**SAN JUAN COLLEGE**  
Success Matters

# Five Strategic Directions 2022-2027

Increase educational access and attainment through robust K-12, college/university and employer partnerships that prepare students for existing and future workforce and industry needs.

Develop initiatives that help students earn short term credentials, document hard and soft skills, and gain valuable work experiences.

Create engaging, challenging, and well supported learning experiences that provide all students opportunities to achieve goals and experience success.

Advance an equitable, diverse and inclusive environment for students, employees, and our community to promote a healthy and thriving college.

Continue to invest in human, financial, technological, and physical capital to advance student success.
