

Binational Commissions New Mexico Chihuahua & Sonora & Border Governors Conference

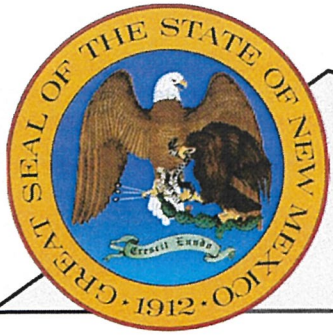

State of New Mexico

Commission History

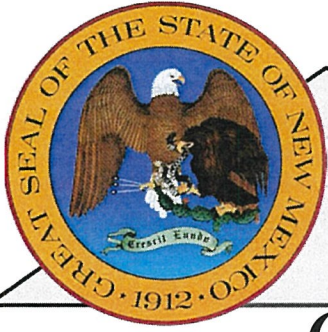

- Under the state's mandate to increase trade with the Republic of Mexico the New Mexico Legislature and Governor Bill Richardson established the New Mexico Chihuahua Commission Act in 2003 and the New Mexico Sonora Commission Act in 2009
- The purpose of the commission is to:
 - Establish a network/framework between both states
 - Develop mutually beneficial programs to resolve challenges along our common border
 - Open and institutionalize lines of communications between the public and private sector in both states
 - Maximize opportunities in the areas of Agriculture & Livestock, Border Crossing & Infrastructure, Education, Health, Public Safety, Trade & Industrial Promotion, Tourism and Water & Environment

Border Governors Conference Conferencia de Gobernadores Fronterizos

The Border Governor's Conference is an annual gathering established in 1980 to bring together border Governors of the four US and six Mexican states to discuss common border issues and opportunities

Financial Costs and Migrant Issues are some of the reasons for not convening

Last held conference was when New Mexico hosted the

30th Border Governor's Conference

October 5, 2012

Albuquerque
