Highlights of Select Projects - No Activity

Aging & Long-Term Care Services Department/Bernalillo County

• \$1 million (STB) originally appropriated in 2010 and reauthorized in 2014 for Atrisco Community adult day care and respite facility remains unexpended. Board of Finance approved change of purpose, but grant agreement is not executed and no progress reported.

Economic Development Department

• \$5 million appropriated in 2014 unexpended. The department indicates projects are under evaluation and funds will be budgeted in FY16.

Southwest Indian Polytechnic Institute

• \$660,342 (GOB) for infrastructure and security enhancements appropriated in 2012 and 2013 remains unexpended. The school requested a change of purpose, but GOB cannot be reauthorized. The Indian Affairs Department and Department of Finance and Administration are working on grant agreement and audit compliance issues.

Highlights of Projects - Slow or Little Progress

Department of Finance & Administration, Local Government Division/Chaves County

• Of \$2 million (STB) originally appropriated in 2011 and reauthorized in 2012 for dormitory facilities for at-risk youth program in Roswell, nearly \$1.7 remains unexpended; project in design phase.

Department of Homeland Security

- \$1 million (STB) appropriated in 2014 to match federal funds for natural hazard mitigation is unexpended. The department did not provide an update for this quarter.
- Of \$4.5 million (GF) originally appropriated in 2008 and reauthorized in 2013 and again in 2015 to address flood damage in Lincoln and Otero Counties, nearly \$3.3 million remains unexpended. The department did not provide an update for this quarter.

General Services Department

• \$4.3 million (STB) appropriated in 2013 for demolition of old Ft. Bayard remains unexpended while project continues in the design phase.

2014 Water Initiative Status (Attachment A)

- \$83.4 million was authorized for water projects statewide in the 2014 capital outlay bill.
- 90 percent of the funds, \$74.8 million, remain unexpended.
- Of the 189 water projects funded, only 10 have been completed

Authorized but Unissued Status (Attachment B)

- Following the September 29th bond sale, 102 projects totaling \$18.6 million were authorized but remain unissued.
- 11 projects appropriated in 2013 totaling nearly \$1.7 million were not certified within two years, funds were reverted.
- 32 entities in 15 counties are not compliant with Executive Order 2013-006 resulting in 33 projects totaling approximately \$1.7 million being "ineligible" for bond issuance. The majority of projects are for water systems (9) and acequias (10).

2014 Water Initiative Status Update First Quarter, Fiscal Year 2016

Water was the primary focus of the 2014 capital outlay bill, with \$86.2 million appropriated for 200 storage, delivery, and treatment projects. This partial investment targeted over \$1 billion in water infrastructure improvement needs statewide. However, \$83.4 million of these appropriations is available for 189 projects because \$2.3 million was appropriated for two fund transfers and bonds were not sold for nine projects totaling \$486 thousand. Three-fifths of this funding is dedicated to projects which are inactive, meaning not a single penny has been expended. Additionally, \$74.8 million, or 90 percent, is unspent. All of the projects for which bonds have not been sold were legislatively sponsored. Only 10 of the 189 projects are complete.

(EMNRD) received \$6.2 million for watershed restoration and has made the most progress in spending the funds by taking a proactive approach and setting up grant agreements and working with other partners before the funds were received. While EMNRD is overseeing just 7 percent of the funding, the agency accounts for 23 percent of spending to date.

The New Mexico Environment Department (NMED) oversaw the four largest completed projects, totaling \$745 thousand, including constructing a water storage tank in Belen and making improvements to the water systems in Agua Fria, Ruidoso, and Cedar Crest. Projects overseen by NMED received 64 percent of the appropriations and account for 56 percent of expenditures.

In addition to the funding appropriated in the 2014 capital outlay bill – and in accordance with § 7-27-10.1(B) NMSA 1978, which allocates ten percent of annual severance tax bonding capacity to the Water Project Fund – \$33 million was made available for 22 water projects through the Water Trust Board. This funding is tracked in the Legislative Finance Committee's quarterly capital outlay report, and \$27.5 million of 2014 funding is unspent. The Water Project Fund received \$32.4 million in 2015.
