New Mexico State Parks Economic Impact and Contribution Analysis FY 2019-2024

Arrowhead Center at New Mexico State University prepared an analysis of the economic and social benefits of New Mexico State Parks for fiscal years 2019-2024. The purpose of this analysis is to estimate the benefits of New Mexico State Park's operations, associated visitor spending, and social benefits in New Mexico for fiscal years 2019-2024.

Purpose

- Arrowhead Center at New Mexico State University prepared an analysis of the economic and social benefits of New Mexico State Parks for fiscal years 2019-2024.
- The purpose of this analysis was to estimate the benefits of New Mexico State Parks' expenditures, associated visitor spending, and social benefits in New Mexico for fiscal years 2019-2024.

Summary

- In all years studied, economic contributions from New Mexico State Parks were significantly higher than State Park expenditures due to the follow-on effects resulting from visitor spending.
- New Mexico State Parks also delivered significant nonmarket benefits through recreation and conservation uses.

Summary

- ★ In 2024, economic activity associated with New Mexico State Parks:
 - Supported 5,120 total jobs in New Mexico
 - Contributed \$266 million to state GDP
 - \$511 million in revenue to businesses in New Mexico
 - \$162 million in labor income
 - \$40 million in state and local taxes in New Mexico

Land and Water Conservation Fund (LWCF)

Established in 1964, LWCF is a federal funding program that supports outdoor recreation, land conservation, and public access to nature.

Goals:

- Expand parks, trails, and recreation facilities
- Protect natural and cultural landscapes
- Promote equitable access to outdoor spaces
- Support local, state, and tribal projects through pass-through grants

New Mexico's Role: State Parks Division serves as the designated agency to market the program, manage applications, and coordinate with federal partners.

LWCF Funding Mechanism

Funding Source:

- Permanently funded through federal offshore oil and gas leasing revenues
- No taxpayer dollars used

How Funds Are Distributed:

- Stateside Program includes:
 - Formula Grants based on state population
 - Outdoor Recreation Legacy Partnership (ORLP) for underserved urban areas
 - States must maintain a Statewide Comprehensive Outdoor Recreation Plan (SCORP) to remain eligible

How Communities Access Funds:

- Municipalities, tribal governments, and state subdivisions apply through New Mexico State Parks
- State Parks develops the SCORP, sets annual application and scoring processes, and works with NPS and other states
- New Mexico's LWCF team includes:
 - State Liaison Officer: Ben Shelton, EMNRD Deputy Cabinet Secretary
 - Alternate SLOs: Robert Stokes and Nav Khalsa

NM's Annual Apportionments from NPS

Every year, each state and territory receives notice of apportionment from the NPS-LWCF to use for project awards over three federal fiscal year cycles

For the last five years, New Mexico has been allocated:

- 2021: \$3,328,933
- 2022: \$3,057,906
- 2023: \$3,193,100
- 2024: \$3,510,000
- 2025: \$4,650,000

Total: \$17,739,939 Average: \$3,547,987 per year

Since 2021, we've reallocated through Formula grant awards:

- \$5,926,620 (\$1,708,336 for three State Park projects and \$4,218,284 for thirteen community projects, with more pending NPS approval)

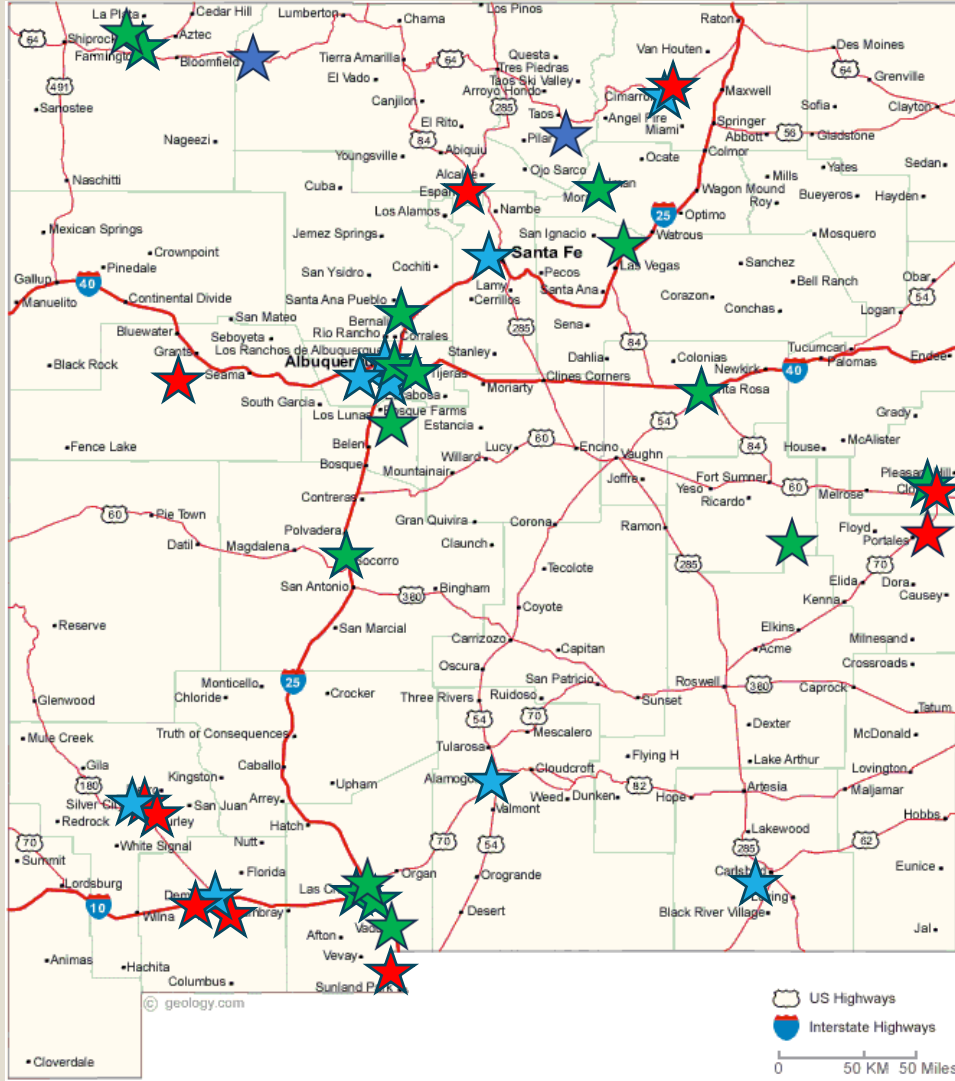

For the 2021-2025 application periods, we've received:

- 2021: 13 Formula applications (two were from Pueblos), 1 ORLP (selected and funded by the NPS)
- 2022: 14 Formula applications
- 2023: 5 Formula applications
- 2024: 7 Formula applications (3 from the Town of Taos), 2 ORLP (one selected by NPS); awaiting reviews by NPS for funding
- **2025: Application period open from August 8, 2025, through January 6, 2026**

2021-Present Formula and ORLP application locations

2021: 13 Formula, 1 ORLP
 2022: 14 Formula
 2023: 5 Formula
 2024: 7 Formula, 2 ORLP
