

WHAT MAKES CISNM DIFFERENT?

We meet students and their families where they are—in school—through individualized case management, data-driven support, and a focus on the whole family, including family engagement initiatives like the Family Institute and Family Emergency Fund.

ONE-ON-ONE CASE MANAGEMENT IN SCHOOLS

20 skilled Student Success Facilitators are embedded in schools, providing case management and tailoring support to each student's unique needs in collaboration with school administrators, wellness teams, and teachers.

WE USE DATA TO GUIDE AND IMPROVE OUR WORK

We use student-level data to identify needs, monitor progress, and evaluate outcomes. This helps us tailor services, understand what's working, and make informed decisions to better support students and families.

WE ENGAGE THE WHOLE FAMILY

A student's success doesn't stop at the school doors. We work alongside families and caregivers, connecting them to resources, building relationships, and strengthening the network of support around each student.

Communities In Schools surrounds students with a community of support, empowering them to stay in school and achieve in life.

OUR IMPACT AT A GLANCE

Communities In Schools New Mexico

Being Present Matters

CISNM brings individualized and school-wide support directly into schools, addressing the academic, social-emotional, and basic needs that can stand in the way of student success. Using data to guide our work and engaging families as partners, we help create a stronger network of support around every student. The data shown reflects five years of cumulative CISNM impact.

$402,864
Family Emergency Fund Assistance

2026-2027 LEGISLATIVE FUNDING REQUEST

What's at Risk?

- Potential loss of 4 Student Success Facilitators would reduce individualized support for approximately 140 students and limit schoolwide services, including food distribution, student groups, and family engagement.
- Growing need, students not graduating, and families requiring additional support.

$500,000
Protect services in our current 14 Title I schools, surrounding students with relationships and resrouces they need to thrive.

$250,000
Expand our reach to two additional schools, reaching more students and families in need and deepening our impact in the communities we currently serve.

Total Investment Requested: **$750,000**
