Elementary-Junior High Units

\[
\frac{200 - \text{MEM}}{200} \times 1.0 \times \text{MEM} = \text{Units}
\]

where MEM is equal to the membership of an approved elementary or junior high school, including early childhood education full-time-equivalent membership but excluding membership in class C and class D programs and excluding full-time-equivalent membership in three- and four-year-old developmentally disabled programs;

Senior High Units

\[
\frac{200 - \text{MEM}}{200} \times 2.0 \times \text{MEM} = \text{Units}
\]

or,

\[
\frac{400 - \text{MEM}}{400} \times 1.6 \times \text{MEM} = \text{Units}
\]

whichever calculation for senior high units is higher, where MEM is equal to the membership of an approved senior high school excluding membership in class C and class D programs.

B. An approved public school with a MEM of fewer than four hundred, including early childhood education full-
time-equivalent MEM but excluding MEM in class C and class D programs and excluding full-time-equivalent MEM in three- and four-year-old developmentally disabled programs, geographically located in a school district with two thousand MEM or more is eligible for additional program units computed in the following manner:

(1) for fiscal year 2020, eighty percent of the sum of elementary-junior high units and senior high units as prescribed in Subsection A of this section;

(2) for fiscal year 2021, sixty percent of the sum of elementary-junior high units and senior high units as prescribed in Subsection A of this section;

(3) for fiscal year 2022, forty percent of the sum of elementary-junior high units and senior high units as prescribed in Subsection A of this section;

(4) for fiscal year 2023, twenty percent of the sum of elementary-junior high units and senior high units as prescribed in Subsection A of this section; and

(5) for fiscal year 2024 and subsequent fiscal years, no elementary-junior high units and senior high units as prescribed in Subsection A of this section.

C. A school district with total MEM of fewer than four thousand, including early childhood education full-time-equivalent MEM, is eligible for additional program units. The number of additional program units to which a school district
is entitled under this subsection is the number of district
units computed in the following manner:

\[
\text{District Units} = \frac{4,000 - \text{MEM}}{4,000} \times 0.15 \times \text{MEM} = \text{Units}
\]

where MEM is equal to the total district membership,
including early childhood education full-time-equivalent
membership.

D. A school district, as defined in Subsection R
of Section 22-1-2 NMSA 1978, with a MEM of fewer than two

including shared service agreements with regional education
cooperatives or other school districts for noninstructional
functions and distance education. The numbers of additional
program units to which a school district is entitled under
this subsection is the number of units computed in the
following manner:

\[
200 - \text{MEM} = \text{Units}
\]

where MEM is equal to the total district MEM, including early
childhood education full-time-equivalent MEM.

E. A school district with a rural population rate
greater than forty percent or a charter school initially chartered before July 1, 2018 and geographically located in a school district with a rural population rate greater than forty percent is eligible for additional program units. The number of additional program units to which a school district or charter school is entitled pursuant to this subsection is determined by multiplying the full-time-equivalent MEM by the rural population rate and the cost differential factor of 0.03 for fiscal year 2020, 0.06 for fiscal year 2021, 0.09 for fiscal year 2022, 0.12 for fiscal year 2023 and 0.15 for fiscal year 2024 and subsequent fiscal years."

The report shall identify the ways in which the school district and individual public schools use funding generated through the at-risk index and the intended outcomes. For purposes of this section, "at-risk student" means a student who meets the criteria to be
included in the calculation of the three-year average total rate in Subsection B of this section. The number of additional units to which a school district is entitled under this section is computed in the following manner:

\[ \text{At-Risk Index} \times \text{MEM} = \text{Units} \]

where MEM is equal to the total district membership, including early childhood education, full-time-equivalent membership and special education membership and where the at-risk index is calculated in the following manner:

\[ \text{Three-Year Average Total Rate} \times 0.25 = \text{At-Risk Index}. \]

B. To calculate the three-year average total rate, the department shall compute a three-year average of the school district's percentage of membership used to determine its Title I allocation, a three-year average of the percentage of membership classified as English language learners using criteria established by the office for civil rights of the United States department of education and a three-year average of the percentage of student mobility. The department shall then add the three-year average rates. The number obtained from this calculation is the three-year average total rate.

C. The department shall recalculate the at-risk index for each school district every year.

D. For purposes of this section, "services" means research-based or evidence-based social, emotional or academic interventions, such as:
(1) case management, tutoring, reading interventions and after-school programs that are delivered by social workers, counselors, teachers or other professional staff;

(2) culturally relevant professional and curriculum development, including those necessary to support language acquisition, bilingual and multicultural education;

(3) additional compensation strategies for high-need schools;

(4) whole school interventions, including school-based health centers and community schools;

(5) educational programming intended to improve career and college readiness of at-risk students, including dual or concurrent enrollment, career and technical education, guidance counseling services and coordination with post-secondary institutions; and

(6) services to engage and support parents and families in the education of students."

SECTION 16. A new section of the Public School Finance Act is enacted to read:

"EXTENDED LEARNING TIME PROGRAM.--

A. A school district or charter school is eligible for additional program units if it establishes within its department-approved educational plan an extended learning time program that meets the requirements of Subsection B, C or D of
B. An extended learning time program shall include:

(1) a minimum of one hundred ninety instructional days per school year, with at least five and one-half instructional hours per instructional day for kindergarten through sixth grade and at least six instructional hours per day for seventh through twelfth grade;

(2) after-school program opportunities for academic learning or extracurricular enrichment to students that do not supplant federally funded programs; and

(3) a minimum of eighty noninstructional hours per school year for professional development for instructional staff.

C. An extended learning time program in a school district operating a four-day school week in fiscal year 2019 or in a school district with fewer than one thousand MEM operating a four-day school week shall include:

(1) a minimum of one hundred sixty instructional days per school year with at least six and one-half hours per instructional day for kindergarten through sixth grade and at least seven instructional hours per instructional day for seventh through twelfth grade;

(2) after-school program opportunities for academic learning or extracurricular enrichment to students
that do not supplant federally funded programs; and

(3) a minimum of eighty noninstructional

hours per school year for professional development for

instructional staff.

D. With department approval, an elementary school

that has an extended learning time program that qualifies for

extended learning time program units pursuant to Subsection B

or C of this section that also has a qualifying K-5 plus

program pursuant to the K-5 Plus Act may structure the school

year to provide the additional instructional time required

pursuant to the applicable subsection of this section by

extending existing instructional days.

E. The number of additional units to which a

school district or charter school is entitled under this

section is computed in the following manner:

\[
\text{MEM} \times 0.11.
\]

SECTION 17. A new section of the Public School Finance

Act is enacted to read:

"K-5 PLUS PROGRAM UNITS.--The number of K-5 plus program

units is determined by multiplying the MEM in

department-approved K-5 plus programs by the cost differential

factor of 0.3. For each reporting date, MEM in K-5 plus

programs shall be equal to the number of qualified students on

a reporting date chosen by the department."

SECTION 18. A new section of the Public School Finance
Act is enacted to read:

"NEW PROGRAM FUNDING.--For the first year of programs operating pursuant to the K-5 Plus Act, the Bilingual Multicultural Education Act, the Fine Arts Education Act or for extended learning time programs, a school district or charter school shall generate the applicable program units. A school district's or charter school's budget shall be based on the projected number of program units for the program's first year of operation and shall be adjusted using the qualified MEM on the first reporting date of the current school year."

SECTION 19. A new section of the Public School Finance Act is enacted to read:

"PUBLIC EDUCATION REFORM FUND CREATED.--

A. The "public education reform fund" is created as a nonreverting fund in the state treasury and consists of appropriations; unspecified gifts, grants and donations to the fund; and income from investment of the fund.

B. Subject to legislative appropriation, money in the fund is appropriated to the department for the purposes of implementing evidence-based public education initiatives related to high-quality teaching and school leadership, extended learning opportunities for students, educational interventions for at-risk students, effective and efficient school administration or promoting public education accountability."
SECTION 20. Section 22-8B-6 NMSA 1978 (being Laws 1999, Chapter 281, Section 6, as amended) is amended to read:

"22-8B-6. CHARTER SCHOOL REQUIREMENTS--APPLICATION PROCESS--AUTHORIZATION--STATE BOARD OF FINANCE DESIGNATION REQUIRED--PUBLIC HEARINGS--SUBCOMMITTEES.--

A. A local school board has the authority to approve the establishment of a locally chartered charter school within that local school board's district.

B. No later than the second Tuesday of January of the year in which an application will be filed, the organizers of a proposed charter school shall provide written notification to the commission and the school district in which the charter school is proposed to be located of their intent to establish a charter school. Failure to notify may result in an application not being accepted.

C. A charter school applicant shall apply to either a local school board or the commission for a charter. If an application is submitted to a chartering authority, the chartering authority shall process the application. Applications for initial charters shall be submitted by June 1 to be eligible for consideration for the following fiscal year; provided that the June 1 deadline may be waived upon agreement of the applicant and the chartering authority.

D. An application shall include the total number of grades the charter school proposes to provide, either
immediately or phased. A charter school may decrease the
number of grades it eventually offers, but it shall not
increase the number of grades or the total number of students
proposed to be served in each grade.

E. An application shall include the total number
of students the charter school proposes to serve in each of
the charter school's first three years of operation. No later
than June 15, each local school board and the commission shall
notify the department as to the number of students each
charter school applicant proposes to serve in each year.

F. An application shall include a detailed
description of the charter school's projected facility needs,
including projected requests for capital outlay assistance
that have been approved by the director of the public school
facilities authority or the director's designee. The director
shall respond to a written request for review from a charter
applicant within forty-five days of the request.

G. An application may be made by one or more
teachers, parents or community members or by a public post-
secondary educational institution or nonprofit organization.
Municipalities, counties, private post-secondary educational
institutions and for-profit business entities are not eligible
to apply for or receive a charter.

H. An initial application for a charter school
shall not be made after June 30, 2007 if the proposed charter
school's proposed enrollment for all grades or the proposed charter school's proposed enrollment for all grades in combination with any other charter school's enrollment for all grades would equal or exceed ten percent of the total MEM of the school district in which the charter school will be geographically located and that school district has a total enrollment of not more than one thousand three hundred students.

I. A state-chartered charter school shall not be approved for operation unless its governing body has qualified to be a board of finance.

J. The chartering authority shall receive and review all applications for charter schools submitted to it. The chartering authority shall not charge application fees.

K. The chartering authority shall hold at least one public hearing in the school district in which the charter school is proposed to be located to obtain information and community input to assist it in its decision whether to grant a charter school application. The chartering authority may designate a subcommittee of no fewer than three members to hold the public hearing, and, if so, the hearing shall be transcribed for later review by other members of the chartering authority. Community input may include written or oral comments in favor of or in opposition to the application from the applicant, the local community and, for state-
chartered charter schools, the local school board and school
district in whose geographical boundaries the charter school
is proposed to be located.

L. The chartering authority shall rule on the
application for a charter school in a public meeting by
September 1 of the year the application was received;
provided, however, that prior to ruling on the application for
which a designated subcommittee was used, any member of the
chartering authority who was not present at the public hearing
shall receive the transcript of the public hearing together
with documents submitted for the public hearing. If not ruled
upon by that date, the charter application shall be
automatically reviewed by the secretary in accordance with the
provisions of Section 22-8B-7 NMSA 1978. The charter school
applicant and the chartering authority may, however, jointly
waive the deadlines set forth in this section.

M. A chartering authority may approve, approve
with conditions or deny an application. A chartering
authority may deny an application if:

(1) the application is incomplete or
inadequate;

(2) the application does not propose to
offer an educational program consistent with the requirements
and purposes of the Charter Schools Act;

(3) the proposed head administrator or other
administrative or fiscal staff was involved with another charter school whose charter was denied or revoked for fiscal mismanagement or the proposed head administrator or other administrative or fiscal staff was discharged from a public school for fiscal mismanagement;

(4) for a proposed state-chartered charter school, it does not request to have the governing body of the charter school designated as a board of finance or the governing body does not qualify as a board of finance; or

(5) the application is otherwise contrary to the best interests of the charter school's projected students, the local community or the school district in whose geographic boundaries the charter school applies to operate.

N. If the chartering authority denies a charter school application or approves the application with conditions, it shall state its reasons for the denial or conditions in writing within fourteen days of the meeting. If the chartering authority grants a charter, the approved charter shall be provided to the applicant together with any imposed conditions.

O. A charter school that has received a notice from the chartering authority denying approval of the charter shall have a right to a hearing by the secretary as provided in Section 22-8B-7 NMSA 1978."
