

Fiscal impact reports (FIRs) are prepared by the Legislative Finance Committee (LFC) for standing finance committees of the NM Legislature. The LFC does not assume responsibility for the accuracy of these reports if they are used for other purposes.

Current FIRs (in HTML & Adobe PDF formats) are available on the NM Legislative Website (legis.state.nm.us). Adobe PDF versions include all attachments, whereas HTML versions may not. Previously issued FIRs and attachments may be obtained from the LFC in Suite 101 of the State Capitol Building North.

Higher Education Department (HED)

### SUMMARY

#### Synopsis of Bill

House Bill 414 appropriates \$800,000 from the General Fund to the Board of Regents of New Mexico Highlands University for expenditure in FY 2008 to fund the Northeastern New Mexico Regional Economic Development Center.

### FISCAL IMPLICATIONS

The appropriation of \$800,000 contained in this bill is a recurring expense to the General Fund. Any unexpended or unencumbered balance remaining at the end of FY 2008 shall revert to the General Fund.

### SIGNIFICANT ISSUES

The Economic Development Center at NMHU was created under the School of Business Administration with funding from the Department of Commerce Economic Development

Administration Grant for the purpose of economic development. The center offers research, technical analysis, and quantitative support for economic development projects in the northeast quadrant of New Mexico.

The program works with students by integrating academic curriculums, providing access to internships, offering a business practicum class, and inviting community-based leaders to speak with business classes on NMHU campus.

Appropriations would broaden the center's capacity to retain and expand existing businesses, help develop new start-up businesses, attract businesses that fit area communities, and stimulate job creation in northern New Mexico.

The Economic Development Department indicates the program has seen:

1. Major progress towards the development of manufacturing properties and exports;
2. Increased partnerships, collaboration and relationships with local area stakeholders, including regional Chamber of Commerce, the MainStreet programs, and local governments; and
3. The development of several businesses, and the potential expansion of the business incubator program to another site in the community.

This proposal was submitted to the HED by NMHU, but was not included in the Department's funding recommendation for FY08.

## **PERFORMANCE IMPLICATIONS**

House Bill 414 does not indicate performance measures. and criteria for evaluating include tracking progress toward the development of manufacturing properties, increasing partnerships and collaborations, and program expansion efforts within the community (HED Analysis).

## **OTHER SUBSTANTIVE ISSUES**

The Economic Development Department indicates the program has seen:

4. Major progress towards the development of manufacturing properties and exports;
5. Increased partnerships, collaboration and relationships with local area stakeholders, including regional Chamber of Commerce, the MainStreet programs, and local governments; and
6. The development of several businesses, and the potential expansion of the business incubator program to another site in the community.

## **CONFLICT, DUPLICATION, COMPANIONSHIP, RELATIONSHIP**

House Bill 414 (NM Highlands Economic Development Center) and SB 56 (NM Highlands Regional Economic Development) are duplicates, except for titles.
