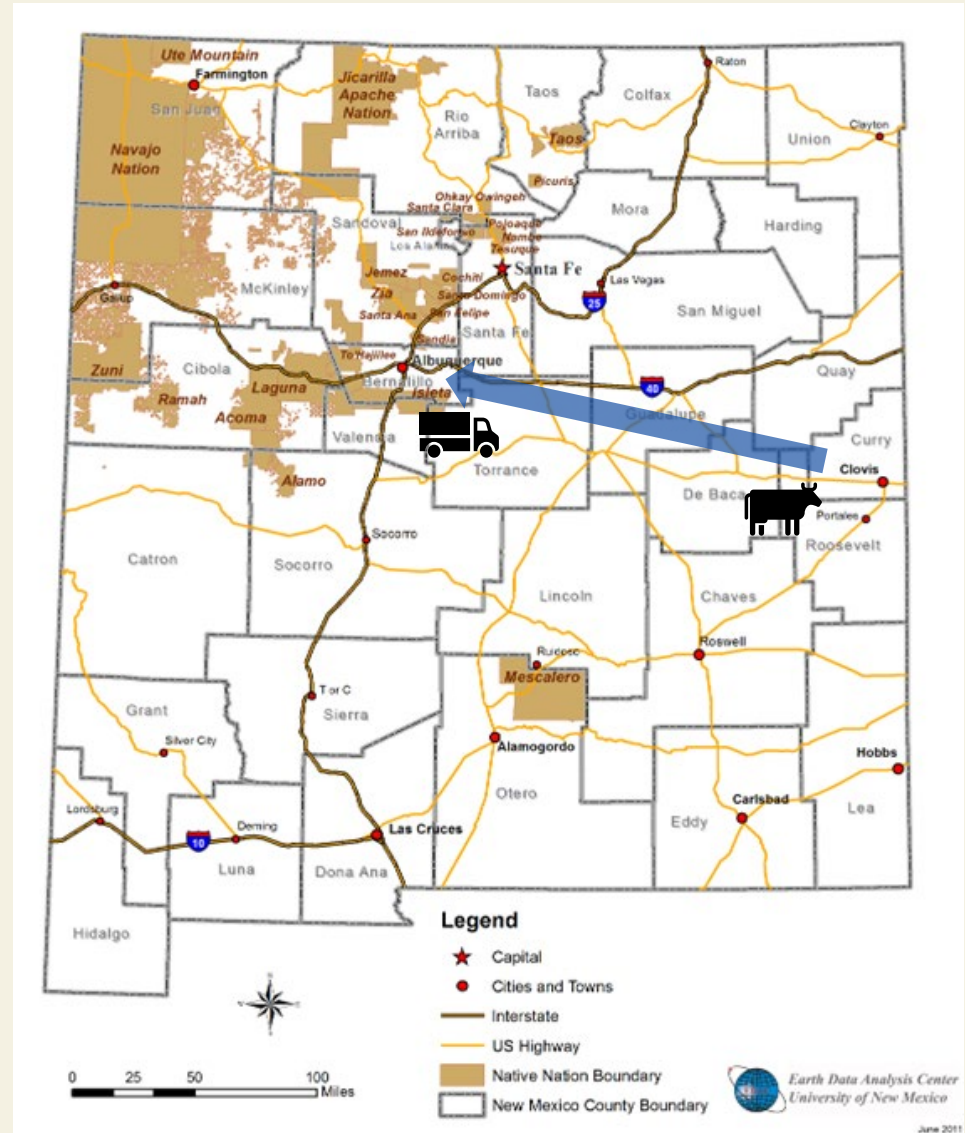

Michelle Miano, Director, Environmental Protection Division  
Claudia Borchert, Chief, Climate Change Bureau

New Mexico Environment Department

# Economic Opportunities

- Expand opportunities for existing New Mexico businesses with additional income streams
- Attract new low carbon fuel businesses
- Expand production of low carbon fuels for state use and export
- Win-win for agriculture
- Synergize with other low-carbon markets

# Opportunities to Increase Accessibility

More affordable electric cars and trucks

Additional electric vehicle charging stations

Revenue for clean school bus fleets

Revenue for local government clean public transit and fleets

Benefits to and investment in low-income areas
