1 exclusion zones shall be established and monitored pursuant to
2 Subsections B through G of this section.

3 B. When a restrained party has been found to have
4 violated an order of protection, the court may, in addition to
5 other remedies, establish geographic exclusion zones into which
6 the restrained party shall not enter for, at a minimum, the
7 duration of the order of protection. The scope and area
8 encompassed by the exclusion zone shall be determined by the
9 court and may include:

- 10 (1) the protected party's residence;
- 11 (2) the protected party's place of employment;
- 12 (3) the protected party's school, college or
13 other place for education or training;
- 14 (4) the protected party's child's or
15 children's school, college or other place for education or
16 training, taking into account the underlying order of
17 protection; and
- 18 (5) other areas that the court determines are
19 necessary for the safety of the protected party.

20 C. If a restrained party enters an exclusion zone,
21 the restrained party shall be considered to have violated the
22 order of protection, unless the court finds that the entry into
23 the exclusion zone was inadvertent or otherwise permissible.

24 D. An order establishing an exclusion zone issued
25 by the court involving custody or support shall be effective

1 for a fixed period of time not to exceed six months. The order
2 may be extended for good cause upon motion of the protected
3 party for an additional period of time not to exceed six
4 months.

5 E. To enforce the exclusion zones, the court may
6 order that the restrained party wear a global positioning
7 satellite tracking device designed to transmit and record the
8 restrained party's location data. If the restrained party
9 enters a court-defined exclusion zone, the restrained party's
10 location data shall be immediately transmitted to the protected
11 party, law enforcement and the corrections department.

12 F. The second judicial district court shall
13 operate, or contract with a third party to operate, a global
14 positioning satellite tracking system. The global positioning
15 satellite tracking system used pursuant to this section shall
16 use the best available global positioning satellite technology
17 with the capability to:

18 (1) immediately notify law enforcement or
19 other monitors of any breach of the court-ordered exclusion
20 zone boundaries;

21 (2) notify the protected party in near-real
22 time of any breach;

23 (3) allow monitors to speak to the restrained
24 party through a cell phone or similar technology implanted in
25 the global positioning system device; and

2 protected party of the restrained party's presence in an

6 district may, in addition to other sanctions, order a person
7 who has violated an order of protection to monitoring by a
8 global positioning satellite tracking system pursuant to
9 Subsection A of this section.

10 H. The second judicial district may seek federal
11 funding or other funding to support the global positioning
12 tracking system monitoring of exclusion zones pilot project.

13 I. After the pilot project has been established for
14 two years, the legislative finance committee shall undertake an
15 evaluation of the effectiveness of the program."
