O. Public funds to be invested in negotiable securities or loans to financial institutions fully secured by negotiable securities at current market value shall not be paid out unless there is a contemporaneous transfer of the

securities at the earliest time industry practice permits, but in all cases, settlement shall be on a same-day basis either by physical delivery or, in the case of uncertificated securities, by appropriate book entry on the books of the issuer, to the purchaser or to a reputable safekeeping financial institution acting as agent or trustee for the purchaser, which agent or trustee shall furnish timely confirmation to the purchaser."

Section 3. Section 6-10-10.1 NMSA 1978 (being Laws 1988, Chapter 61, Section 2, as amended) is amended to read:

"6-10-10.1. PARTICIPATING GOVERNMENT INVESTMENT FUND
CREATED--DISTRIBUTION OF EARNINGS--REPORT OF INVESTMENTS.--

A. There is created in the state treasury the "participating government investment fund". The fund shall consist of all deposits from participating governments, including revenues dedicated to repaying bonds, that are placed in the custody of the state treasurer for investment purposes pursuant to this section. The state treasurer shall maintain one or more separate accounts for each participating government having deposits in the participating government investment fund and may divide the fund into two or more subfunds, as the state treasurer deems appropriate, for short-term and medium-term investment purposes, including one or more subfunds for bond proceeds deposited by participating governments.

B. If an eligible governing body is unable to receive payment on public money at the rate of interest as set forth in Section 6-10-36 NMSA 1978 from financial institutions within the geographic boundaries of the eligible governing body, or if the eligible governing body is not bound by the terms of Section 6-10-36 NMSA 1978, the finance officer having control of the money of that eligible governing body not required for current expenditure may, with the consent of the board of finance of the eligible governing body if consent is required by the laws or rules of the eligible governing body, remit some or all of the money to the state treasurer for deposit for the purpose of investment as allowed by this section.

C. Before funds are invested or reinvested pursuant to this section, a finance officer shall notify and make the funds available for investment to banks, savings and loan associations and credit unions located within the geographical boundaries of the participating government or the eligible governing body, subject to the limitation on credit union accounts. To be eligible for deposit of the government funds, the financial institution shall pay to the participating government or eligible governing body the rate established by the state treasurer pursuant to a policy adopted by the state board of finance for the investments.

D. A finance officer shall specify the length of

time a deposit shall be in the participating government investment fund. The state treasurer through the use of the state fiscal agent shall separately track each deposit and shall make information regarding the deposit available to the public upon written request.

E. The state treasurer shall invest the participating government investment fund as provided in Section 6-10-10 NMSA 1978 regarding the investment of state funds in investments with a maturity at the time of purchase that does not exceed three years. The state treasurer may elect to have the participating government investment fund consolidated for investment purposes with the state funds under the control of the state treasurer; provided that accurate and detailed accounting records are maintained for the account of each participating government and that a proportionate amount of interest earned is credited to each of the separate accounts of a participating government. The fund shall be invested to achieve its objective, which is to realize the maximum return consistent with safe and prudent management.

F. At the end of each month, all net investment income or losses from investment of the participating government investment fund shall be distributed by the state treasurer to the accounts of participating governments in amounts directly proportionate to the respective amounts

deposited by them in the participating government investment fund and the length of time the amounts in each account were invested.

G. The state treasurer shall charge participating governments reasonable audit, administrative and investment expenses and shall deduct those expenses directly from the net investment income for the investment and administrative services provided pursuant to this subsection. The amount of the charges, the manner of the use by the state treasurer and the nature of bond-related services to be offered shall be established in rules adopted and promulgated by the state treasurer subject to approval by the state board of finance.

H. Subject to appropriation by the legislature, amounts deducted from the accounts of participating governments for charges permitted pursuant to this section shall be expended by the state treasurer in fiscal year 2008 and in subsequent fiscal years for the administration and management of the participating government investment fund, services provided to participating governments related to investment of their money in that fund and other services authorized by this section. Balances remaining at the end of a fiscal year from the amounts deducted pursuant to this section shall revert to the general fund. Balances in the state treasurer's operating account resulting from deductions taken pursuant to this section in excess of the amount

required to provide administration, management and related services required by this subsection or other services authorized by this section shall be offset by reductions in the charges made by the state treasurer to the accounts of participating governments in subsequent deductions from participating governments' accounts.

I. Investments of the participating government investment fund shall be made in such a manner that the portion of the fund invested in short-term investments maintains a "AA" or higher rating. Each fiscal year and at such other times as directed by the state board of finance, the state treasurer shall cause to have the short-term investment portion of the participating government investment fund rated by a nationally recognized statistical rating organization. If the rating received by the short-term investment portion of the fund is lower than "AA", the state treasurer shall immediately submit a plan to the state board of finance detailing the steps that will be taken to obtain a "AA" or higher rating.

J. The state treasurer may offer to provide to participating governments services related to requirements of the federal income tax laws applicable to the investment of bond proceeds.

K. A tribe or quasi-governmental body created pursuant to New Mexico statute may become a participating

government only if the governing authority of the tribe or quasi-governmental body has adopted a resolution authorizing the tribe or quasi-governmental body to remit money to the state treasurer for investment in the participating government investment fund.

L. Deposits by the state treasurer on behalf of the general fund shall not exceed five percent of the total amount in the participating government investment fund at any time."

Section 4. EMERGENCY.--It is necessary for the public peace, health and safety that this act take effect immediately.
