

Fiscal impact reports (FIRs) are prepared by the Legislative Finance Committee (LFC) for standing finance committees of the NM Legislature. The LFC does not assume responsibility for the accuracy of these reports if they are used for other purposes.

Current FIRs (in HTML & Adobe PDF formats) are available on the NM Legislative Website (legis.state.nm.us). Adobe PDF versions include all attachments, whereas HTML versions may not. Previously issued FIRs and attachments may be obtained from the LFC in Suite 101 of the State Capitol Building North.

SUMMARY

Synopsis of Bill

House Joint Memorial 60 requests the Public Education Department, Commission on Higher Education (CHE), the Department of Health (DOH) and representatives of the institutions listed in Article 12, Section 11 of the New Mexico Constitution collaborate by developing and providing youth suicide prevention training programs for teachers and students. It requests the development and implementation of suicide prevention and response protocols and programs in all New Mexico public schools and universities and that a report be presented to an appropriate interim legislative committee no later than November 2005.

Significant Issues

According to PED, nationally, approximately one in five teens thinks about killing himself, and approximately one in 10 makes a suicide attempt.

- In New Mexico in 2003, 14.5% of surveyed adolescents said they had attempted suicide in the previous 12 months and 21 % had seriously considered killing themselves in the previous 12 months.

House Joint Memorial 60 -- Page 2

- In 2002, New Mexico ranks number five, for all ages in suicide rates.
- In 2001, New Mexico ranked 12th in the nation in the rate of youth deaths, ages 15-24, due to accidents, homicides and suicides.

FISCAL IMPLICATIONS

HJM-60 does not carry an appropriation. PED indicates that in order to develop and implement youth suicide prevention programs for teachers and students and develop and implement suicide response protocols and programs in all public schools and universities would require the department to identify additional resources within the department to meet the intent of the legislation.

ADMINISTRATIVE IMPLICATIONS

If HJM-60 is enacted, PED, CHE, and DOH would collaborate to develop and implement suicide prevention and response protocols.

CONFLICT, DUPLICATION, COMPANIONSHIP, RELATIONSHIP

Relates SB-210 and HB-263 and HB-841.
