Building safer connections and regional mobility

TRANSPORTATION PROJECT FUND (TPF)

$9.88M

Grant funding across four TPF records

NE / SE Connector Roads	**$6.84M grant funding**	3.96 miles of new roadway; bike lanes, multi-use trails, six intersections and drainage improvements.
Avenida del Sur	**$1.90M grant funding**	New roadway segment and upgrades to the existing corridor from A Van Nu Po to NM 14.
Los Pinos Road Bridge	**$1.14M grant funding**	Six-cell box culvert, roadway reconstruction, barriers, riprap and related improvements.

These projects strengthen north–south/east–west connectivity and improve access for motorists, pedestrians and cyclists.

Near-term delivery priorities and legislative perspective

ITEMS AWAITING NMDOT EXECUTION

6

Three LGRF pavement projects and three capital-outlay items are marked “Waiting on NMDOT.”

CURRENT LGRF PIPELINE

$0.49M

Three listed pavement projects; combined County match of $162,131.

REVERSION DATES

2026–2030

Funding schedules vary by grant; monitor milestones and closeout requirements.

KEY IMPLEMENTATION FOCUS

- Advance agreements and execution with NMDOT so project schedules remain achievable.
- Coordinate design, permitting, procurement and construction readiness before field mobilization.
- Prioritize pavement preservation and drainage/crossing needs to protect the County network.
- Track grant deadlines, reversion dates, match commitments and project delivery status.

Legislative partnership helps convert grant appropriations into safer roads, reliable access and long-term infrastructure value for County residents.
