SENATE BILL 2
46TH LEGISLATURE - STATE OF NEW MEXICO - FIRST SESSION, 2003
INTRODUCED BY
Ben D. Altamirano
AN ACT
MAKING GENERAL APPROPRIATIONS AND AUTHORIZING EXPENDITURES BY STATE AGENCIES REQUIRED BY LAW
BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:
Section 1. SHORT TITLEThis act may be cited as the "General Appropriation Act of 2003".
Section 2. <b>DEFINITIONS</b> As used in the General Appropriation Act of 2003:
A. "agency" means an office, department, agency, institution, board, bureau, commission,
court, district attorney, council or committee of state government;
B. "efficiency" means the measure of the degree to which services are efficient and
productive and is often expressed in terms of dollars or time per unit of output;
C. "expenditures" means costs, expenses, encumbrances and other financing uses, other than
refunds authorized by law, recognized in accordance with generally accepted accounting principles for
<ul><li>the legally authorized budget amounts and budget period;</li><li>D. "explanatory" means information that can help users to understand reported performance</li></ul>
measures and to evaluate the significance of underlying factors that may have affected the reported
information;
E. "federal funds" means any payments by the United States government to state government

or agencies except those payments made in accordance with the federal Mineral Lands Leasing Act;

F. "full-time equivalent" or "FTE" means one or more authorized positions that alone or together receives or receive compensation for not more than two thousand ninety-six hours worked in fiscal year 2004. The calculation of hours worked includes compensated absences but does not include overtime, compensatory time or sick leave paid pursuant to Section 10-7-10 NMSA 1978;

"general fund" means that fund created by Section 6-4-2 NMSA 1978 and includes federal G. Mineral Lands Leasing Act receipts and those payments made in accordance with federal block grants and the federal Workforce Investment Act, but excludes the general fund operating reserve and the appropriation contingency fund;

"interagency transfers" means revenue, other than internal service funds, legally H. 10 transferred from one agency to another;

I. "internal service funds" means:

(1) revenue transferred to an agency for the financing of goods or services to another agency on a cost-reimbursement basis; and

(2) unencumbered balances in agency internal service fund accounts appropriated by the General Appropriation Act of 2003;

J. "other state funds" means:

(1) unencumbered, nonreverting balances in agency accounts, other than in internal service funds accounts, appropriated by the General Appropriation Act of 2003;

(2) all revenue available to agencies from sources other than the general fund, internal service funds, interagency transfers and federal funds; and

(3) all revenue, the use of which is restricted by statute or agreement;

"outcome" means the measure of the actual impact or public benefit of a program; K.

"output" means the measure of the volume of work completed, or the level of actual L. services or products delivered by a program;

"performance measure" means a quantitative or qualitative indicator used to assess a M program;

"program" means a set of activities undertaken in accordance with a plan of action N. organized to realize identifiable goals and objectives based on legislative authorization;

"quality" means the measure of the quality of a good or service produced and is often an 0. indicator of the timeliness, reliability or safety of services or products produced by a program,

"revenue" means all money received by an agency from sources external to that agency, net Р. of refunds and other correcting transactions, other than from issue of debt, liquidation of investments or as agent or trustee for other governmental entities or private persons;

> "target" means the expected level of performance of a program's performance measures; and Q.

"unforeseen federal funds" means a source of federal funds or an increased amount of R. federal funds that could not have been reasonably anticipated or known during the first session of the forty-sixth legislature and, therefore, could not have been requested by an agency or appropriated by the l egi sl ature.

## Section 3. **GENERAL PROVISIONS. --**

Amounts set out under column headings are expressed in thousands of dollars. A.

Amounts set out under column headings are appropriated from the source indicated by the B. All amounts set out under the column heading "Internal Service Funds/Interagency column heading. Transfers" are intergovernmental transfers and do not represent a portion of total state government All information designated as "Total" or "Subtotal" is provided for information and appropriations. amounts are not appropriations.

Amounts set out in Section 4 of the General Appropriation Act of 2003, or so much as may be C. necessary, are appropriated from the indicated source for expenditure in fiscal year 2004 for the objects expressed.

> Unencumbered balances in agency accounts remaining at the end of fiscal year 2003 shall D.

> > - 3 -

revert to the general fund by October 1, 2003, unless otherwise indicated in the General Appropriation Act of 2003 or otherwise provided by law.

E. Unencumbered balances in agency accounts remaining at the end of fiscal year 2004 shall revert to the general fund by October 1, 2004, unless otherwise indicated in the General Appropriation Act of 2003 or otherwise provided by law.

F. The state budget division shall monitor revenue received by agencies from sources other than the general fund and shall reduce the operating budget of any agency whose revenue from such sources is not meeting projections. The state budget division shall notify the legislative finance committee of any operating budget reduced pursuant to this subsection.

G. Except as otherwise specifically stated in the General Appropriation Act of 2003, appropriations are made in that act for the expenditures of agencies and for other purposes as required by existing law for fiscal year 2004. If any other act of the first session of the forty-sixth legislature changes existing law with regard to the name or responsibilities of an agency or the name or purpose of a fund or distribution, the appropriation made in the General Appropriation Act of 2003 shall be transferred from the agency, fund or distribution to which an appropriation has been made as required by existing law to the appropriate agency, fund or distribution provided by the new law.

H. In August, October, December and May of fiscal year 2004, the department of finance and administration, in consultation with the staff of the legislative finance committee and other agencies, shall prepare and present revenue estimates to the legislative finance committee. If these revenue estimates indicate that revenues and transfers to the general fund excluding transfers to the general fund operating reserve, the appropriation contingency fund or the state-support reserve fund are not expected to meet appropriations from the general fund as of the end of fiscal year 2004, then the department shall present a plan to the legislative finance committee that outlines the methods by which the administration proposes to address the deficit.

I. Pursuant to Sections 6-3-23 through 6-3-25 NMSA 1978, agencies whose revenue from

unforeseen federal funds, state board of finance loans, revenue appropriated by other acts of the
legislature, or gifts, grants, donations, bequests, insurance settlements, refunds, or payments into
revolving funds exceeds specifically appropriated amounts may request budget increases from the state
budget division. If approved by the state budget division, such money is appropriated. In approving a
budget increase from unforeseen federal funds, the director of the state budget division shall advise the
legislative finance committee as to the source of the federal funds and the source and amount of any
matching funds required.

J. For fiscal year 2004, the number of permanent and term full-time-equivalent positions specified for each agency shows the maximum number of employees intended by the legislature for that agency, unless another provision of the General Appropriation Act of 2003 or another act of the first session of the forty-sixth legislature provides for additional employees.

K. Except for gasoline credit cards used solely for operation of official vehicles and telephone credit cards used solely for official business, none of the appropriations contained in the General Appropriation Act of 2003 may be expended for payment of credit card invoices.

L. To prevent unnecessary spending, expenditures from the General Appropriation Act of 2003 for gasoline for state-owned vehicles at public gasoline service stations shall be made only for self-service gasoline; provided that a state agency head may provide exceptions from the requirement to accommodate disabled persons or for other reasons the public interest may require.

M When approving operating budgets based on appropriations in the General Appropriation Act of 2003, the state budget division is specifically authorized to approve only those budgets in accordance with generally accepted accounting principles for the purpose of properly classifying other financing sources and uses, including interfund, intrafund and interagency transfers.

Section 4. **FISCAL YEAR 2004 APPROPRIATIONS**. -- Under guidelines developed by the state budget division, in consultation with the legislative finance committee, each agency for which performance measures are established in this section shall file a report with the state budget division and the

25

	General	State	Funds/Inter-	Federal	
Item	Fund	Funds	Agency Trnsf	Funds	<u> Total /Target</u>

legislative finance committee analyzing the agency's performance relative to the performance measures and targets in this section. The reports shall be submitted quarterly for certain performance measures and 3 after the end of fiscal year 2004 for the remaining measures. The state budget division, in consultation with the legislative finance committee, shall develop a list of key performance measures for quarterly reporting. The reports shall compare actual performance for the report period with targeted performance based on the level of funding appropriated. In developing guidelines for the submission of agency 6 performance reports, the state budget division, in consultation with the legislative finance committee, 8 shall establish standards for the reporting of variances between actual and targeted performance levels. 9 The quarterly and year-end reports for the period ending June 30, 2004, shall be filed with the state budget division and the legislative finance committee on or before September 1, 2004. 10

Unless explicitly stated otherwise, each of the program measures and the associated targets contained in this section reflect performance to be achieved for fiscal year 2004. In cases where there are no targets for output, outcome, efficiency or quality measures, agencies are expected to develop baseline data for fiscal year 2004 and to propose targets when submitting budget requests for fiscal year 2005.

ADMINISTRATIVE OFFICE OF THE DISTRICT ATTORNEYS:

(1) Administrative support:

The purpose of the administrative support program is to provide fiscal, human resource, staff development, automation, victim program services and support to all district attorneys' offices in New Mexico and to members of the New Mexico children's safehouse network so that they may obtain and access the necessary resources in order to effectively and efficiently carry out their prosecutorial, investigative and programmatic functions.

The appropriation to the irrigation works construction program of the state engineer includes (1) two million dollars (\$2,000,000) to match seventeen and one-half percent of the cost of work undertaken by the United States army corps of engineers pursuant to the federal Water Resources Development Act of 1986 provided that no amount of this appropriation shall be expended for any project unless the appropriate acequia system or community ditch has agreed to provide seven and one-half percent of the cost from any source other than the irrigation works construction fund or improvement of the Rio Grande fund and provided that no more than two hundred and fifty thousand dollars (\$250,000) shall be appropriated to one acequia per fiscal year or for the construction, improvement, repair and protection from floods of dams, reservoirs, ditches, flumes and appurtenances of community ditches in the state under the interstate stream commission 80/20 program; and provided that not more than one hundred twenty thousand dollars (\$120,000) of this appropriation shall be used for any one community ditch and no state funds other than loans may be used to meet the acequia's twenty percent share of the total cost of the project; and (2) two hundred fifty thousand dollars (\$250,000) for planning, design, supervision of construction and construction of approved acequia improvement projects in cooperation with the United States department of agriculture, United States department of interior, United States department of the army or other engi neers. The state engineer may enter into cooperative agreements with the owners or commissioners of ditch associations to ensure that work is done in the most efficient and economical manner and may contract with the federal government or any of its agencies or instrumentalities that provide matching funds or assistance.

The appropriation to the irrigation works construction program of the state engineer include (1) grants, in such amounts as determined by the interstate stream commission, for construction, improvement, repair and protection from floods of dams, reservoirs, ditches, flumes and appurtenances of community ditches in the state located on Indian land whether pueblo or reservation; (2) one million five hundred thousand dollars (\$1,500,000) for loans to irrigation districts and soil and water conservation districts

The other state funds appropriations to the medical assistance program of the human services department includes thirty million four hundred twenty-three thousand one hundred dollars (\$30, 423, 100) from the tobacco settlement program fund.

The human services department is directed to renegotiate the managed care contracts to reduce the contractual price increases by four million nine hundred eighteen thousand dollars (\$4,918,000). The human services department shall introduce a drug formulary in the fee-for-service category that will result in an estimated savings of two million five hundred thousand dollars (\$2,500,000).

The internal services funds/interagency transfers appropriations include five hundred thousand dollars (\$500,000) from the department of health to leverage two million dollars (\$2,000,000) of Rural Primary Healthcare Act funds within the medicaid program contingent on approval and implementation of an alternative prospective payment system to reimburse federally qualified health centers for services to medicaid and salud patients that more effectively protects the federal qualified health centers safety net providers from the effects of medical inflation, and approval and implementation of a methodology for the human services department to reimburse federally qualified health centers for the salaries and overhead costs for medicaid outstationed eligibility workers employed at federally qualified health centers.

Item	Fund	Funds	Agency Trnsf	Funds	Total /Target

kindergarten slots shall only be used for temporary assistance for needy families eligible students. This appropriation is sufficient to fund temporary assistance for needy families full-day kindergarten slots at the 2003-2004 school year unit value that shall be allocated to school districts. Eligibility determination for the kindergarten slots shall coincide with eligibility for the free or reduced school lunch program. These funds shall be transferred to the state department of public education, identified separately and used only for temporary assistance for needy families eligibles.

The one million dollars (\$1,000,000) from the federal funds appropriation for post-secondary education shall only be used for persons below 200 percent of the federal poverty level. Support for the participants will be in the form of tuition for full-time students (12 credit hours or more) enrolled in programs that result in professional nursing or teaching certification. Funds may also be used for direct costs in proportion to the number of eligible participants in the program. Appropriate administrative costs are also allowed. The appropriation is contingent on the commission for higher education developing a program consistent with temporary assistance for needy families funding guidelines after review by both the human services department and the legislative finance committee. These funds shall be transferred to the commission for higher education, identified separately and used only for eligible participants.

The general fund appropriations to the income support program of the human services department include four million seven hundred thousand dollars (\$4,700,000) for general assistance.

The human services department shall provide the department of finance and administration and the legislative finance committee quarterly reports on the expenditures of the federal temporary assistance for needy families block grant and the state maintenance-of-effort expenditures.

## J. HIGHER EDUCATION

On approval of the commission on higher education, the state budget division of the department of finance and administration may approve increases in budgets of agencies, in this section, with the exception of the policy development and institutional financial oversight program of the commission on higher education, whose other state funds exceed amounts specified. In approving budget increases, the director of the state budget division shall advise the legislature through its officers and appropriate committees, in writing, of the justification for the approval.

Except as otherwise provided, any unexpended or unencumbered balance remaining at the end of fiscal year 2004 shall not revert to the general fund.

COMMISSION ON HIGHER EDUCATION:

(1) Policy development and institutional financial oversight:

The purpose of the policy development and institutional financial oversight program is to provide a continuous process of statewide planning and oversight within the commission's statutory authority for

24

the higher education partners to ensure both the efficient use of state resources and progress in implementing the public agenda.

Appropri ati ons:

(a)	Personal services and					
	employee benefits	1, 389. 7		40. 0	270.6	1, 700. 3
(b)	Contractual services	26. 1			36.0	62.1
(c)	0ther	2, 348. 8	30. 0	190. 0	3, 634. 4	6, 203. 2

Authorized FTE: 24.00 Permanent; 9.50 Term

The general fund appropriations to the policy development and institutional financial oversight program of the commission on higher education in the other category includes one million five-hundred thousand dollars (\$1,500,000) for the program development enhancement fund and is contingent on passage of legislation establishing the fund.

The federal funds appropriations to the policy development and institutional financial oversight program of the commission on higher education in the other category includes one million dollars (\$1,000,000) for the program development enhancement fund from the temporary assistance for needy families block grant and is contingent on passage of legislation establishing the fund, and contingent on the commission developing a program consistent with federal temporary assistance for needy families funding guidelines after review by both the human services department and legislative finance committee.

Any unexpended or unencumbered balance in the policy development and institutional financial oversight program remaining at the end of fiscal year 2004 from appropriations made from the general fund shall revert to the general fund.

Performance measures:

 (a) Efficiency: Percent of properly completed capital infrastructure draws released to the state board of finance within thirty days of receipt from the institutions
