Dear Representative Garcia and Senator Lopez:

As you consider changes to the boundaries of senate districts, I respectfully wish to request that the boundaries of Senate District 3 remain as they are currently drawn, to the extent possible. I have represented this district for many years, and I know it very well. Your understanding and assistance to preserve the boundaries of Senate District 3 as close to the current boundaries as possible will be greatly appreciated by me and the constituents that I have faithfully served for nine terms.

Sincerely,

JOHN PINTO

Dear Representative Garcia and Senator Linda M. Lopez,

As you consider changes to the boundaries of senate districts, I respectfully wish to request that the boundaries of Senate District 3 remains as they currently are drawn especially the Gallup district because I reside on the south side of Gallup. If, the committee takes the Gallup district, it will be hard to move and I have to get a house build, which I can't afford due to harsh economical times. I would like to request to keep this part of Gallup district the way it is currently is drawn. Thank you for understanding and assistance to preserve the boundaries to Senate District 3. Especially the part of Gallup for which I have represented this district for many years and I know it very well. I would greatly appreciate the approval of this request, for which I have served nine terms with the utmost respect and gratitude of the Great State of New Mexico and as well as the citizens of this Great State. I appreciate your understanding and cooperation to my urgent matter at hand. If, you should have any questions, please feel free to contact me at anytime at 928/871-6498. Thank you and have a great day!

Sincerely,

Senator John Pinto
