Behavioral Health Investment
Zone

Behavioral Health Investment Zone FY17

2017 Highlights

- 1. Package Liquor Sales:** The City of Gallup was able to work with the governor and state legislators to pass a law that would allow the City and County to prohibit package liquor sales from 7:00 a.m. to 10:00 a.m.
- 2. SAMHSA Grant:** The BHIZ Core group was able to work together to submit a SAMHSA Grant for homelessness.
- 3. NCI Staff:** NCI added 3 counselors and 1 case manager
- 4. NCI Group Therapy:** NCI offers' relatives 2 various groups a day (stress reduction, substance abuse education, group therapy).
- 5. RMCHCS Expanded Services:** RMCHCS added the Next Step Program, GED and expanded to 40 beds and soon to 50.
- 6. Strategic Planning:** Funded and supported a strategic plan for the McKinley County-Gallup Behavioral Health Collaborative.

2017 Highlights Continued

7. **Data Base:** Purchased a data base for both NCI and RMCHCS programs. Agreements have been signed between agencies so clients can be tracked through each program by the Program Evaluator.
8. **RMCHCS Aftercare:** Case Management, aftercare and work rehab will be offered to individuals up to one year after completion of the inpatient residential services.
9. **NCI and GIMC Collaboration:** NCI has begun meetings with GIMC to potentially bring services to detox clients.
10. **Work Rehab:** RMCHCS has partnered with the Chamber of Commerce to create a job pool and work with local employers to hire clients out of the RTC.

Behavioral Health Collaborative Strategic Plan

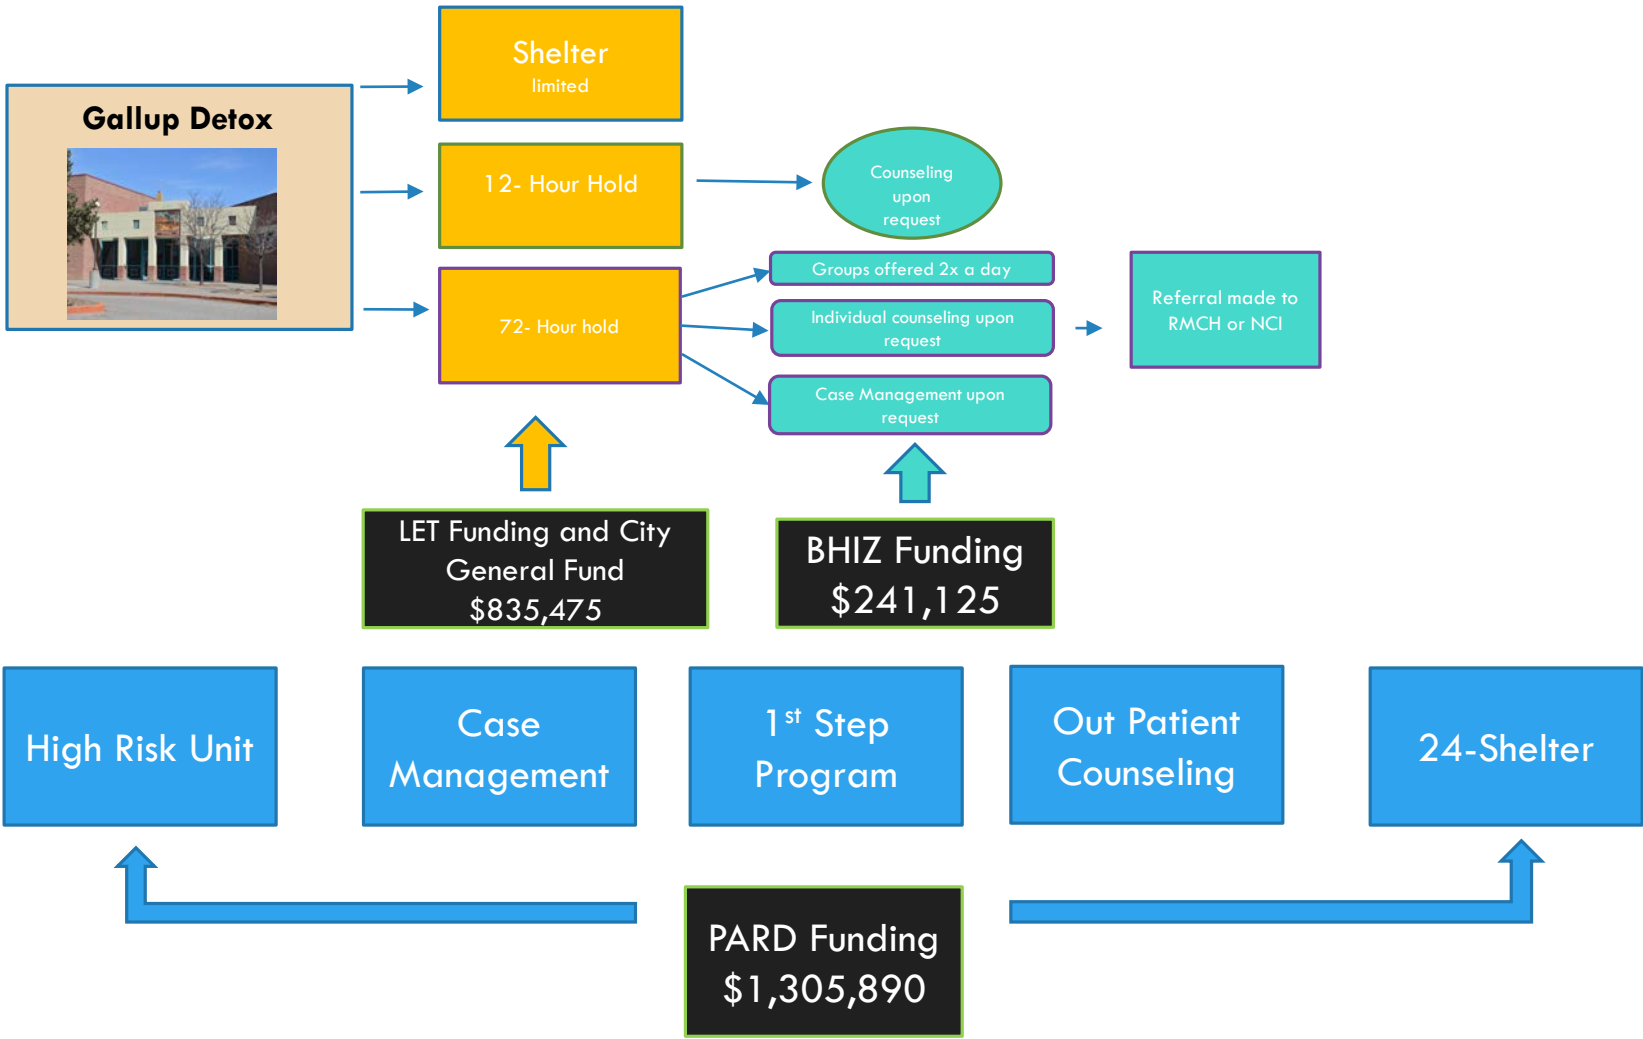

Groups identified needs

- Housing
- Prevention

2018 Accomplishments

- City of Gallup passed an ordinance to prohibit package liquor sales from 7:00 a.m. to 10:00 a.m. Ordinance was effective August 2017.
- City of Gallup encouraged McKinley County to mirror the City ordinance that prohibited package liquor sales from 7:00 a.m. to 10:00 a.m. Ordinance was effective January 2018
- Leveraged BHIZ resources to obtain the Indian Health Services Preventing Alcohol Related Deaths Grant. PARD Grant enhances treatment and shelter care services which will include a high risk unit, First Step Program, Outpatient Therapy and Case Management.
- RMCHCS has moved from 40 beds to 69 beds
- City of Gallup has offered free training to community providers such as Motivational Interviewing, Community Reinforcement and Family Training (CRAFT), Clinical Supervision and Clinical privileges.

NCI enhancements with PARD FUNDING

Preventing Alcohol Related Deaths Grant

The City of Gallup has expanded shelter capacity to open 24 hours a day to 60 beds- 36 for males and 24 for females. At the shelter, meals are provided and hygiene kits are distributed in addition to evaluation and stabilization. Additionally, the City of Gallup has contracted with the Gallup Police Department to provide transportation from GIMC Emergency Department to Na Nihzhoozhi Center Inc (NCI) in Gallup, New Mexico. NCI is a comprehensive treatment center that includes a high risk unit, a First Step Program, Outpatient Therapy and Case Management. The High Risk Unit is designed to provide medically complex patient triage, coordination with Gallup Indian Medical Center (GIMC) to ensure clients are keeping scheduled appointments, access to medications, medication schedule reminders, safe storage of medications, and transportation to scheduled appointments. The unit is fully staffed and accepting and treating patients. The First Step Program is a 90-day residential 12-step program. Outpatient Therapy services are provided by Certified Substance Abuse Counselors who co-construct treatment plans based on the 12 core functions. Case Management provides employment seeking skill development, resume writing, mock interviews and help with finding employment.
