SUMMARY

Synopsis of Bill

Senate Bill 507 removes the option to submit an individual tax identification number when applying for a license, temporary license, provisional license or instruction permit. This removal also applies to foreign nationals.

The bill now reads:

> An application shall contain the full name, social security number, date of birth, sex and New Mexico residence address of the applicant and briefly describe the applicant and indicate whether the applicant has previously been licensed as a driver and, if so, when and by what state or country and whether that previous license has ever been suspended or revoked or whether an application has ever been refused and, if so, the date of and reason for the suspension, revocation or refusal. The secretary (of TRD) is authorized to establish by regulation other documents that may be accepted as a substitute for a social security number.

FISCAL IMPLICATIONS

There is no fiscal impact.

SIGNIFICANT ISSUES

The intent of the bill is not clear since most individuals use their social security numbers as their tax payer ID numbers.
