(2) the health carrier shall pay in accordance with the prompt pay requirements under state and federal law.

C. If a nonparticipating provider and a health carrier do not reach agreement on a payment amount through the negotiation process outlined in this section within forty-five calendar days after the health carrier received the bill for the health care service, either party may submit a formal dispute resolution request to the superintendent to include all claims pertaining to a covered person from a single episode of illness.

D. Calculation of the date of health carrier receipt of the bill shall align with prompt pay requirements under applicable state and federal law.

E. A health carrier's failure to respond within forty-five days to a nonparticipating provider's request for payment via a surprise bill complaint form shall constitute acceptance of the nonparticipating provider's charges. SECTION 11. A new section of the New Mexico Insurance Code is enacted to read:

.206315.2SA
"[NEW MATERIAL] INDEPENDENT DISPUTE RESOLUTION--COSTS.--

A. A health carrier or nonparticipating provider may initiate binding arbitration to determine reimbursement for health care services provided by a nonparticipating provider. this notice, the non-requesting party shall inform the
requesting party of its final offer before arbitration occurs.

review of both parties' final offers submitted to resolve the
dispute over reimbursement for services. The arbitrator's
decision may be one of the two amounts submitted by the parties
as their final offers or another amount determined to be
reasonable by the arbitrator. If the arbitrator finds that,
given the final offers, a settlement between the health carrier
and the nonparticipating provider is reasonably likely or that
the final offers represent unreasonable extremes, the
arbitrator may direct both parties to attempt a good-faith
negotiation for settlement. The health carrier and
nonparticipating provider may be granted up to ten days for
this negotiation, which shall run concurrently with the
thirty-day period for dispute resolution.

H. In making a determination pursuant to this
section, the arbitrator may consider, and the parties shall
provide at the resolution organization's request, documentation
of the following:

(1) the individual covered person's
characteristics;

(2) the level of training, education and experience of the nonparticipating provider;

(3) the nonparticipating provider's usual charge for comparable services provided out-of-network with respect to any health benefits plans;

(4) the participating provider contracted rate of payment for comparable services;

(6) the amount that would be paid under health coverage pursuant to health coverage under Part A or Part B of Title 18 of the federal Social Security Act, as amended, or federal-state medical assistance provided pursuant to Title 19 or 21 of the federal Social Security Act for the service;

(7) the circumstances and complexity of the particular case, including the time and place of the service;

(8) the availability of the health care service for the covered person from participating providers;

(9) any payments made in prior surprise bill disputes between the provider and the health carrier; and

(10) the propensity of the provider to be included in health carrier networks.

I. The arbitrator shall issue a written decision
within thirty days after assignment of the dispute for
resolution. Copies of any written findings of fact shall be
provided to both parties and the superintendent by the same
means, whether electronic or hard copy.

J. The determination obtained through the
resolution process pursuant to this section shall be binding on
both parties and not appealable.

K. A final determination as to a claim code of a
service shall be binding on the health carrier and the provider
for any disputes between them involving the same claim code for
a period of one year from the date of the determination.

L. The arbitrator's expenses and fees, together
with other expenses, excluding attorney fees, incurred in the
conduct of the arbitration shall be shared by the parties to
the arbitration.

M. A party that fails to pay all amounts due to the
other party and to the resolution organization within thirty
days of receiving the final determination shall:

(1) pay interest to the resolution
organization and to the prevailing party at one and one-half
percent per month; and

(2) be subject to a penalty of one hundred
dollars ($100) per day, payable to the current school fund,
until all payments are made in full.

N. Nothing in this section shall preclude the
parties from reaching a resolution of their dispute before the arbitrator issues its decision.

O. A resolution organization shall:

(1) protect from disclosure, including in the information provided to the superintendent, any information specifically identifying the covered person who received the health care services that were the subject of an arbitration decision. The information shall be protected and remain confidential in compliance with all applicable federal and state laws and shall be confidential as a record pursuant to applicable state and federal law; and

(2) report to the superintendent any change in its status that would cause it to cease performing or being qualified to perform arbitrations pursuant to the Surprise Billing Protection Act."

SECTION 12. A new section of the New Mexico Insurance Code is enacted to read:

"[NEW MATERIAL] RECORDS--CONFIDENTIALITY--EXCEPTIONS--SUPERINTENDENT ANALYSIS--DISCLOSURE.--

(1) confidential and privileged;
