INTRODUCTION

- Pursuant to Laws of 2018 Chapter 73, HB-2, the State of New Mexico Legislature appropriated to the Indian Affairs Department (“IAD”) \$249,300 from the State Tobacco Settlement Program Fund.
- The \$249,300 appropriation was to be expended in FY 2019 for IAD’s Tobacco Cessation and Prevention Programs (“TCPP”) in Native American communities throughout the State.

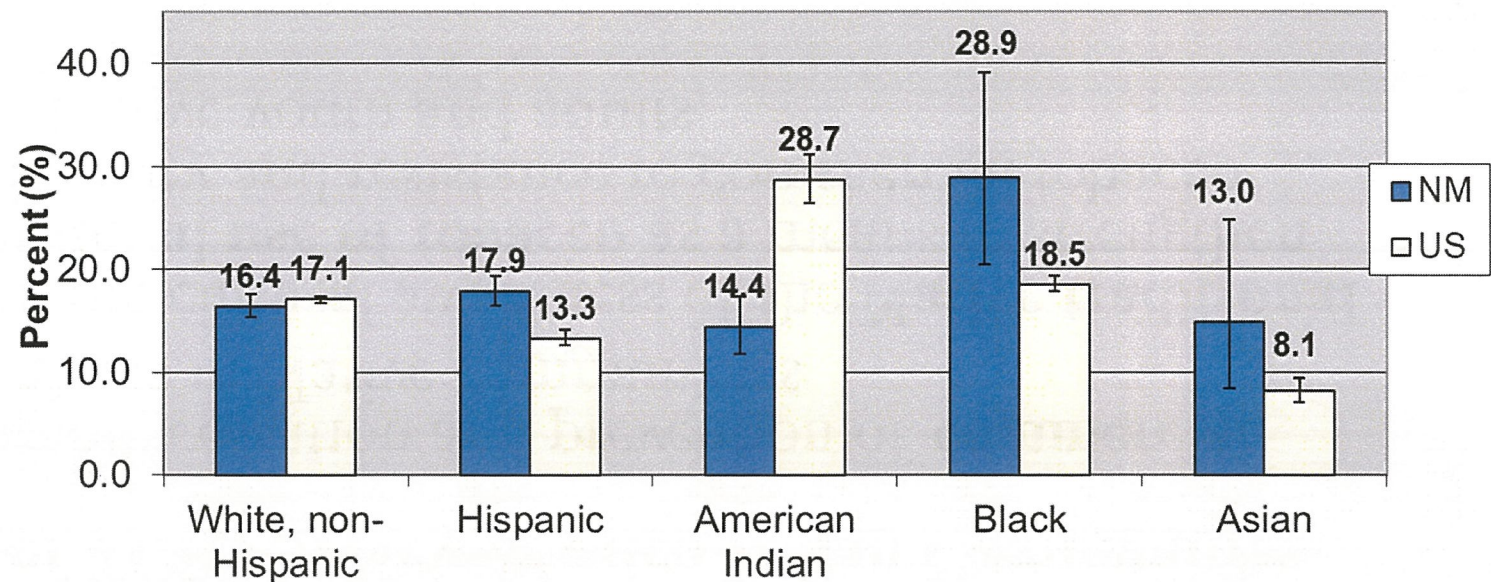

New Mexico Indian Affairs Department

Purpose of TCPP in New Mexico Indian Communities

- 1) to promote cessation and prevention of **commercial tobacco abuse** in Native communities
- 2) to promote cultural awareness of the **Native traditional and ceremonial use of tobacco** as a means to strengthen cultural identity and resistance to commercial tobacco abuse for Native youth and adults.

Current Cigarette Smoking by Race/Ethnicity, NM(2015-2017) and US(2017) for all ages

■ Current smoking among Hispanics was *higher* in NM than in the US.

■ Current smoking among American Indians was *lower* in NM than in the US

Sources: NM Data from 2015-2017 BRFSS; US Data from National Center for Chronic Disease Prevention and Health Promotion, Division of Population Health.

Current Cigarette Smoking Rates across the Lifespan in NM, all Race/Ethnicities

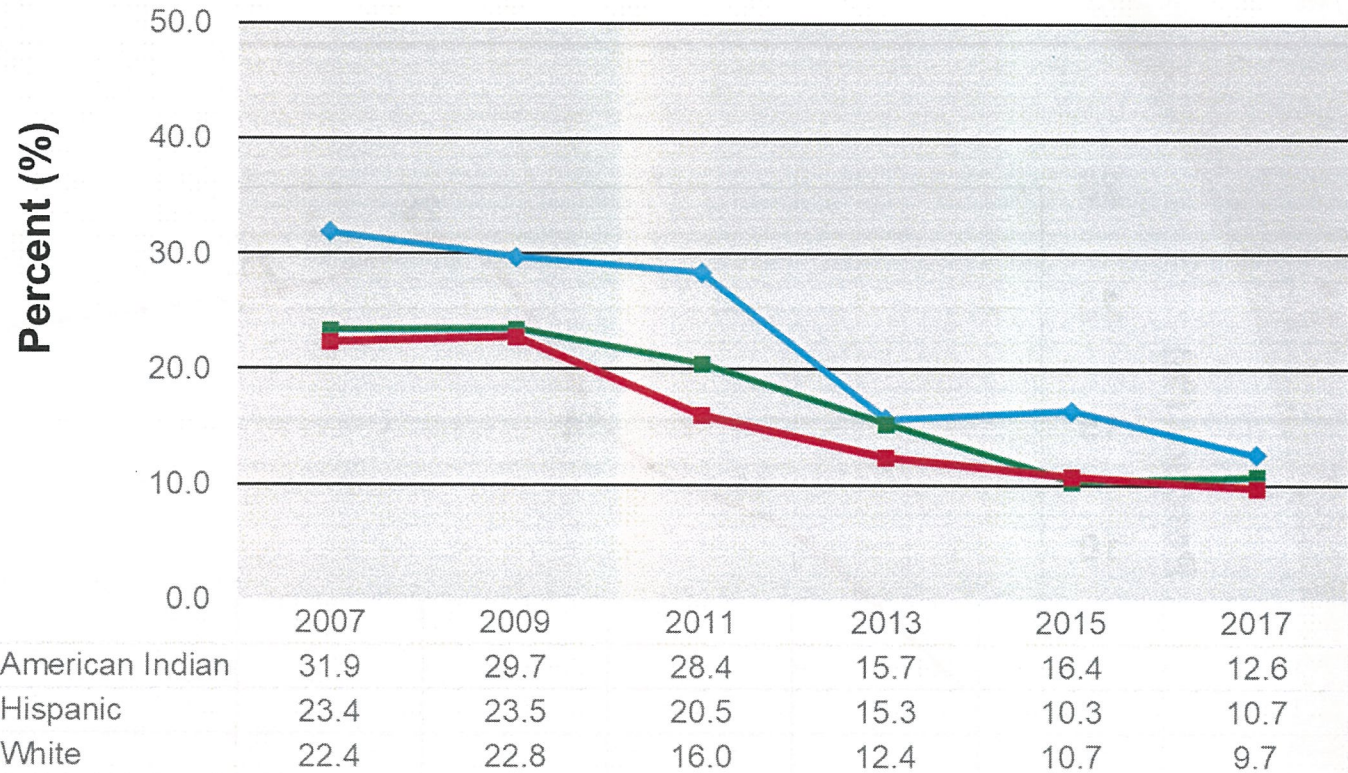

Source: 2017 Youth Risk and Resiliency Survey (YRRS) for grades 6-8 and 9-12. NM Department of Health and Public Education Department; 2017 Behavioral Risk Factor Surveillance Survey (BRFSS)

Current Cigarette Smoking by Race/Ethnicity and Year, Youth Grades 9-12, NM

■ Cigarette smoking rates decreased for all race/ethnicity groups from 2007-2017.

■ The cigarette smoking rate decreased most rapidly for American Indians.

■ In 2017, there were no statistically significant differences by race/ethnicity.

Pueblo of Acoma Commercial Tobacco Smoke Free Environment Proclamation

Proclamation for the Control and Elimination of all Commercial Tobacco and Electronic Cigarette Use in Tribal Building(s), Community Center, Work Place, Enclosed Public Places, Tribal Vehicles, Schools, Daycares, Recreational Area(s), Tribal Housing and Outdoor Tribal Program Events.

WHEREAS, The Pueblo of Acoma is a sovereign nation;

WHEREAS, Commercial Tobacco use is the leading cause of preventable death and disease. Native American's suffer an increased rate of serious health consequences, such as heart disease, cancer, high blood pressure, and heart attacks;

WHEREAS, Secondhand Commercial Tobacco smoke exposure is a leading cause of preventable death and causes various diseases to a healthy nonsmoker, such as heart disease, stroke, respiratory disease, cancer, and sudden infant death syndrome (SIDS);

WHEREAS, It has been determined by the U.S. Surgeon General that there is no safe level of exposure of secondhand smoke even when air ventilation systems are present. Only completely smoke free environments can protect health;

WHEREAS, A significant amount of secondhand smoke exposure for Native American adults and children occurs in the workplace and even short exposures may result in serious adverse health effects and including death;

WHEREAS, Smokeless tobacco poses many health risks, including increased risk for oral, esophageal, pancreatic, and laryngeal cancers, kidney disease, heart disease and stroke;

WHEREAS, Adolescents who use smokeless tobacco and Electronic Cigarettes are more likely to become cigarette smokers;

WHEREAS, Electronic Cigarettes or any vapor products are not a harmless alternative to Commercial Tobacco Cigarettes and are not FDA approved cessation devices;

WHEREAS, It has been determined by the U.S. Surgeon General that Electronic Cigarettes contain heavy metals and chemicals linked to serious lung disease;

WHEREAS, It has been determined by the U.S. Surgeon General that using an Electronic Cigarette puts youth and young adults at risk for long-term lasting effects on the brain development including nicotine addiction, mood disorders, and permanent lowering of impulse control;

Program Changes

- IAD collected feedback from previous grantees and has moved the grant award process from the month of November to August to allow grantees more time to implement their programs.
- IAD implemented a budget adjustment request process so grantees can reallocate funds between categories to ensure all funds are spent.
- IAD will conduct site visits to ensure project compliance.
- IAD implemented new grant kick off and close off meetings.
