Notwithstanding the provisions of Article 23 of Chapter 32A NMSA 1978 or other substantive law, the
public education department shall continue the established extended-day prekindergarten pilot program
during the 2015-2016 school year and may allocate up to one million five hundred thousand dollars
(\$1,500,000) for this purpose and may make awards to school districts or charter schools for three-yearolds to participate in state-funded prekindergarten in schools that have too few registered four-yearolds to fill a classroom.

8 Notwithstanding the provisions of Section 22-13-28.1 NMSA 1978 or other substantive law, the 9 general fund appropriation to the k-3 plus fund includes sufficient funding to pilot k-3 plus in fourth 10 and fifth grades in schools that voluntarily implement a schoolwide program that extends the school year 11 by a minimum of twenty-five additional days for all students and grades at each participating elementary 12 school. In setting the reimbursement amount for the summer 2015 k-3 plus program, the secretary of 13 public education shall use the final unit value set for the 2014-2015 school year as the basis for 14 funding June, July and August 2015 k-3 plus programs.

15 The general fund appropriation to the public education department of fifteen million dollars 16 (\$15,000,000) for early literacy is contingent on the public education department granting awards to 17 school districts and charter schools with high proportions of kindergarten through third-grade students 18 who are not proficient in reading and have high proportions of at-risk students.

Notwithstanding the provisions of Section 22-8-44 NMSA 1978 or other substantive law, the other state funds appropriation to the public education department for the teacher and administrator evaluation system is from the educator ethics fund.

The general fund appropriation to the public education department for teaching support for lowincome students is for a national nonprofit, nongovernmental organization with the primary purpose of recruiting recent college graduates and professionals who have a record of demonstrated achievement to teach in low-income urban and rural public schools to provide teaching support in schools with at least

 schools with eighty-five percent or more of the enrolled students eligible for free or reduced-fee lunch.
 The public education department shall enter into a contract with a national nonprofit, nongovernmental
 organization no later than September 1, 2015.

5 The general fund appropriation for school leader preparation includes one million dollars 6 (\$1,000,000) to be allocated to two or more New Mexico universities for a collaborative school principal 7 turnaround leadership program involving one or more colleges of education and one or more business 8 colleges.

9 Except for money in the appropriations in Subparagraphs (r) through (t) that is for use by the 10 public education department to provide services or support, the general fund appropriations in 11 Subparagraphs (r) through (t) are contingent on the appropriations being distributed by the department to 12 school districts and charter schools based on proposals submitted by the school districts and charter 13 schools and approved by the department. The department shall report to the department of finance and 14 administration, the legislative education study committee and the legislative finance committee by July 15 1, 2015 on a plan for proposed funding for various programs contained in those subparagraphs and shall 16 provide a final report of proposals funded, distributions and outcomes by September 1, 2016.

17 The appropriation in Subparagraph (r) is contingent on the public education department using the 18 appropriation for the following: (1) teacher and school leader preparation programs and (2) supports for 19 teacher and school administrator training, preparation, recruitment and retention. School districts with 20 established collective bargaining units may use the appropriation in any compensation initiative 21 implemented by the department, subject to collective bargaining. School districts that do not have 22 established collective bargaining units shall not be required to collectively bargain in order to 23 participate in any compensation initiative implemented by the department with this appropriation. Awards 24 made for any individual initiative pursuant to this appropriation shall not exceed seventy-five percent 25 of the total appropriation.

and the amount of state funding available for elementary physical education, the secretary of public education shall annually determine the programs and the consequent numbers of students in elementary physical education that will be used to calculate the number of elementary physical education program units.

For the 2015-2016 school year, the general fund appropriation to the state equalization guarantee 5 6 distribution includes sufficient funding for school districts and charter schools to implement a new 7 formula-based program. Those school districts and charter schools shall use current-year membership in 8 the calculation of program units for the new formula-based program. Increased enrollment pursuant to an 9 authorizer-approved increase in an existing enrollment cap shall be considered a new formula-based 10 program. Notwithstanding the provisions of Section 22-8-23.1 NMSA 1978 or other substantive law, any 11 membership in new formula-based programs shall not be included in membership for the purposes of 12 calculating enrollment growth pursuant to Section 22-8-23.1 NMSA 1978.

Each school district and charter school shall make payment in an aggregate amount not to exceed six million dollars (\$6,000,000) to the public education department for required standards-based testing costs for fiscal year 2016 for third-grade through eleventh-grade students.

16 The general fund appropriation to the state equalization guarantee distribution reflects the 17 deduction of federal revenue pursuant to Paragraph (2) of Subsection C of Section 22-8-25 NMSA 1978 that 18 includes payments commonly known as "impact aid funds" pursuant to 20 U.S.C. 7701 et seq., and formerly 19 known as "PL874 funds".
