A. The "tax stabilization reserve" is created
within the state treasury as a reserve fund of the state.

B. The tax stabilization reserve consists of money
directed or appropriated to it by law and all income from
investment of the reserve. The state investment officer,
subject to the approval of the state investment council, shall
.216897.5
invest money in the reserve:

(1) in accordance with the prudent investor rule set forth in the Uniform Prudent Investor Act; and

Annually, a report shall be submitted no later than October 1 each year to the legislative finance committee, the revenue stabilization and tax policy committee and any other appropriate interim committees.

D. Except as otherwise provided in Subsection E of this section and Subsection B of Section 6-4-4 NMSA 1978, any balance of the tax stabilization reserve may be:

(1) appropriated only by a two-thirds' majority vote of both houses of the legislature following receipt by the legislature of a declaration of the governor that such an appropriation is necessary for the public peace, health and safety; or
(2) expended by the governor only:
(a) pursuant to an appropriation made by a two-thirds' majority vote of both houses of the legislature specifying the amount of the appropriation and the purpose of the expenditure; and
(b) if the governor declares that the
expenditure is necessary for the public peace, health and safety.

E. SECTION 2. Section 6-4-4 NMSA 1978 (being Laws 1987, Chapter 347, Section 4, as amended) is amended to read:

"6-4-4. [RESERVATION OF EXCESS TRANSFERS BETWEEN GENERAL FUND REVENUES] RESERVES.--

A. For the seventy-seventh and subsequent fiscal years, if the revenues of the general fund exceed the total of appropriations from the general fund, the excess revenue shall be transferred to the general fund operating reserve; provided that if the sum of the excess revenue plus the balance in the general fund operating reserve prior to the transfer is greater than eight percent of the aggregate recurring appropriations from the general fund for the previous fiscal year, then an amount equal to the smaller of either the amount of the excess
revenue or the difference between the sum and eight percent of the aggregate recurring appropriations from the general fund for the previous fiscal year shall be transferred to the tax stabilization reserve.

B. If the balance in the general fund operating reserve at the end of the current fiscal year is less than one percent of aggregate general fund appropriations for the current fiscal year, as determined by the department of finance and administration, then an amount equal to the smaller of either one percent of aggregate general fund appropriations for the current fiscal year or the amount necessary to bring the balance of the general fund operating reserve to one percent of aggregate general fund appropriations for the current fiscal year shall be transferred from the tax stabilization reserve to the general fund operating reserve."
