Synopsis of Original Bill

The Senate Finance Committee substitute for Senate Bill 313 appropriates money from the general fund, other revenue, internal services funds/interagency transfers, and federal funds for FY15, except as otherwise specifically stated in the bill, for the operation of state agencies, higher education and public schools.

Recurring general fund appropriations total \$6.17 billion an increase of \$291.8 million, or 5 percent, over the previous General Appropriation Act (GAA) while leaving reserves at 8.7 percent.

Notable spending increases include compensation increases for state and public school employees; an additional \$28 million for early childhood initiatives; and public and higher education funding increases of 6.6 percent and 5.8 percent, respectively. Recurring general fund appropriations added \$2.7 million to the marketing program of the Tourism Department; \$1.5 million for the job training/recruitment program at the Economic Development Department; \$5.9 million for expanding the capacity of graduate nursing education, undergraduate nursing education, and resident physician programs; and \$9 million to match with \$21 million of federal funds to provide a rate increase to hospitals contingent on legislation to generate county support for the Medicaid program.

Nonrecurring general fund appropriations for special, supplemental, and deficiency items totaled \$66.7 million including \$7.7 million for the computer systems enhancement fund. Notable appropriations include \$10 million for economic development projects pursuant to the Local Economic Development Act (LEDA) and \$500 thousand for the MainStreet program, \$4 million to replenish the higher education endowment fund, \$3 million for special education maintenance of effort requirements, \$2.5 million for public education common core state standards, and \$2.9 million to ensure students who received four or more semesters of the legislative lottery scholarship receive awards for full tuition costs for FY15.

The bill authorizes the transfers from the tobacco settlement permanent fund in FY14 and FY15 to the tobacco settlement program fund to replace reduced tobacco settlement revenues.
