ABOUT NMPSIA

The New Mexico Public Schools Insurance Authority (NMPSIA) was created by the NM Legislature in 1986 to serve as a purchasing agency for public school districts, post-secondary educational entities and charter schools. Through NMPSIA, member schools are afforded the opportunity to offer quality employee benefit and risk coverages.

Purpose of act. 22-29-2.

The purpose of the Public School Insurance Authority Act is to provide comprehensive core insurance programs, including reimbursement coverage for the costs of providing due process to students with disabilities, for all participating public schools, school board members, school board retirees and public school employees and retirees by expanding the pool of subscribers to maximize cost containment opportunities for required insurance coverage.

Authority created. 22-29-4

There is created the "public school insurance authority", which is established to provide for group health insurance, other risk-related coverage and due process reimbursement with the exception of the mandatory coverage provided by the risk management division on the effective date of the Public School Insurance Authority Act.

FY2023 Appropriation Request

Fund	FY22 Operating Budget	FY23 Appropriation Request	Percentage Difference FY22/FY23
Benefits	\$ 343,874,900	\$ 378,655,572	10.11%
Risk	\$ 83,080,400	\$ 96,307,672	15.92%
Program Support	\$ 1,419,900	\$ 1,456,533	2.58%
Agency Total	\$ 428,375,200	\$ 476,419,777	11.22%

- **NMPSIA's revenues are derived from other state funds.**
- **Employer funding for premiums is disbursed from the general fund through the state equalization guarantee appropriation to schools. Schools then pay insurance premiums to NMPSIA.**
- **For FY23, the impact to Public School Support is \$17.4 million to fund the employer share of premium increases.**
 - **The increase consists of:**
 - **\$14.1 million for Employee Benefits Premiums (average 63% employer contribution)**
 - **\$3.3 million for Risk Premiums**
 - **APS will receive 25% of the total appropriation increase due to the mechanism of the funding formula. This reduces the amount of any additional funding to NMPSIA participating schools.**

- Approximately 85% of NMPSIA members reside in rural communities outside of Albuquerque (lesser provider and hospital competition; higher costs to recruit and retain healthcare professionals). Providers attempt to make up for lower Medicare and Medicaid reimbursement rates.
- Total Medical Per Member Per Month (PMPM) decreased 6.5% when comparing calendar year 2019 to 2020 incurred claims.
- Emergency Room claims had the highest decrease at 13.9%, likely driven by COVID-19 reduction in overall utilization.
- Outpatient Hospital claims represent about more than 25% of the total medical allowed and saw a decrease of 6.5% from the prior period.
- Inpatient Hospital claims saw a significant decrease of 6.9% on a PMPM basis. This is driven by a decrease in Inpatient Admissions.
- Increases for ambulance costs drove the trend for All Others.
- Rx costs continue a steady increase; nearly 10% on a PMPM basis and is driven by costs of drugs utilized.

COVID-19

- In response to Governor Michelle Lujan Grisham’s March 11 declaration of a public health emergency, Superintendent of Insurance Russell Toal issued an emergency rule prohibiting health insurers from imposing cost sharing, including copays, coinsurance and deductibles, for testing and health care services related to COVID-19. The rule also covers pneumonia, influenza, or any disease or condition that is the subject of a public health emergency.
 - Emergency rule does not apply to self-insured governmental insurance pools.
 - NMPSIA and the Interagency Benefits Advisory Committee (NM Retiree Healthcare Authority, General Services, Albuquerque Public Schools) opted in to cover the cost of testing and treatment for COVID-19 at no cost-sharing to the member.

Plan Design Changes Effective 1/1/22

Benefit Reductions

- Moderate increase to the Low Option Medical OOPM (relative to High Option)
- Increase Ambulance copay to the level of Specialist (\$50 on High where this is current just \$30)

Benefit Enhancements

- Reduce the Rx OOPM for all plans by \$100 (from \$3,100 currently to \$3,000)
- Reduce the PCP Copay by \$5 on High and Low Options (to \$25 and \$30 respectively)
- Change the ER cost-sharing to a flat copay at a moderate level – Waive the deductible on the High, but make ER subject to deductible on Low Option – Goal is to create a clear difference to other sites of care without being overly punitive
- Change IP and OP Surgery to coinsurance only
