AN ACT

RELATING TO MEDICAL ASSISTANCE; AMENDING A SECTION OF THE
PUBLIC ASSISTANCE ACT TO ALLOW DOCTORS OF OSTEOPATHY AND
PHARMACIST CLINICIANS TO MANAGE CARE IN THE MEDICAL-ASSISTANCE
MEDICAL HOME PROGRAM.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. Section 27-2-12.15 NMSA 1978 (being Laws
2009, Chapter 143, Section 1) is amended to read:

"27-2-12.15. MEDICAID, STATE CHILDREN'S HEALTH
INSURANCE PROGRAM AND STATE COVERAGE INITIATIVE PROGRAM
MEDICAL HOME WAIVER--RULEMAKING--APPLICATION FOR WAIVER OR
STATE PLAN AMENDMENT.--

A. Subject to the availability of state funds and
consistent with the federal Social Security Act, the
department shall work with its contractors that administer the
state's approved waiver programs to promote and, if
practicable, develop a program called the "medical home
program". The "medical home" is an integrated care management
model that emphasizes primary medical care that is continuous,
comprehensive, coordinated, accessible, compassionate and
culturally appropriate. Care within the medical home includes
primary care, preventive care and care management services and
uses quality improvement techniques and information technology
for clinical decision support. Components of the medical home
medical home
model may include:

(1) assignment of recipients to a primary care provider, clinic or practice that will serve as a medical home;

(2) promotion of the health commons model of service delivery, whereby the medical home tracks recipients' primary care, specialty, behavioral health, dental health and social services needs as much as practicable;

(3) health education, health promotion, peer support and other services that may integrate with health care services to promote overall health;

(4) health risk or functional needs assessments for recipients;

(5) a method for reporting on the effectiveness of the medical home model and its effect upon recipients' utilization of health care services and the associated cost of utilization of those services;

(6) mechanisms to reduce inappropriate emergency department utilization by recipients;

(7) financial incentives for the provision of after-hours primary care;

(8) mechanisms that ensure a robust system of care coordination for assessing, planning, coordinating and monitoring recipients with complex, chronic or high-cost health care or social support needs, including attendant care
and other services needed to remain in the community;

(9) implementation of a comprehensive, community-based initiative to educate recipients about effective use of the health care delivery system, including the use of community health workers or promotoras;

(10) strategies to prevent or delay institutionalization of recipients through the effective utilization of home- and community-based support services;

(11) a primary care provider for each recipient, who advocates for and provides ongoing support, oversight and guidance to implement an integrated, coherent, cross-disciplinary plan for ongoing health care developed in partnership with the recipient and including all other health care providers furnishing care to the recipient;

(12) implementation of evidence-based medicine and clinical decision support tools to guide decision-making at the point-of-care based upon recipient-specific factors;

(13) use of comparative effectiveness to make a cost-benefit analysis of health care practices;

(14) use of health information technology, including remote supervision, recipient monitoring and recipient registries, to monitor and track the health status of recipients;

(15) development and use of safe and secure
health information technology to promote convenient recipient
access to personal health information, health services and web
sites with tools for patient self-management;

(16) implementation of training programs for
personnel involved in the coordination of care for recipients;

(17) implementation of equitable financial
incentive and compensation systems for primary care providers
and other staff engaged in care management and the medical
home model; and

(18) any other components that the secretary
determines will improve a recipient's health outcome and that
are cost-effective.

B. For the purposes of this section, "primary care
provider" means a medical doctor or physician assistant
licensed under the Medical Practice Act to practice medicine
in New Mexico, an osteopathic physician licensed pursuant to
Chapter 61, Article 10 NMSA 1978, an osteopathic physician's
assistant licensed pursuant to the Osteopathic Physicians'
Assistants Act, a pharmacist clinician licensed or certified
to prescribe and administer drugs that are subject to the New
Mexico Drug, Device and Cosmetic Act; or a certified nurse
practitioner as defined in the Nursing Practice Act who
provides first contact and continuous care and who has the
staff and resources to manage the comprehensive and
coordinated health care of each individual under the primary
care provider's care."
