[B.] C. A school district with total MEM of [less] fewer than [4,000] four thousand, including early childhood education full-time-equivalent MEM, is eligible for additional program units. The number of additional program units to which a school district is entitled under this subsection is the number of district units computed in the following manner:

\[
\text{District Units} = \frac{4,000 - \text{MEM}}{4,000} \times 0.15 \times \text{MEM} = \text{Units}
\]

where MEM is equal to the total district membership, including early childhood education full-time-equivalent membership.

[C.] A school district with over 10,000 MEM with a ratio of MEM to senior high schools less than 4,000:1 is eligible for additional program units based on the number of approved regular senior high schools that are not eligible for senior high units under Subsection A of this section. The number of additional program units to which an eligible school district is entitled under this subsection is the number of units computed in the following manner:

\[
\text{Units} = \frac{4,000 - \text{MEM}}{\text{Senior High Schools}} \times 0.50 = \text{Units}
\]

where MEM is equal to the total district membership, including
early childhood education full-time-equivalent membership, and
where senior high schools are equal to the number of approved
regular senior high schools in the school district.)

D. A school district, as defined in Subsection R of
Section 22-1-2 NMSA 1978, with a MEM of [less] fewer than [209]
two hundred, including early childhood education full-time-
equivalent MEM, is eligible for additional program units
[provided that] if the department certifies that the school
district has implemented practices to reduce scale
inefficiencies, including shared service agreements with
regional education cooperatives or other school districts for
noninstructional functions and distance education. The numbers
of additional program units to which a school district is
entitled under this subsection is the number of units computed
in the following manner:

\[ 200 - \text{MEM} = \text{Units} \]

where MEM is equal to the total district MEM, including early
childhood education full-time-equivalent MEM.

E. A school district with a rural population rate
greater than forty percent or a charter school initially
chartered before July 1, 2018 and geographically located in a
school district with a rural population rate greater than forty
percent is eligible for additional program units. The number of
additional program units to which a school district or charter
school is entitled pursuant to this subsection is determined by

.211403.4
multiplying the full-time-equivalent MEM by the rural population rate and the cost differential factor of 0.0333 for fiscal year 2020, 0.0667 for fiscal year 2021 and 0.1 for fiscal year 2022 and subsequent fiscal years."

SECTION 15. Section 22-8-23.3 NMSA 1978 (being Laws 1997, Chapter 40, Section 7, as amended) is amended to read:

"22-8-23.3. AT-RISK PROGRAM UNITS.--

A. A school district is eligible for additional program units if it establishes within its department-approved educational plan identified services to assist students to reach their full academic potential. A school district receiving additional at-risk program units shall include a report of specified services implemented to improve the academic success of at-risk students. The report shall identify the ways in which the school district and individual public schools use funding generated through the at-risk index and the intended outcomes. For purposes of this section, "at-risk student" means a student who meets the criteria to be included in the calculation of the three-year average total rate in Subsection B of this section. The number of additional units to which a school district is entitled under this section is computed in the following manner:

At-Risk Index x MEM = Units

where MEM is equal to the total district membership, including early childhood education, full-time-equivalent membership and
special education membership and where the at-risk index is calculated in the following manner:

1. For fiscal year 2019,
   Three-Year Average Total Rate x 0.130 = At-Risk Index;
2. For fiscal year 2020,
   Three-Year Average Total Rate x 0.140 = At-Risk Index; and
3. For fiscal year 2021 and subsequent fiscal years
   Three-Year Average Total Rate x [0.150] 0.25 = At-Risk Index.

B. To calculate the three-year average total rate, the department shall compute a three-year average of the school district's percentage of membership used to determine its Title I allocation, a three-year average of the percentage of membership classified as English language learners using criteria established by the federal office for civil rights of the United States department of education and a three-year average of the percentage of student mobility. The department shall then add the three-year average rates. The number obtained from this calculation is the three-year average total rate.

C. The department shall recalculate the at-risk index for each school district every year."

SECTION 16. A new section of the Public School Finance Act is enacted to read:

.211403.4
"[NEW MATERIAL] EXTENDED LEARNING TIME PROGRAM.--

A. A school district or charter school is eligible for additional program units if it establishes within its department-approved educational plan an extended learning time program that meets the requirements of Subsection B, C or D of this section.

B. An extended learning time program shall include:

   (1) a minimum of one hundred ninety instructional days per school year, with at least five and one-half instructional hours per instructional day for kindergarten through sixth grade and at least six instructional hours per day for seventh through twelfth grade;

   (2) after-school program opportunities for academic learning or extracurricular enrichment to students that do not supplant federally funded programs; and

   (3) a minimum of eighty noninstructional hours per school year for professional development for instructional staff.

C. An extended learning time program in a school district operating a four-day school week in fiscal year 2019 or in a school district with fewer than one thousand MEM operating a four-day school week may include:

   (1) a minimum of one hundred sixty instructional days per school year with at least six and one-half hours per instructional day for kindergarten through sixth
grade and at least seven instructional hours per instructional
day for seventh through twelfth grade;

(2) after-school program opportunities for
academic learning or extracurricular enrichment to students that
do not supplant federally funded programs; and

(3) a minimum of eighty noninstructional hours
per school year for professional development for instructional
staff.

D. With department approval, an elementary school
that has an extended learning time program that qualifies for
extended learning time program units pursuant to Subsection B or
C of this section that also has a qualifying K-5 plus program
pursuant to the K-5 Plus Act may structure the school year to
provide the additional instructional time required pursuant to
the applicable subsection of this section by extending existing
instructional days.

E. The department shall establish standard
requirements for school districts and charter schools to
generate program units for after-school extended learning time,
including standards, MEM calculations and hourly requirements
for programs.

F. The number of additional units to which a school
district or charter school is entitled under this section is
computed in the following manner:

(1) for fiscal year 2020,
(MEM x 0.04) + (MEM in after-school extended learning time programs x 0.01);

(2) for fiscal year 2021,

(MEM x 0.06) + (MEM in after-school extended learning time programs x 0.06); and

(3) for fiscal year 2022 and subsequent fiscal years,

(MEM x 0.08) + (MEM in after-school extended learning time programs x 0.11)."

SECTION 17. A new section of the Public School Finance Act is enacted to read:

"[NEW MATERIAL] K-5 PLUS PROGRAM UNITS.--The number of K-5 plus program units is determined by multiplying the MEM in department-approved K-5 plus programs by the cost differential factor of 0.3. For each reporting date, MEM in K-5 plus programs shall be equal to the number of qualified students enrolled in an elementary school participating in the K-5 plus program."

SECTION 18. A new section of the Public School Finance Act is enacted to read:

"[NEW MATERIAL] NEW PROGRAM FUNDING.--For the first year of programs operating pursuant to the K-5 Plus Act, the Bilingual Multicultural Education Act, the Fine Arts Education Act or for extended learning time programs, a school district or charter school shall generate the applicable program units. A
school district's or charter school's budget shall be based on
the projected number of program units for the program's first
year of operation and shall be adjusted using the qualified MEM
on the first reporting date of the current school year."

SECTION 19. A new section of the Public School Finance
Act is enacted to read:

"[NEW MATERIAL] PUBLIC EDUCATION REFORM FUND CREATED.--
A. The "public education reform fund" is created as
a nonreverting fund in the state treasury and consists of
appropriations; unspecified gifts, grants and donations to the
fund; and income from investment of the fund.
B. Subject to legislative appropriation, money in
the fund is appropriated to the department for the purposes of
implementing evidence-based public education initiatives related
to high-quality teaching and school leadership, extended
learning opportunities for students, educational interventions
for at-risk students, effective and efficient school
administration or promoting public education accountability."

SECTION 20. Section 22-8B-6 NMSA 1978 (being Laws 1999,
Chapter 281, Section 6, as amended) is amended to read:

"22-8B-6. CHARTER SCHOOL REQUIREMENTS--APPLICATION
PROCESS--AUTHORIZATION--STATE BOARD OF FINANCE DESIGNATION
REQUIRED--PUBLIC HEARINGS--SUBCOMMITTEES.--
A. A local school board has the authority to approve
the establishment of a locally chartered charter school within

that local school board's district.

B. No later than the second Tuesday of January of the year in which an application will be filed, the organizers of a proposed charter school shall provide written notification to the commission and the school district in which the charter school is proposed to be located of their intent to establish a charter school. Failure to notify may result in an application not being accepted.

C. A charter school applicant shall apply to either a local school board or the commission for a charter. If an application is submitted to a chartering authority, the chartering authority shall process the application. Applications for initial charters shall be submitted by June 1 to be eligible for consideration for the following fiscal year; provided that the June 1 deadline may be waived upon agreement of the applicant and the chartering authority.

D. An application shall include the total number of grades the charter school proposes to provide, either immediately or phased. A charter school may decrease the number of grades it eventually offers, but it shall not increase the number of grades or the total number of students proposed to be served in each grade.

E. An application shall include the total number of students the charter school proposes to serve in each of the charter school's first three years of operation. No later than .211403.4
June 15, each local school board and the commission shall notify
the department as to the number of students each charter school
applicant proposes to serve in each year.

[E-] F. An application shall include a detailed
description of the charter school's projected facility needs,
including projected requests for capital outlay assistance that
have been approved by the director of the public school
facilities authority or the director's designee. The director
shall respond to a written request for review from a charter
applicant within forty-five days of the request.

[F-] G. An application may be made by one or more
teachers, parents or community members or by a public post-
secondary educational institution or nonprofit organization.
Municipalities, counties, private post-secondary educational
institutions and for-profit business entities are not eligible
to apply for or receive a charter.

[G-] H. An initial application for a charter school
shall not be made after June 30, 2007 if the proposed charter
school's proposed enrollment for all grades or the proposed
charter school's proposed enrollment for all grades in
combination with any other charter school's enrollment for all
grades would equal or exceed ten percent of the total MEM of the
school district in which the charter school will be
geographically located and that school district has a total
enrollment of not more than one thousand three hundred students.
A state-chartered charter school shall not be approved for operation unless its governing body has qualified to be a board of finance.

The chartering authority shall receive and review all applications for charter schools submitted to it. The chartering authority shall not charge application fees.

The chartering authority shall hold at least one public hearing in the school district in which the charter school is proposed to be located to obtain information and community input to assist it in its decision whether to grant a charter school application. The chartering authority may designate a subcommittee of no fewer than three members to hold the public hearing, and, if so, the hearing shall be transcribed for later review by other members of the chartering authority. Community input may include written or oral comments in favor of or in opposition to the application from the applicant, the local community and, for state-chartered charter schools, the local school board and school district in whose geographical boundaries the charter school is proposed to be located.

The chartering authority shall rule on the application for a charter school in a public meeting by September 1 of the year the application was received; provided, however, that prior to ruling on the application for which a designated subcommittee was used, any member of the chartering authority who was not present at the public hearing shall
receive the transcript of the public hearing together with
documents submitted for the public hearing. If not ruled upon
by that date, the charter application shall be automatically
reviewed by the secretary in accordance with the provisions of
Section 22-8B-7 NMSA 1978. The charter school applicant and the
chartering authority may, however, jointly waive the deadlines
set forth in this section.

[L.] M. A chartering authority may approve, approve
with conditions or deny an application. A chartering authority
may deny an application if:

(1) the application is incomplete or
inadequate;

(2) the application does not propose to offer
an educational program consistent with the requirements and
purposes of the Charter Schools Act;

(3) the proposed head administrator or other
administrative or fiscal staff was involved with another charter
school whose charter was denied or revoked for fiscal
mismanagement or the proposed head administrator or other
administrative or fiscal staff was discharged from a public
school for fiscal mismanagement;

(4) for a proposed state-chartered charter
school, it does not request to have the governing body of the
charter school designated as a board of finance or the governing
body does not qualify as a board of finance; or

.211403.4

- 40 -
(5) the application is otherwise contrary to the best interests of the charter school's projected students, the local community or the school district in whose geographic boundaries the charter school applies to operate.

[M. N. If the chartering authority denies a charter school application or approves the application with conditions, it shall state its reasons for the denial or conditions in writing within fourteen days of the meeting. If the chartering authority grants a charter, the approved charter shall be provided to the applicant together with any imposed conditions.

[N. O. A charter school that has received a notice from the chartering authority denying approval of the charter shall have a right to a hearing by the secretary as provided in Section 22-8B-7 NMSA 1978."

SECTION 21. Section 22-10A-7 NMSA 1978 (being Laws 2003, Chapter 153, Section 38, as amended) is amended to read:

a level two teacher does not demonstrate essential competency in a given school year, the school district shall provide the teacher with additional professional development and peer intervention during the following school year. If by the end of that school year the teacher fails to demonstrate essential competency, a school district may choose not to contract with the teacher to teach in the classroom.

B. The department shall issue a level two license to an applicant who successfully completes the level one license or is granted reciprocity as provided by department rules; demonstrates essential competency required by the department as verified by the local superintendent through the highly objective uniform statewide standard of evaluation; and meets other qualifications as required by the department.
