

Fiscal impact reports (FIRs) are prepared by the Legislative Finance Committee (LFC) for standing finance committees of the NM Legislature. The LFC does not assume responsibility for the accuracy of these reports if they are used for other purposes.

Current FIRs (in HTML & Adobe PDF formats) are available on the NM Legislative Website (legis.state.nm.us). Adobe PDF versions include all attachments, whereas HTML versions may not. Previously issued FIRs and attachments may also be obtained from the LFC in Suite 101 of the State Capitol Building North.

SUMMARY

Synopsis of Bill

House Bill 405 appropriates \$500.0 thousand from the General Fund to the Children, Youth and Families Department for FY05. The purpose of the appropriation is to support early childhood teachers and early childhood programs to ensure children are ready for school when they enter kindergarten.

Significant Issues

- As part of the Department's comprehensive child care program, the Children, Youth and Families Department is striving to build quality measures into its early care and school-readiness programs. Currently, these quality measures are included in the 5-step Aim High Program. The Department would like to see greater movement toward quality, such as the measures undertaken by the popular publicly funded Head Start program.
- Currently, New Mexico expends, on average, \$3,100 per child, per year for early care. A 34 week Head Start program expends, on average, \$7,100 per child. Thus, New Mexico has a way to go to achieve Head Start-style school-readiness.

- Early intervention is essential to the long-term success of a child. Experts estimate every \$1 invested in quality early care and school-readiness can result in \$7 savings in special education programming, identification of learning disabilities, juvenile crime, drop-out rates, teenage pregnancy, college attendance and earning potential.
- Quality early care begins with quality educators, trained in school-readiness.

FISCAL IMPLICATIONS

The bill appropriates \$500 thousand in general fund to the Children, Youth and Families Department. Any unexpended or unencumbered balance remaining at the end of FY05 shall revert to the General Fund.

ADMINISTRATIVE IMPLICATIONS

This bill and the appropriation of \$500 thousand would compliment existing Children, Youth and Families initiatives and budget resources.
