Work Plan

The Transportation Infrastructure Revenue Subcommittee was created by the New Mexico Legislative Council on July 7, 2020 to develop recommendations to meet the needs of New Mexico's businesses and residents for transportation and infrastructure and to identify current and new sources of revenue.

During the 2020 interim, the Transportation Infrastructure Revenue Subcommittee will review and discuss the following topics, as time permits:

1. an update on the status of the state's transportation system;
2. strategic planning and the projected statewide investment in and expansion of transportation infrastructure funding and the need for maintenance and demand for new system capacity, including how to:
 - a. better use state funds to leverage federal dollars; and
 - b. capture vehicle use fees from electric and hybrid vehicles; and
3. updates on local government transportation infrastructure needs and current and planned projects.

**Transportation Infrastructure Revenue Subcommittee
2020 Proposed Meeting Schedule**

<u>Date</u>	<u>Location</u>
September 11	State Capitol, House Chambers and Video Conference*
October 20	State Capitol, House Chambers and Video Conference*
