

Without the Governor's recommendation of \$1 million recurring and \$1 million in special appropriations, funding for sexual assault services will be cut by \$2 million.

More than half of New Mexicans report experiencing sexual violence in their lifetime.

49% of survivors indicate that the assault led to significant problems with their job, schoolwork, boss, coworkers, or peers.

THAT'S OVER 1.1 MILLION NEW MEXICANS

Yet 2/3 have not received any type of professional help

Funding Sexual is a Smart Investment!
With the state's support for sexual assault services:

FY2023

4,634

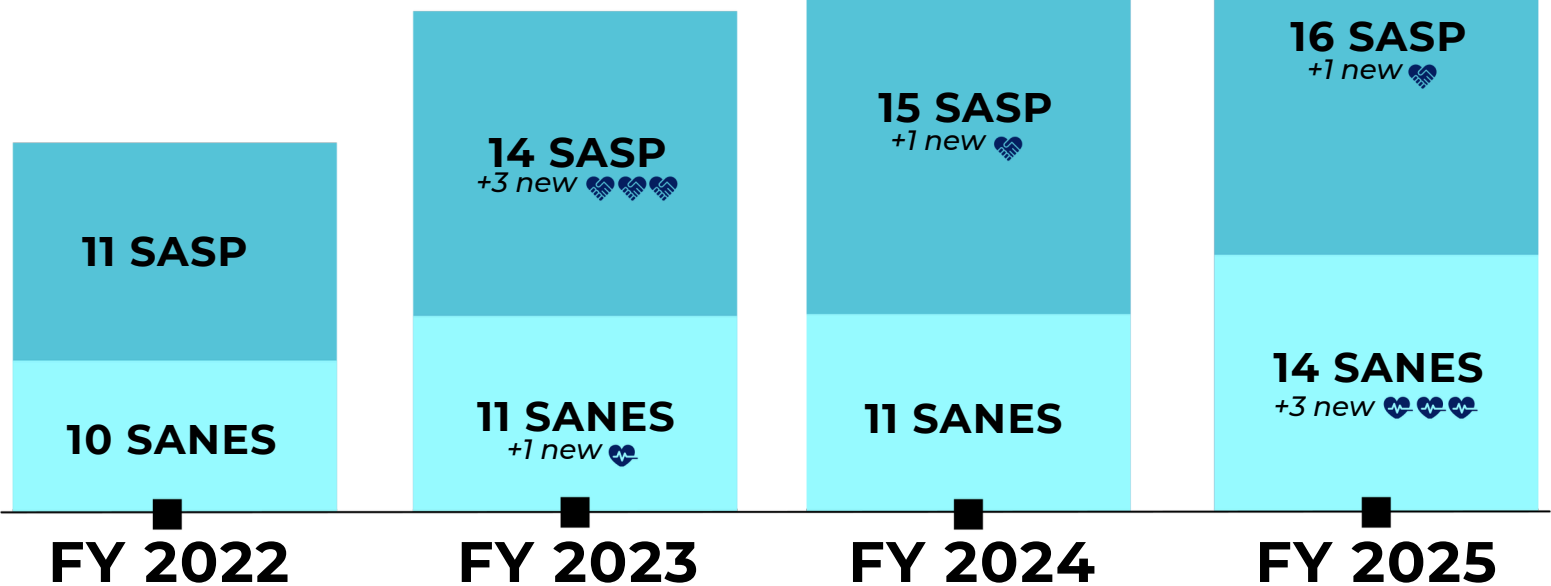

5,942

FY2025
