underscored material = new
[bracketed material] = delete

1 (1) shall administer a trust or estate in
2 accordance with the terms of the trust or the will, even if
3 there is a different provision in the Uniform Principal and
4 Income Act;

5 (2) may administer a trust or estate by the
6 exercise of a discretionary power of administration given to
7 the fiduciary by the terms of the trust or the will, even if
8 the exercise of the power produces a result different from a
9 result required or permitted by the Uniform Principal and
10 Income Act;

11 (3) shall administer a trust or estate in
12 accordance with the Uniform Principal and Income Act if the
13 terms of the trust or the will do not contain a different
14 provision or do not give the fiduciary a discretionary power
15 of administration; and

16 (4) shall add a receipt or charge a
17 disbursement to principal to the extent that the terms of the
18 trust and the Uniform Principal and Income Act do not provide
19 a rule for allocating the receipt or disbursement to or
20 between principal and income.

21 (b) In exercising the power to adjust under
22 Section 104(a) or a discretionary power of administration
23 regarding a matter within the scope of the Uniform Principal
24 and Income Act, whether granted by the terms of a trust, a
25 will, or the Uniform Principal and Income Act, a fiduciary

underscored material = new
[bracketed material] = delete

1 shall administer a trust or estate impartially, based on what
2 is fair and reasonable to all of the beneficiaries, except to
3 the extent that the terms of the trust or the will clearly
4 manifest an intention that the fiduciary shall or may favor
5 one or more of the beneficiaries. A determination in
6 accordance with the Uniform Principal and Income Act is
7 presumed to be fair and reasonable to all of the
8 beneficiaries.

9 Section 104. TRUSTEE'S POWER TO ADJUST. --

10 (a) A trustee may adjust between principal and
11 income to the extent the trustee considers necessary if the
12 trustee invests and manages trust assets as a prudent
13 investor, the terms of the trust describe the amount that may
14 or must be distributed to a beneficiary by referring to the
15 trust's income, and the trustee determines, after applying the
16 rules in Section 103(a), that the trustee is unable to comply
17 with Section 103(b).

18 (b) In deciding whether and to what extent to
19 exercise the power conferred by Subsection (a), a trustee
20 shall consider all factors relevant to the trust and its
21 beneficiaries, including the following factors to the extent
22 they are relevant:

23 (1) the nature, purpose and expected duration
24 of the trust;

25 (2) the intent of the settlor;

underscored material = new
[bracketed material] = delete

1 (3) the identity and circumstances of the
2 beneficiaries;

3 (4) the needs for liquidity, regularity of
4 income, and preservation and appreciation of capital;

5 (5) the assets held in the trust; the extent
6 to which they consist of financial assets, interests in
7 closely held enterprises, tangible and intangible personal
8 property or real property; the extent to which an asset is
9 used by a beneficiary; and whether an asset was purchased by
10 the trustee or received from the settlor;

11 (6) the net amount allocated to income under
12 the other sections of the Uniform Principal and Income Act and
13 the increase or decrease in the value of the principal assets,
14 which the trustee may estimate as to assets for which market
15 values are not readily available;

16 (7) whether and to what extent the terms of
17 the trust give the trustee the power to invade principal or
18 accumulate income or prohibit the trustee from invading
19 principal or accumulating income, and the extent to which the
20 trustee has exercised a power from time to time to invade
21 principal or accumulate income;

22 (8) the actual and anticipated effect of
23 economic conditions on principal and income and effects of
24 inflation and deflation; and

25 (9) the anticipated tax consequences of an

underscored material = new
[bracketed material] = delete

1 adjustment.

2 (c) A trustee may not make an adjustment:

3 (1) that diminishes the income interest in a
4 trust that requires all of the income to be paid at least
5 annually to a surviving spouse and for which an estate tax or
6 gift tax marital deduction would be allowed, in whole or in
7 part, if the trustee did not have the power to make the
8 adjustment;

9 (2) that reduces the actuarial value of the
10 income interest in a trust to which a person transfers
11 property with the intent to qualify for a gift tax exclusion;

12 (3) that changes the amount payable to a
13 beneficiary as a fixed annuity or a fixed fraction of the
14 value of the trust assets;

15 (4) from any amount that is permanently set
16 aside for charitable purposes under a will or the terms of a
17 trust unless both income and principal are so set aside;

18 (5) if possessing or exercising the power to
19 make an adjustment causes an individual to be treated as the
20 owner of all or part of the trust for income tax purposes, and
21 the individual would not be treated as the owner if the
22 trustee did not possess the power to make an adjustment;

23 (6) if possessing or exercising the power to
24 make an adjustment causes all or part of the trust assets to
25 be included for estate tax purposes in the estate of an

1 individual who has the power to remove a trustee or appoint a
2 trustee, or both, and the assets would not be included in the
3 estate of the individual if the trustee did not possess the
4 power to make an adjustment;

5 (7) if the trustee is a beneficiary of the
6 trust; or

7 (8) if the trustee is not a beneficiary, but
8 the adjustment would benefit the trustee directly or
9 indirectly.

10 (d) If Subsection (c)(5), (6), (7), or (8) applies
11 to a trustee and there is more than one trustee, a cotrustee
12 to whom the provision does not apply may make the adjustment
13 unless the exercise of the power by the remaining trustee or
14 trustees is not permitted by the terms of the trust.

15 (e) A trustee may release the entire power
16 conferred by Subsection (a) or may release only the power to
17 adjust from income to principal or the power to adjust from
18 principal to income if the trustee is uncertain about whether
19 possessing or exercising the power will cause a result
20 described in Subsection (c)(1) through (6) or (c)(8) or if the
21 trustee determines that possessing or exercising the power
22 will or may deprive the trust of a tax benefit or impose a tax
23 burden not described in Subsection (c). The release may be
24 permanent or for a specified period, including a period
25 measured by the life of an individual.

1 (f) Terms of a trust that limit the power of a
2 trustee to make an adjustment between principal and income do
3 not affect the application of this section unless it is clear
4 from the terms of the trust that the terms are intended to
5 deny the trustee the power of adjustment conferred by
6 Subsection (a).

7 ARTICLE 2
8 DECEDENT' S ESTATE OR
9 TERMINATING INCOME INTEREST

10 Section 201. DETERMINATION AND DISTRIBUTION OF NET
11 INCOME. --After a decedent dies, in the case of an estate or
12 after an income interest in a trust ends, the following rules
13 apply:

14 (1) A fiduciary of an estate or of a
15 terminating income interest shall determine the amount of net
16 income and net principal receipts received from property
17 specifically given to a beneficiary under the rules in
18 Articles 3 through 5 which apply to trustees and the rules in
19 Paragraph (5). The fiduciary shall distribute the net income
20 and net principal receipts to the beneficiary who is to
21 receive the specific property.

22 (2) A fiduciary shall determine the remaining
23 net income of a decedent's estate or a terminating income
24 interest under the rules in Articles 3 through 5 which apply
25 to trustees and by:

underscored material = new
[bracketed material] = delete

1 (A) including in net income all income
2 from property used to discharge liabilities;

3 (B) paying from income or principal, in
4 the fiduciary's discretion, fees of attorneys, accountants and
5 fiduciaries; court costs and other expenses of administration;
6 and interest on death taxes, but the fiduciary may pay those
7 expenses from income of property passing to a trust for which
8 the fiduciary claims an estate tax marital or charitable
9 deduction only to the extent that the payment of those
10 expenses from income will not cause the reduction or loss of
11 the deduction; and

12 (C) paying from principal all other
13 disbursements made or incurred in connection with the
14 settlement of a decedent's estate or the winding up of a
15 terminating income interest, including debts, funeral
16 expenses, disposition of remains, family allowances and death
17 taxes and related penalties that are apportioned to the estate
18 or terminating income interest by the will, the terms of the
19 trust or applicable law.

20 (3) A fiduciary shall distribute to a
21 beneficiary who receives a pecuniary amount outright the
22 interest or any other amount provided by the will, the terms
23 of the trust or applicable law from net income determined
24 under Paragraph (2) or from principal to the extent that net
25 income is insufficient. If a beneficiary is to receive a

underscored material = new
[bracketed material] = delete

1 pecuniary amount outright from a trust after an income
2 interest ends and no interest or other amount is provided for
3 by the terms of the trust or applicable law, the fiduciary
4 shall distribute the interest or other amount to which the
5 beneficiary would be entitled under applicable law if the
6 pecuniary amount were required to be paid under a will.

7 (4) A fiduciary shall distribute the net
8 income remaining after distributions required by Paragraph (3)
9 in the manner described in Section 202 to all other
10 beneficiaries, including a beneficiary who receives a
11 pecuniary amount in trust, even if the beneficiary holds an
12 unqualified power to withdraw assets from the trust or other
13 presently exercisable general power of appointment over the
14 trust.

15 (5) A fiduciary may not reduce principal or
16 income receipts from property described in Paragraph (1)
17 because of a payment described in Section 501 or 502 to the
18 extent that the will, the terms of the trust or applicable law
19 requires the fiduciary to make the payment from assets other
20 than the property or to the extent that the fiduciary recovers
21 or expects to recover the payment from a third party. The net
22 income and principal receipts from the property are determined
23 by including all of the amounts the fiduciary receives or pays
24 with respect to the property, whether those amounts accrued or
25 became due before, on or after the date of a decedent's death

underscored material = new
[bracketed material] = delete

1 or an income interest's terminating event, and by making a
2 reasonable provision for amounts that the fiduciary believes
3 the estate or terminating income interest may become obligated
4 to pay after the property is distributed.

5 Section 202. DISTRIBUTION TO RESIDUARY AND REMAINDER
6 BENEFICIARIES. --

7 (a) Each beneficiary described in Section 201(4)
8 is entitled to receive a portion of the net income equal to
9 the beneficiary's fractional interest in undistributed
10 principal assets, using values as of the distribution date.
11 If a fiduciary makes more than one distribution of assets to
12 beneficiaries to whom this section applies, each beneficiary,
13 including one who does not receive part of the distribution,
14 is entitled, as of each distribution date, to the net income
15 the fiduciary has received after the date of death or
16 terminating event or earlier distribution date but has not
17 distributed as of the current distribution date.

18 (b) In determining a beneficiary's share of net
19 income, the following rules apply:

20 (1) The beneficiary is entitled to receive a
21 portion of the net income equal to the beneficiary's
22 fractional interest in the undistributed principal assets
23 immediately before the distribution date, including assets
24 that later may be sold to meet principal obligations.

25 (2) The beneficiary's fractional interest in

underscored material = new
[bracketed material] = delete

1 the undistributed principal assets must be calculated without
2 regard to property specifically given to a beneficiary and
3 property required to pay pecuniary amounts not in trust.

4 (3) The beneficiary's fractional interest in
5 the undistributed principal assets must be calculated on the
6 basis of the aggregate value of those assets as of the
7 distribution date without reducing the value by any unpaid
8 principal obligation.

9 (4) The distribution date for purposes of
10 this section may be the date as of which the fiduciary
11 calculates the value of the assets if that date is reasonably
12 near the date on which assets are actually distributed.

13 (c) If a fiduciary does not distribute all of the
14 collected but undistributed net income to each person as of a
15 distribution date, the fiduciary shall maintain appropriate
16 records showing the interest of each beneficiary in that net
17 income.

18 (d) A fiduciary may apply the rules in this
19 section, to the extent that the fiduciary considers it
20 appropriate, to net gain or loss realized after the date of
21 death or terminating event or earlier distribution date from
22 the disposition of a principal asset if this section applies
23 to the income from the asset.

24 ARTICLE 3

25 APPORTIONMENT AT BEGINNING

1 AND END OF INCOME INTEREST

2
3 Section 301. WHEN RIGHT TO INCOME BEGINS AND ENDS. --

4 (a) An income beneficiary is entitled to net
5 income from the date on which the income interest begins. An
6 income interest begins on the date specified in the terms of
7 the trust or, if no date is specified, on the date an asset
8 becomes subject to a trust or successive income interest.

9 (b) An asset becomes subject to a trust:

10 (1) on the date it is transferred to the
11 trust in the case of an asset that is transferred to a trust
12 during the transferor's life;

13 (2) on the date of a testator's death in the
14 case of an asset that becomes subject to a trust by reason of
15 a will, even if there is an intervening period of
16 administration of the testator's estate; or

17 (3) on the date of an individual's death in
18 the case of an asset that is transferred to a fiduciary by a
19 third party because of the individual's death.

20 (c) An asset becomes subject to a successive
21 income interest on the day after the preceding income interest
22 ends, as determined under Subsection (d), even if there is an
23 intervening period of administration to wind up the preceding
24 income interest.

25 (d) An income interest ends on the day before an

underscored material = new
[bracketed material] = delete

1 income beneficiary dies or another terminating event occurs,
2 or on the last day of a period during which there is no
3 beneficiary to whom a trustee may distribute income.

4 Section 302. APPORTIONMENT OF RECEIPTS AND DISBURSEMENTS
5 WHEN DECEDENT DIES OR INCOME INTEREST BEGINS. --

6 (a) A trustee shall allocate an income receipt or
7 disbursement other than one to which Section 201(1) applies to
8 principal if its due date occurs before a decedent dies in the
9 case of an estate or before an income interest begins in the
10 case of a trust or successive income interest.

11 (b) A trustee shall allocate an income receipt or
12 disbursement to income if its due date occurs on or after the
13 date on which a decedent dies or an income interest begins and
14 it is a periodic due date. An income receipt or disbursement
15 must be treated as accruing from day to day if its due date is
16 not periodic or it has no due date. The portion of the
17 receipt or disbursement accruing before the date on which a
18 decedent dies or an income interest begins must be allocated
19 to principal and the balance must be allocated to income.

20 (c) An item of income or an obligation is due on
21 the date the payer is required to make a payment. If a
22 payment date is not stated, there is no due date for the
23 purposes of the Uniform Principal and Income Act.
24 Distributions to shareholders or other owners from an entity
25 to which Section 401 applies are deemed to be due on the date

underscored material = new
[bracketed material] = delete

1 fixed by the entity for determining who is entitled to receive
2 the distribution or, if no date is fixed, on the declaration
3 date for the distribution. A due date is periodic for
4 receipts or disbursements that must be paid at regular
5 intervals under a lease or an obligation to pay interest or if
6 an entity customarily makes distributions at regular
7 intervals.

8 Section 303. APPORTIONMENT WHEN INCOME INTEREST ENDS. --

9 (a) In this section, "undistributed income" means
10 net income received before the date on which an income
11 interest ends. The term does not include an item of income or
12 expense that is due or accrued or net income that has been
13 added or is required to be added to principal under the terms
14 of the trust.

15 (b) When a mandatory income interest ends, the
16 trustee shall pay to a mandatory income beneficiary who
17 survives that date, or the estate of a deceased mandatory
18 income beneficiary whose death causes the interest to end, the
19 beneficiary's share of the undistributed income that is not
20 disposed of under the terms of the trust unless the
21 beneficiary has an unqualified power to revoke more than five
22 percent of the trust immediately before the income interest
23 ends. In the latter case, the undistributed income from the
24 portion of the trust that may be revoked must be added to
25 principal.

1 (c) When a trustee's obligation to pay a fixed
2 annuity or a fixed fraction of the value of the trust's assets
3 ends, the trustee shall prorate the final payment if and to
4 the extent required by applicable law to accomplish a purpose
5 of the trust or its settlor relating to income, gift, estate
6 or other tax requirements.

7 ARTICLE 4

8 ALLOCATION OF RECEIPTS DURING

9 ADMINISTRATION OF TRUST

10 PART 1

11 RECEIPTS FROM ENTITIES

12 Section 401. CHARACTER OF RECEIPTS. --

13 (a) As used in this section, "entity" means a
14 corporation, partnership, limited liability company, regulated
15 investment company, real estate investment trust, common trust
16 fund or any other organization in which a trustee has an
17 interest other than a trust or estate to which Section 402
18 applies, a business or activity to which Section 403 applies
19 or an asset-backed security to which Section 415 applies.

20 (b) Except as otherwise provided in this section,
21 a trustee shall allocate to income money received from an
22 entity.

23 (c) A trustee shall allocate the following
24 receipts from an entity to principal:

- 25 (1) property other than money;

1 (2) money received in one distribution or a
2 series of related distributions in exchange for part or all of
3 a trust's interest in the entity;

4 (3) money received in total or partial
5 liquidation of the entity; and

6 (4) money received from an entity that is a
7 regulated investment company or a real estate investment trust
8 if the money distributed is a capital gain dividend for
9 federal income tax purposes.

10 (d) Money is received in partial liquidation:

11 (1) to the extent that the entity, at or near
12 the time of a distribution, indicates that it is a
13 distribution in partial liquidation; or

14 (2) if the total amount of money and property
15 received in a distribution or series of related distributions
16 is greater than twenty percent of the entity's gross assets,
17 as shown by the entity's year-end financial statements
18 immediately preceding the initial receipt.

19 (e) Money is not received in partial liquidation,
20 nor may it be taken into account under Subsection (d)(2), to
21 the extent that it does not exceed the amount of income tax
22 that a trustee or beneficiary must pay on taxable income of
23 the entity that distributes the money.

24 (f) A trustee may rely upon a statement made by an
25 entity about the source or character of a distribution if the

underscored material = new
[bracketed material] = delete

1 statement is made at or near the time of distribution by the
2 entity's board of directors or other person or group of
3 persons authorized to exercise powers to pay money or transfer
4 property comparable to those of a corporation's board of
5 directors.

6 Section 402. DISTRIBUTION FROM TRUST OR ESTATE. -- A
7 trustee shall allocate to income an amount received as a
8 distribution of income from a trust or an estate in which the
9 trust has an interest other than a purchased interest, and
10 shall allocate to principal an amount received as a
11 distribution of principal from such a trust or estate. If a
12 trustee purchases an interest in a trust that is an investment
13 entity, or a decedent or donor transfers an interest in such a
14 trust to a trustee, Section 401 or 415 applies to a receipt
15 from the trust.

16 Section 403. BUSINESS AND OTHER ACTIVITIES CONDUCTED BY
17 TRUSTEE. --

18 (a) If a trustee who conducts a business or other
19 activity determines that it is in the best interest of all the
20 beneficiaries to account separately for the business or
21 activity instead of accounting for it as part of the trust's
22 general accounting records, the trustee may maintain separate
23 accounting records for its transactions, whether or not its
24 assets are segregated from other trust assets.

25 (b) A trustee who accounts separately for a

underscored material = new
[bracketed material] = delete

1 business or other activity may determine the extent to which
2 its net cash receipts must be retained for working capital,
3 the acquisition or replacement of fixed assets and other
4 reasonably foreseeable needs of the business or activity, and
5 the extent to which the remaining net cash receipts are
6 accounted for as principal or income in the trust's general
7 accounting records. If a trustee sells assets of the business
8 or other activity, other than in the ordinary course of the
9 business or activity, the trustee shall account for the net
10 amount received as principal in the trust's general accounting
11 records to the extent the trustee determines that the amount
12 received is no longer required in the conduct of the business.

13 (c) Activities for which a trustee may maintain
14 separate accounting records include:

- 15 (1) retail, manufacturing, service and other
16 traditional business activities;
- 17 (2) farming;
- 18 (3) raising and selling livestock and other
19 animals;
- 20 (4) management of rental properties;
- 21 (5) extraction of minerals and other natural
22 resources;
- 23 (6) timber operations; and
- 24 (7) activities to which Section 414 applies.

25 PART 2

1 trustee accounts for receipts from rental property pursuant to
2 this section, the trustee shall allocate to income an amount
3 received as rent of real or personal property, including an
4 amount received for cancellation or renewal of a lease. An
5 amount received as a refundable deposit, including a security
6 deposit or a deposit that is to be applied as rent for future
7 periods, must be added to principal and held subject to the
8 terms of the lease and is not available for distribution to a
9 beneficiary until the trustee's contractual obligations have
10 been satisfied with respect to that amount.

11 Section 406. OBLIGATION TO PAY MONEY. --

12 (a) An amount received as interest, whether
13 determined at a fixed, variable or floating rate, on an
14 obligation to pay money to the trustee, including an amount
15 received as consideration for prepaying principal, must be
16 allocated to income without any provision for amortization of
17 premi um.

18 (b) A trustee shall allocate to principal an
19 amount received from the sale, redemption or other disposition
20 of an obligation to pay money to the trustee more than one
21 year after it is purchased or acquired by the trustee,
22 including an obligation whose purchase price or value when it
23 is acquired is less than its value at maturity. If the
24 obligation matures within one year after it is purchased or
25 acquired by the trustee, an amount received in excess of its

underscored material = new
[bracketed material] = delete

1 purchase price or its value when acquired by the trust must be
2 allocated to income.

3 (c) This section does not apply to an obligation
4 to which Section 409, 410, 411, 412, 414 or 415 applies.

5 Section 407. INSURANCE POLICIES AND SIMILAR CONTRACTS. --

6 (a) Except as otherwise provided in Subsection
7 (b), a trustee shall allocate to principal the proceeds of a
8 life insurance policy or other contract in which the trust or
9 its trustee is named as beneficiary, including a contract that
10 insures the trust or its trustee against loss for damage to,
11 destruction of or loss of title to a trust asset. The trustee
12 shall allocate dividends on an insurance policy to income if
13 the premiums on the policy are paid from income and to
14 principal if the premiums are paid from principal.

15 (b) A trustee shall allocate to income proceeds of
16 a contract that insures the trustee against loss of occupancy
17 or other use by an income beneficiary, loss of income or,
18 subject to Section 403, loss of profits from a business.

19 (c) This section does not apply to a contract to
20 which Section 409 applies.

21 PART 3

22 RECEIPTS NORMALLY APPORTIONED

23 Section 408. INSUBSTANTIAL ALLOCATIONS NOT REQUIRED. -- If
24 a trustee determines that an allocation between principal and
25 income required by Section 409, 410, 411, 412 or 415 is

underscored material = new
[bracketed material] = delete

1 insubstantial, the trustee may allocate the entire amount to
2 principal unless one of the circumstances described in Section
3 104(c) applies to the allocation. This power may be exercised
4 by a cotrustee in the circumstances described in Section
5 104(d) and may be released for the reasons and in the manner
6 described in Section 104(e). An allocation is presumed to be
7 insubstantial if:

8 (1) the amount of the allocation would
9 increase or decrease net income in an accounting period, as
10 determined before the allocation, by less than ten percent; or

11 (2) the value of the asset producing the
12 receipt for which the allocation would be made is less than
13 ten percent of the total value of the trust's assets at the
14 beginning of the accounting period.

15 Section 409. DEFERRED COMPENSATION, ANNUITIES AND
16 SIMILAR PAYMENTS. --

17 (a) As used in this section, "payment" means a
18 payment that a trustee may receive over a fixed number of
19 years or during the life of one or more individuals because of
20 services rendered or property transferred to the payer in
21 exchange for future payments. The term includes a payment
22 made in money or property from the payer's general assets or
23 from a separate fund created by the payer, including a private
24 or commercial annuity, an individual retirement account and a
25 pension, profit-sharing, stock-bonus or stock-ownership plan.

underscored material = new
[bracketed material] = delete

1 (b) To the extent that a payment is characterized
2 as interest or a dividend or a payment made in lieu of
3 interest or a dividend, a trustee shall allocate it to income.
4 The trustee shall allocate to principal the balance of the
5 payment and any other payment received in the same accounting
6 period that is not characterized as interest, a dividend or an
7 equivalent payment.

8 (c) If no part of a payment is characterized as
9 interest, a dividend or an equivalent payment, and all or part
10 of the payment is required to be made, a trustee shall
11 allocate to income ten percent of the part that is required to
12 be made during the accounting period and the balance to
13 principal. If no part of a payment is required to be made or
14 the payment received is the entire amount to which the trustee
15 is entitled, the trustee shall allocate the entire payment to
16 principal. For purposes of this subsection, a payment is not
17 "required to be made" to the extent that it is made because
18 the trustee exercises a right of withdrawal.

19 (d) If, to obtain an estate tax marital deduction
20 for a trust, a trustee must allocate more of a payment to
21 income than provided for by this section, the trustee shall
22 allocate to income the additional amount necessary to obtain
23 the marital deduction.

24 (e) This section does not apply to payments to
25 which Section 410 applies.

1 Section 410. LIQUIDATING ASSET. --

2 (a) As used in this section, "liquidating asset"
3 means an asset whose value will diminish or terminate because
4 the asset is expected to produce receipts for a period of
5 limited duration. The term includes a leasehold, patent,
6 copyright, royalty right and right to receive payments during
7 a period of more than one year under an arrangement that does
8 not provide for the payment of interest on the unpaid balance.
9 The term does not include a payment subject to Section 409,
10 resources subject to Section 411, timber subject to Section
11 412, an activity subject to Section 414, an asset subject to
12 Section 415 or any asset for which the trustee establishes a
13 reserve for depreciation under Section 503.

14 (b) A trustee shall allocate to income ten percent
15 of the receipts from a liquidating asset and the balance to
16 principal.

17 Section 411. MINERALS, WATER AND OTHER NATURAL
18 RESOURCES. --

19 (a) To the extent that a trustee accounts for
20 receipts from an interest in minerals or other natural
21 resources pursuant to this section, the trustee shall allocate
22 them as follows:

23 (1) If received as nominal delay rental or
24 nominal annual rent on a lease, a receipt must be allocated to
25 income.

1 (2) If received from a production payment, a
2 receipt must be allocated to income if and to the extent that
3 the agreement creating the production payment provides a
4 factor for interest or its equivalent. The balance must be
5 allocated to principal.

6 (3) If an amount received as a royalty, shut-
7 in-well payment, take-or-pay payment, bonus or delay rental is
8 more than nominal, ninety percent must be allocated to
9 principal and the balance to income.

10 (4) If an amount is received from a working
11 interest or any other interest not provided for in Paragraph
12 (1), (2) or (3), ninety percent of the net amount received
13 must be allocated to principal and the balance to income.

14 (b) An amount received on account of an interest
15 in water that is renewable must be allocated to income. If
16 the water is not renewable, ninety percent of the amount must
17 be allocated to principal and the balance to income.

18 (c) The Uniform Principal and Income Act applies
19 whether or not a decedent or donor was extracting minerals,
20 water or other natural resources before the interest became
21 subject to the trust.

22 (d) If a trust owns an interest in minerals, water
23 or other natural resources on the effective date of the
24 Uniform Principal and Income Act, the trustee may allocate
25 receipts from the interest as provided in that act or in the

underscored material = new
[bracketed material] = delete

1 manner used by the trustee before the effective date of that
2 act. If the trust acquires an interest in minerals, water or
3 other natural resources after the effective date of the
4 Uniform Principal and Income Act, the trustee shall allocate
5 receipts from the interest as provided in that act.

6 Section 412. TIMBER. --

7 (a) To the extent that a trustee accounts for
8 receipts from the sale of timber and related products pursuant
9 to this section, the trustee shall allocate the net receipts:

10 (1) to income to the extent that the amount
11 of timber removed from the land does not exceed the rate of
12 growth of the timber during the accounting periods in which a
13 beneficiary has a mandatory income interest;

14 (2) to principal to the extent that the
15 amount of timber removed from the land exceeds the rate of
16 growth of the timber or the net receipts are from the sale of
17 standing timber;

18 (3) to or between income and principal if the
19 net receipts are from the lease of timberland or from a
20 contract to cut timber from land owned by a trust, by
21 determining the amount of timber removed from the land under
22 the lease or contract and applying the rules in Paragraphs (1)
23 and (2); or

24 (4) to principal to the extent that advance
25 payments, bonuses and other payments are not allocated

underscored material = new
[bracketed material] = delete

1 pursuant to Paragraph (1), (2) or (3).

2 (b) In determining net receipts to be allocated
3 pursuant to Subsection (a), a trustee shall deduct and
4 transfer to principal a reasonable amount for depletion.

5 (c) The Uniform Principal and Income Act applies
6 whether or not a decedent or transferor was harvesting timber
7 from the property before it became subject to the trust.

8 (d) If a trust owns an interest in timberland on
9 the effective date of the Uniform Principal and Income Act,
10 the trustee may allocate net receipts from the sale of timber
11 and related products as provided in that act or in the manner
12 used by the trustee before the effective date of that act. If
13 the trust acquires an interest in timberland after the
14 effective date of the Uniform Principal and Income Act, the
15 trustee shall allocate net receipts from the sale of timber
16 and related products as provided in that act.

17 Section 413. PROPERTY NOT PRODUCTIVE OF INCOME. --

18 (a) If a marital deduction is allowed for all or
19 part of a trust whose assets consist substantially of property
20 that does not provide the spouse with sufficient income from
21 or use of the trust assets, and if the amounts that the
22 trustee transfers from principal to income under Section 104
23 and distributes to the spouse from principal pursuant to the
24 terms of the trust are insufficient to provide the spouse with
25 the beneficial enjoyment required to obtain the marital

[bracketed material] = delete

1 deduction, the spouse may require the trustee to make property
2 productive of income, convert property within a reasonable
3 time or exercise the power conferred by Section 104(a). The
4 trustee may decide which action or combination of actions to
5 take.

6 (b) In cases not governed by Subsection (a),
7 proceeds from the sale or other disposition of an asset are
8 principal without regard to the amount of income the asset
9 produces during any accounting period.

10 Section 414. DERIVATIVES AND OPTIONS. --

11 (a) As used in this section, "derivative" means a
12 contract or financial instrument or a combination of contracts
13 and financial instruments which gives a trust the right or
14 obligation to participate in some or all changes in the price
15 of a tangible or intangible asset or group of assets, or
16 changes in a rate, an index of prices or rates, or other
17 market indicator for an asset or a group of assets.

18 (b) To the extent that a trustee does not account
19 under Section 403 for transactions in derivatives, the trustee
20 shall allocate to principal receipts from and disbursements
21 made in connection with those transactions.

22 (c) If a trustee grants an option to buy property
23 from the trust, whether or not the trust owns the property
24 when the option is granted, grants an option that permits
25 another person to sell property to the trust or acquires an

1 option to buy property for the trust or an option to sell an
2 asset owned by the trust, and the trustee or other owner of
3 the asset is required to deliver the asset if the option is
4 exercised, an amount received for granting the option must be
5 allocated to principal. An amount paid to acquire the option
6 must be paid from principal. A gain or loss realized upon the
7 exercise of an option, including an option granted to a
8 settlor of the trust for services rendered, must be allocated
9 to principal.

10 Section 415. ASSET-BACKED SECURITIES. --

11 (a) As used in this section, "asset-backed
12 security" means an asset whose value is based upon the right
13 it gives the owner to receive distributions from the proceeds
14 of financial assets that provide collateral for the security.
15 The term includes an asset that gives the owner the right to
16 receive from the collateral financial assets only the interest
17 or other current return or only the proceeds other than
18 interest or current return. The term does not include an
19 asset to which Section 401 or 409 applies.

20 (b) If a trust receives a payment from interest or
21 other current return and from other proceeds of the collateral
22 financial assets, the trustee shall allocate to income the
23 portion of the payment which the payer identifies as being
24 from interest or other current return and shall allocate the
25 balance of the payment to principal.

1 (c) If a trust receives one or more payments in
2 exchange for the trust's entire interest in an asset-backed
3 security in one accounting period, the trustee shall allocate
4 the payments to principal. If a payment is one of a series of
5 payments that will result in the liquidation of the trust's
6 interest in the security over more than one accounting period,
7 the trustee shall allocate ten percent of the payment to
8 income and the balance to principal.

9 ARTICLE 5

10 ALLOCATION OF DISBURSEMENTS DURING

11 ADMINISTRATION OF TRUST

12 Section 501. DISBURSEMENTS FROM INCOME. -- A trustee
13 shall make the following disbursements from income to the
14 extent that they are not disbursements to which Section
15 201(2)(B) or (C) applies:

16 (1) one-half of the regular compensation of
17 the trustee and of any person providing investment advisory or
18 custodial services to the trustee;

19 (2) one-half of all expenses for accountings,
20 judicial proceedings or other matters that involve both the
21 income and remainder interests;

22 (3) all of the other ordinary expenses
23 incurred in connection with the administration, management or
24 preservation of trust property and the distribution of income,
25 including interest, ordinary repairs, regularly recurring

1 taxes assessed against principal and expenses of a proceeding
2 or other matter that concerns primarily the income interest;
3 and

4 (4) recurring premiums on insurance covering
5 the loss of a principal asset or the loss of income from or
6 use of the asset.

7 Section 502. DISBURSEMENTS FROM PRINCIPAL. --

8 (a) A trustee shall make the following
9 disbursements from principal:

10 (1) the remaining one-half of the
11 disbursements described in Section 501(1) and (2);

12 (2) all of the trustee's compensation
13 calculated on principal as a fee for acceptance, distribution
14 or termination, and disbursements made to prepare property for
15 sale;

16 (3) payments on the principal of a trust
17 debt;

18 (4) expenses of a proceeding that concerns
19 primarily principal, including a proceeding to construe the
20 trust or to protect the trust or its property;

21 (5) premiums paid on a policy of insurance
22 not described in Section 501(4) of which the trust is the
23 owner and beneficiary;

24 (6) estate, inheritance and other transfer
25 taxes, including penalties, apportioned to the trust; and

underscored material = new
[bracketed material] = delete

1 (7) disbursements related to environmental
2 matters, including reclamation, assessing environmental
3 conditions, remedying and removing environmental
4 contamination, monitoring remedial activities and the release
5 of substances, preventing future releases of substances,
6 collecting amounts from persons liable or potentially liable
7 for the costs of those activities, penalties imposed under
8 environmental laws or regulations and other payments made to
9 comply with those laws or regulations, statutory or common law
10 claims by third parties and defending claims based on
11 environmental matters.

12 (b) If a principal asset is encumbered with an
13 obligation that requires income from that asset to be paid
14 directly to the creditor, the trustee shall transfer from
15 principal to income an amount equal to the income paid to the
16 creditor in reduction of the principal balance of the
17 obligation.

18 SECTION 503. TRANSFERS FROM INCOME TO PRINCIPAL FOR
19 DEPRECIATION. --

20 (a) As used in this section, "depreciation" means
21 a reduction in value due to wear, tear, decay, corrosion or
22 gradual obsolescence of a fixed asset having a useful life of
23 more than one year.

24 (b) A trustee may transfer to principal a
25 reasonable amount of the net cash receipts from a principal

underscored material = new
[bracketed material] = delete

1 asset that is subject to depreciation, but may not transfer
2 any amount for depreciation:

3 (1) of that portion of real property used or
4 available for use by a beneficiary as a residence or of
5 tangible personal property held or made available for the
6 personal use or enjoyment of a beneficiary;

7 (2) during the administration of a decedent's
8 estate; or

9 (3) under this section if the trustee is
10 accounting under Section 403 for the business or activity in
11 which the asset is used.

12 (c) An amount transferred to principal need not be
13 held as a separate fund.

14 Section 504. TRANSFERS FROM INCOME TO REIMBURSE
15 PRINCIPAL. --

16 (a) If a trustee makes or expects to make a
17 principal disbursement described in this section, the trustee
18 may transfer an appropriate amount from income to principal in
19 one or more accounting periods to reimburse principal or to
20 provide a reserve for future principal disbursements.

21 (b) Principal disbursements to which Subsection
22 (a) applies include the following, but only to the extent that
23 the trustee has not been and does not expect to be reimbursed
24 by a third party:

25 (1) an amount chargeable to income but paid

[bracketed material] = delete

1 from principal because it is unusually large, including
2 extraordinary repairs;

3 (2) a capital improvement to a principal
4 asset, whether in the form of changes to an existing asset or
5 the construction of a new asset, including special
6 assessments;

7 (3) disbursements made to prepare property
8 for rental, including tenant allowances, leasehold
9 improvements and broker's commissions;

10 (4) periodic payments on an obligation
11 secured by a principal asset to the extent that the amount
12 transferred from income to principal for depreciation is less
13 than the periodic payments; and

14 (5) disbursements described in Section
15 502(a)(7).

16 (c) If the asset whose ownership gives rise to the
17 disbursements becomes subject to a successive income interest
18 after an income interest ends, a trustee may continue to
19 transfer amounts from income to principal as provided in
20 Subsection (a).

21 Section 505. INCOME TAXES. --

22 (a) A tax required to be paid by a trustee based
23 on receipts allocated to income must be paid from income.

24 (b) A tax required to be paid by a trustee based
25 on receipts allocated to principal must be paid from

1 principal, even if the tax is called an income tax by the
2 taxing authority.

3 (c) A tax required to be paid by a trustee on the
4 trust's share of an entity's taxable income must be paid
5 proportionately:

6 (1) from income to the extent that receipts
7 from the entity are allocated to income; and

8 (2) from principal to the extent that:

9 (A) receipts from the entity are
10 allocated to principal; and

11 (B) the trust's share of the entity's
12 taxable income exceeds the total receipts described in
13 Paragraphs (1) and (2)(A).

14 (d) For purposes of this section, receipts
15 allocated to principal or income must be reduced by the amount
16 distributed to a beneficiary from principal or income for
17 which the trust receives a deduction in calculating the tax.

18 Section 506. ADJUSTMENTS BETWEEN PRINCIPAL AND INCOME
19 BECAUSE OF TAXES. --

20 (a) A fiduciary may make adjustments between
21 principal and income to offset the shifting of economic
22 interests or tax benefits between income beneficiaries and
23 remainder beneficiaries which arise from:

24 (1) elections and decisions, other than those
25 described in Subsection (b), that the fiduciary makes from

1 time to time regarding tax matters;

2 (2) an income tax or any other tax that is
3 imposed upon the fiduciary or a beneficiary as a result of a
4 transaction involving or a distribution from the estate or
5 trust; or

6 (3) the ownership by an estate or trust of an
7 interest in an entity whose taxable income, whether or not
8 distributed, is includable in the taxable income of the
9 estate, trust or a beneficiary.

10 (b) If the amount of an estate tax marital
11 deduction or charitable contribution deduction is reduced
12 because a fiduciary deducts an amount paid from principal for
13 income tax purposes instead of deducting it for estate tax
14 purposes, and as a result estate taxes paid from principal are
15 increased and income taxes paid by an estate, trust or
16 beneficiary are decreased, each estate, trust or beneficiary
17 that benefits from the decrease in income tax shall reimburse
18 the principal from which the increase in estate tax is paid.
19 The total reimbursement must equal the increase in the estate
20 tax to the extent that the principal used to pay the increase
21 would have qualified for a marital deduction or charitable
22 contribution deduction but for the payment. The proportionate
23 share of the reimbursement for each estate, trust or
24 beneficiary whose income taxes are reduced must be the same as
25 its proportionate share of the total decrease in income tax.

1 An estate or trust shall reimburse principal from income.

9 Section 602. SEVERABILITY CLAUSE. -- If any provision of
10 the Uniform Principal and Income Act or its application to any
11 person or circumstance is held invalid, the invalidity does
12 not affect other provisions or applications of the act which
13 can be given effect without the invalid provision or
