

Fiscal impact reports (FIRs) are prepared by the Legislative Finance Committee (LFC) for standing finance committees of the NM Legislature. The LFC does not assume responsibility for the accuracy of these reports if they are used for other purposes.

Current FIRs (in HTML & Adobe PDF formats) are available on the NM Legislative Website (legis.state.nm.us). Adobe PDF versions include all attachments, whereas HTML versions may not. Previously issued FIRs and attachments may be obtained from the LFC in Suite 101 of the State Capitol Building North.

## FISCAL IMPACT REPORT

#### Responses Received From

Economic Development Department (EDD)

Higher Education Department (HED)

### SUMMARY

#### Synopsis of Bill

Senate Bill 633 appropriates \$390,000 from the General Fund to the Regents of UNM for expenditure in FY 2008 to expand the Manufacturing Engineering Program.

### FISCAL IMPLICATIONS

The appropriation of \$390,000 contained in this bill is a recurring expense to the General Fund. Any unexpended or unencumbered balance remaining at the end of FY 2008 shall revert to the General Fund.

### SIGNIFICANT ISSUES

According to HED, funds will be utilized for the Manufacturing Training and Technology Center (MTTC) clean room Phase II operations and auxiliary faculty. The MTTC clean room requires

additional personnel, maintenance, and supplies consistent with the enhanced Phase-II facilities just built.

The UNM Manufacturing Engineering Program (MEP) is a multi-disciplinary Masters-level academic program that prepares students for real-world manufacturing and management. The graduate program covers modern manufacturing methods across computer, mechanical, electronic, and business disciplines. The program integrates manufacturing theory with manufacturing practice by bringing industry experts into the classroom and by giving students actual industry projects. In addition, MEP supports state-of-the-art hands-on laboratories, world-class research, and novel training programs.

This proposal for additional funding was not submitted to the HED by UNM for review and was not included in HED's funding recommendation for FY08.

**CONFLICT, DUPLICATION, COMPANIONSHIP, RELATIONSHIP**

The General Appropriation Act (HB 7/SB 2) appropriates \$641,700 for the MEP. House Bill 385 is a duplicate.
