General Services Department

Operations of the General Services Department (GSD) continue to be affected by the Covid-19 pandemic, from volatility in health insurance claims payments to the ability of the agency to conduct scheduled preventative maintenance at state facilities. Overall, the department reports healthy fund balances in the risk programs and notes health care costs fell in the third quarter, improving the financial position of the health benefits fund. However, as Covid cases decline and restrictions are eased, the department will be challenged to contain costs. To this end, a number of new measures will be added for the Group Health Benefits Program, including nationally benchmarked measures comparable across public and private health plans. Improved performance reporting in the health benefits program is vital as it will provide insight into cost drivers, care quality, and employee satisfaction with the benefit offered.

Risk Management

GSD reports the three largest risk funds have a combined balance of \$120.6 million and liabilities of \$121.6 million for a total funded ratio of 99 percent, up from 46 percent in FY16. Since the fourth quarter of FY20, projected losses of the public liability fund fell by \$11.2 million while liabilities of the public property and workers' compensation funds increased by \$608 thousand and \$780 thousand, respectively.

Group Health Benefits

The department reports that, relative to the second quarter of FY21, PMPM costs are down 17 percent. The dramatic reduction comes after two quarters that saw significant increases. However, when compared to the pre-pandemic third quarter of FY20, costs are only up by 1.5 percent while utilization is up by 2.7 percent. This suggests that medical plan costs are normalizing following disruptions brought on by the Covid pandemic. Appointments at the stay well health center are far below capacity, likely as a result of telework options for state employees.

Facilities Management

The Facilities Management Division (FMD) is responsible for maintaining 2.4 million square feet of state-owned space and 2.1 million square feet of leased space. FMD is responsible for master planning functions to ensure agencies have the space required to fulfil their missions while maximizing the efficient use of state facilities. FMD is attempting to reduce the state's facility footprint, reflecting a smaller workforce. Additionally, GSD is working to move employees from leased space to state-owned facilities and reduce occupied square footage to account for telework. Efforts to consolidate state agencies and reduce leased space have been hampered by uncertainty about the future space needs of the state workforce and the lack of a statewide telework policy.

FMD reports only 32 percent of scheduled preventive maintenance activities were completed on time as Covid-19 restrictions reduced staff ability to complete work. There were five new leases entered into in the third quarter, one of which was exempted from the space standard. The other four met the 215 square foot per FTE space standard.

PERFORMANCE REPORT CARD

General Services Department Third Quarter, Fiscal Year 2021

State Purchasing

The program reports the contract review took 3 days on average, down from 20 days in the first quarter and less than the target of 5 days. Of the 75 executive agencies, 73 had a procurement officer in the third quarter.

| Budget: \$2,461.1 | FTE: 28 | FY19 Actual | FY20 Actual | FY21 Target | FY21 Q1 | FY21 Q2 | FY21 Q3 | Rating |

Transportation Services

Of the 1,928 vehicles in the GSD fleet, 355 were used over 750 miles per month and 135 were used daily. The third quarter result for vehicle use is yellow because, while it was well below target, it was impacted by factors outside of the agency's control.

| Budget: \$9,590.6 | FTE: 33 | FY19 Actual | FY20 Actual | FY21 Target | FY21 Q1 | FY21 Q2 | FY21 Q3 | Rating |

| Vehicles used 750 miles | per month | 65% | 56% | 70% | 26% | 24% | 26% | Y |
| Program Rating | | G | Y | | | | | Y |

State Printing

The State Printing Program continues to be adversely affected by the Covid-19 pandemic. For the third quarter, the program reports a 38 percent reduction in revenue compared to FY19, the last year there was a 60-day legislative session. The program generally orders materials in the first two quarters of the fiscal year and then invoices for printing in quarters three and four. However, orders have fallen as employees work remotely and printing for the legislative session was diminished.

| Budget: \$2,030.3 | FTE: 9 | FY19 Actual | FY20 Actual | FY21 Target | FY21 Q1 | FY21 Q2 | FY21 Q3 | Rating |
