SUMMARY

Synopsis of Bill

Senate Bill 10 would create a committee to study and make recommendations on current nutritional offerings in New Mexico public schools and how they can improve. The bill makes an appropriation and contains an emergency clause.

Significant Issues

Senate Bill 10 requires the PED to appoint a committee consisting of school administrators from urban and rural school districts, a nutrition expert, school board representatives, school food service directors and food and beverage industry representatives.

FISCAL IMPLICATIONS

Senate Bill 10 appropriates \$50.0 from the general fund and is recurring. The appropriation is for FY05 and FY06.

ADMINISTRATIVE IMPLICATIONS

The PED would have to convene the committee and provide administrative support.

Senate Bill 10 does not indicate if the PED is to report its findings to a legislative committee or if a report is to be produced based on the study.
