

# Artesia High School- Career Centers

Design Development Meeting #1 – 07.19.2022

Where we are...

February 2022

July 2022

BUILDING - 1, 2, 3

BUILDING - 1

# **Design Committee Goals**

1. Support and Connection – Community, Students, Teachers, & Industry.
2. Create spaces that allow each CTE program to expand and customize to their needs.
3. Add new CTE program options to the students.
4. Highlight the school's value that a trades career path is equal to a college/university path.
5. Provide an immediate impact on the local skilled labor force.
6. Offer “real-life” experiences, environments, and equipment.
7. Provide the ability to offer certification programs in the future.
