Why Attendance?

Attendance is one of three key predictors of falling off track to graduation.

- Attendance: <85-90% school attendance
- Behavior: "unsatisfactory" behavior mark in at least one class
- Course Performance: A final grade of "F" in Math and/or English or Credit-Bearing HS Course

Truancy and Chronic Absence

Truancy Vs. Chronic Absence

TRUANCY

- •Counts only unexcused absences
- Emphasizes compliance with school rules
- Relies on legal & administrative solutions

Vs.

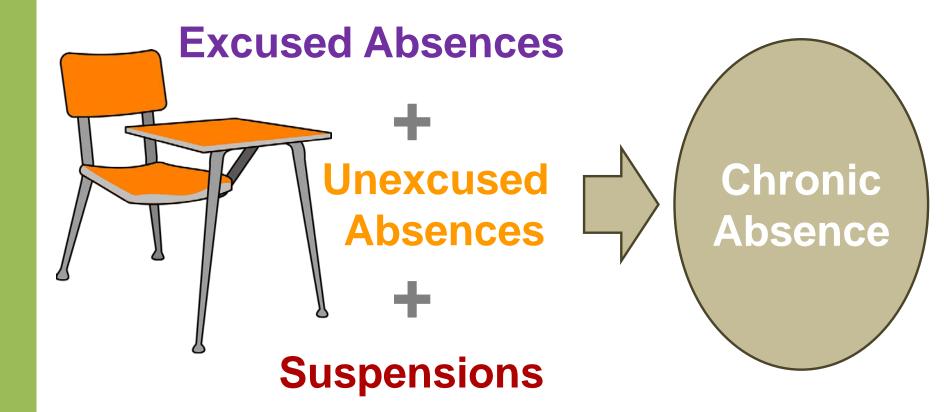

CHRONIC ABSENCE

- Counts all absences:excused, unexcused &suspensions
- Emphasizes academic impact of missed days
- Uses community-based, positive strategies

Chronic Absence Means Missing School For Any Reason

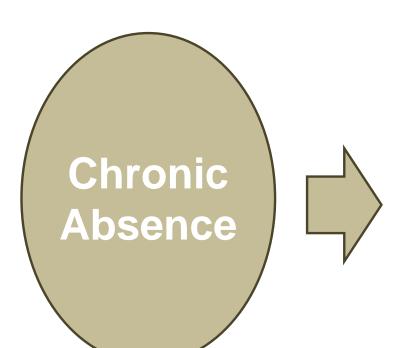

Research Shows that Chronic Absence is Associated with Lower Academic Outcomes

Less likely to:

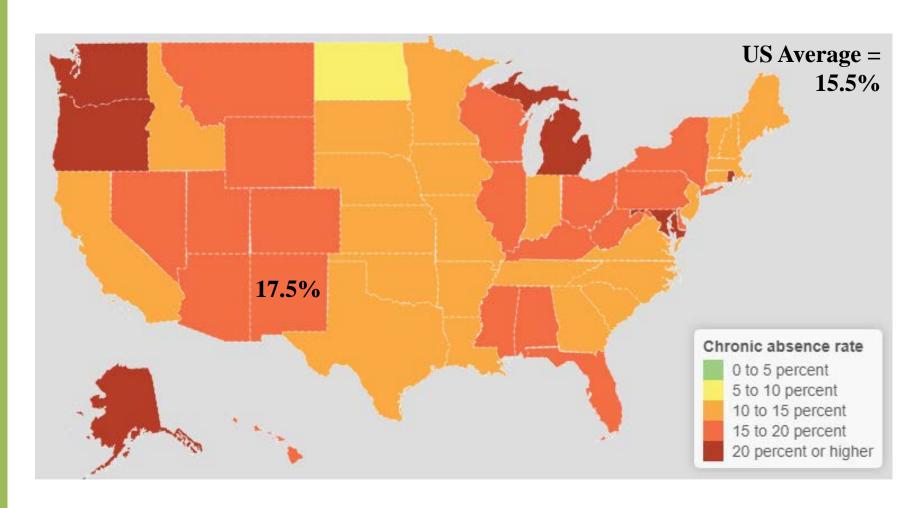

- Build good attendance habits
- Read by third grade
- Stay in school
- Graduate from high school

What Can We Do About It?

The Causes Of Poor Attendance Are Complex

- Low Academic Performance
- Low Educational Aspirations
- Boredom with School
- Drug Use
- Pregnancy
- Health-related problems

- Lack of Caring Adults
- Bullying
- Lack of
 Participation in
 School Sports &
 Activities

- Weak Policies on Truancy
- Institutional Racism and Discrimination
- Class Size and School Size
- Transportation Issues
- Family Economics

What is chronic absence and truancy?

School-Based Approaches

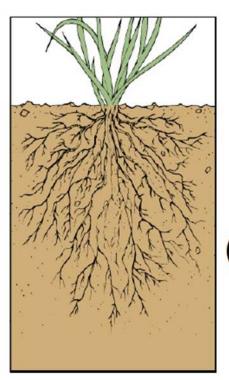

- Use data to identify root causes and create targeted solutions.
- Adopt a three-tiered intervention approach.
 - Universal prevention
 - Early intervention
 - Specialized support
- Engage students, families, school teachers & staff, and community partners to jointly determine causes and implement solutions.

Identifying Root Causes

Symptom (obvious)

Cause (not so obvious)

Attendance Teams

- Should be action-oriented
- Use data to understand which sub-populations of students are most affected and what are trends over time
- Identify and mobilize school and community resources to address identified needs

Mission: Graduate Every Day Matters Attendance Conference

Every Day Matters Attendance Conference 2018

Highlights

- Largest number of participants to date with 375 attendees, representing 59 schools and 11 school districts from across the state.
- 82% of participants reported that they left the conference with useful tools or resources, new information, and a clear action plan
- 76% of participants demonstrated knowledge of the researchbased definition of chronic absenteeism.
- 89% of participants had concrete ideas of next steps with their attendance team

Recommendations

Recommendations from the Mission: Graduate High School Graduation Network

Update Compulsory School Attendance Law

- Focus on prevention
- Adopt the research-informed definition of chronic absence
- Provide resources for data system improvement
- Promote data-informed interventions utilizing a tiered improvement system

Champion Promising School-Level Strategies

- Help schools collect actionable data
- Support positive messaging and family engagement
- Expand engaging educational programs (in school and out of school)
- Expand support services that address student needs
- Promote effective & consistent discipline practices

Demonstrate a Commitment to Equity, Diversity, & Inclusion
