9 Chapter 290, Section 6, as amended by Laws 2017, Chapter 7,
10 Section 2 and by Laws 2017, Chapter 45, Section 2) is amended
11 to read:

12 "9-27-6. SECRETARY--DUTIES AND GENERAL POWERS.--

13 A. The secretary is responsible to the governor for
14 the operation of the department. It is the secretary's duty to
15 manage all operations of the department and to administer and
16 enforce the laws with which the secretary or the department is
17 charged.

18 B. To perform the secretary's duties, the secretary
19 has every power expressly enumerated in the laws, whether
20 granted to the secretary or the department or any division of
21 the department, except where authority conferred upon any
22 division is explicitly exempted from the secretary's authority
23 by statute. In accordance with these provisions, the secretary
24 shall:

25 (1) exercise general supervisory and

.225565.4

1 appointing authority over all department employees, subject to
 2 any applicable personnel laws and regulations;

3 (2) delegate authority to subordinates as the
 4 secretary deems necessary and appropriate, clearly delineating
 5 such delegated authority and the limitations thereto;

6 (3) organize the department into those
 7 organizational units the secretary deems will enable it to
 8 function most efficiently, subject to provisions of law
 9 requiring or establishing specific organizational units;

10 (4) within the limitations of available
 11 appropriations and applicable laws, employ and fix the
 12 compensation of those persons necessary to discharge the
 13 secretary's duties;

14 (5) take administrative action by issuing
 15 orders and instructions, not inconsistent with the law, to
 16 ensure implementation of and compliance with the provisions of
 17 law for whose administration or execution the secretary is
 18 responsible and to enforce those orders and instructions by
 19 appropriate administrative action in the courts;

20 (6) conduct research and studies that will
 21 improve the operations of the department and the provision of
 22 services to state agencies and the residents of the state;

23 (7) provide courses of instruction and
 24 practical training for employees of the department and other
 25 persons involved in the administration of programs with the

1 objective of improving the operations and efficiency of
2 administration;

3 (8) prepare an annual budget of the
4 department;

5 (9) provide cooperation, at the request of
6 heads of administratively attached agencies, in order to:

7 (a) minimize or eliminate duplication of
8 services and jurisdictional conflicts;

9 (b) coordinate activities and resolve
10 problems of mutual concern; and

11 (c) resolve by agreement the manner and
12 extent to which the department shall provide budgeting,
13 recordkeeping and related clerical assistance to
14 administratively attached agencies; ~~and~~

15 (10) appoint for each division a "director".

16 These appointed positions are exempt from the provisions of the
17 Personnel Act. Persons appointed to these positions shall
18 serve at the pleasure of the secretary; and

19 (11) acquire, hold and maintain, through
20 lease, trade or purchase, any real or personal property
21 necessary to meet customer requirements or department
22 obligations, including obligations of administratively attached
23 offices or bodies.

24 C. As the chief information officer, the secretary
25 shall:

.225565.4

1 (1) review executive agency plans regarding
2 prudent allocation of information technology resources;
3 reduction of duplicate or redundant data, hardware and
4 software; and improvement of system interoperability and data
5 accessibility among agencies;

6 (2) approve executive agency information
7 technology requests for proposals and other executive agency
8 requests that are subject to the Procurement Code, prior to
9 final approval;

10 (3) promulgate rules for oversight of
11 information technology procurement;

12 (4) approve executive agency information
13 technology contracts and amendments to those contracts,
14 including emergency procurements, sole source contracts and
15 price agreements, prior to approval by the department of
16 finance and administration;

17 (5) develop and implement procedures to
18 standardize data elements, determine data ownership and ensure
19 data sharing among executive agencies;

20 (6) verify compliance with state information
21 architecture and the state information technology strategic
22 plan before approving documents referred to in Paragraphs (2)
23 and (4) of this subsection;

24 (7) monitor executive agency compliance with
25 its agency plan, the state information technology strategic

1 plan and state information architecture and report to the
2 governor, executive agency management and the legislative
3 finance committee on noncompliance;

4 (8) develop information technology cost
5 recovery mechanisms and information systems rate and fee
6 structures of state agencies and other public or private sector
7 providers and make recommendations to the information
8 technology rate committee;

9 (9) provide technical support to executive
10 agencies in the development of their agency plans;

11 (10) ensure the use of existing public or
12 private information technology or telecommunications resources
13 when the use is practical, efficient, effective and financially
14 prudent and is in compliance with the Procurement Code;

15 (11) review appropriation requests related to
16 executive agency information technology requests to ensure
17 compliance with agency plans and the state information
18 technology strategic plan and make written recommendations by
19 November 14 of each year to the department of finance and
20 administration and by November 21 of each year to the
21 legislative finance committee and the appropriate interim
22 legislative committee; provided, however, that the
23 recommendations to the legislative committees have been agreed
24 to by the department of information technology and the
25 department of finance and administration;

.225565.4

1 (12) promulgate rules to ensure that
 2 information technology projects satisfy criteria established by
 3 the secretary and are phased in with funding released in phases
 4 contingent upon successful completion of the prior phase;

5 (13) provide oversight of information
 6 technology projects, including ensuring adequate risk
 7 management, disaster recovery and business continuity practices
 8 and monitoring compliance with strategies for information
 9 technology projects that affect multiple agencies;

10 (14) conduct reviews of information technology
 11 projects and provide written reports to the appropriate
 12 legislative oversight bodies;

13 (15) conduct background checks on department
 14 employees and prospective department employees that have or
 15 will have administrative access or authority to sensitive,
 16 confidential or private information or the ability to alter
 17 systems, networks or other information technology hardware or
 18 software; and

19 (16) perform any other information technology
 20 function assigned by the governor.

21 D. As the chief information officer, the secretary
 22 may:

23 (1) upon the advice and recommendation of the
 24 director of the office of broadband access and expansion
 25 pursuant to the provisions of the Broadband Access and

1 Expansion Act, make available by lease or sale at the
2 department's established rates on a competitively neutral basis
3 such state-owned broadband network infrastructure or internet
4 service that would connect underserved and unserved populations
5 of New Mexico and otherwise support objectives of the state
6 broadband plan;

7 (2) offer cybersecurity risk prevention and
8 information technology mitigation and response solutions,
9 including application and equipment selection, intrusion
10 response, system monitoring or system testing for all users of
11 agency-operated or -owned information technology, to include
12 compliance standards for broadband infrastructure projects
13 within the oversight or administration of the department; and

14 (3) establish an administrative hearing and
15 enforcement process internal to the department or in
16 coordination with the administrative hearings office to support
17 the department's private sector regulatory activities or any
18 administratively attached office or body.

19 ~~[D-]~~ E. Each executive agency shall submit an
20 agency information technology plan to the secretary in the form
21 and detail required by the secretary. Each executive agency
22 shall conduct background checks on agency or prospective agency
23 employees that have or will have administrative access or
24 authority to alter systems, networks or other information
25 technology hardware or software.

1 ~~[E-]~~ F. A state agency that receives an invoice
2 from the department for services rendered to the agency shall
3 have thirty days from receipt of the invoice to pay the
4 department or to notify the department if the amount of the
5 invoice is in dispute. The agency shall have fifteen days from
6 its notification of dispute to the department to present its
7 reasons in writing and request an adjustment. The department
8 shall have fifteen days from its receipt of the reasons for
9 dispute to notify the agency of its decision. If the
10 department and the agency do not agree on a resolution, the
11 secretary of finance and administration shall make a
12 determination on the amount owed by the agency to the
13 department. If the agency has not paid the department or
14 notified the department of a dispute within thirty days of
15 receipt of the invoice, the department shall notify the
16 department of finance and administration and request that the
17 department of finance and administration transfer funds from
18 the agency to the department of information technology to
19 satisfy the agency's obligation.

20 ~~[F-]~~ G. The secretary, as chief information
21 officer, shall prepare a state information technology strategic
22 plan for the executive branch and update it at least once every
23 three years, which plan shall be available to agencies by July
24 31 of each year. The plan shall comply with the provisions of
25 the Department of Information Technology Act and provide for

.225565.4

1 the:

2 (1) interchange of information related to
3 information technology among executive agencies;

4 (2) coordination among executive agencies in
5 the development and maintenance of information technology
6 systems;

7 (3) protection of the privacy and security of
8 individual information as well as of individuals using the
9 state's information technology systems;

10 (4) development of a statewide broadband
11 network plan in conjunction with the public education
12 department, the higher education department, state
13 universities, other educational institutions, the public school
14 capital outlay council, political subdivisions of the state,
15 Indian nations, tribes and pueblos, the public regulation
16 commission and telecommunication network service providers; and

17 (5) coordination and aggregation of services
18 where feasible for entities as provided for in Section 9-27-20
19 NMSA 1978 and other publicly funded entities.

20 [~~G.~~] H. The secretary may apply for and receive,
21 with the governor's approval, in the name of the department,
22 any public or private funds, including United States government
23 funds, available to the department to carry out its programs,
24 duties or services or those of an administratively attached
25 office or public body.

.225565.4

1 ~~[H.]~~ I. Where information technology functions of
 2 executive agencies overlap or a function assigned to one agency
 3 could better be performed by another agency, the secretary may
 4 recommend appropriate legislation to the next session of the
 5 legislature for its approval.

6 ~~[I.—The]~~ J. Pursuant to the State Rules Act and
 7 rules promulgated pursuant to that act, the secretary may make
 8 and adopt such reasonable procedural rules as may be necessary
 9 to carry out the duties, or relating to any matter within the
 10 oversight, of the department and its administratively attached
 11 offices or public bodies, divisions and requirements and
 12 standards for the executive branch's information technology
 13 needs, functions, systems and resources, including:

- 14 (1) information technology security;
- 15 (2) approval for procurement of information
 16 technology not in conflict with the Procurement Code that
 17 exceeds an amount set by rule;
- 18 (3) detail and format for the agency
 19 information technology plan;
- 20 (4) acquisition, licensing and sale of
 21 information technology; and
- 22 (5) requirements for agency information
 23 technology projects and related plan, analysis, oversight,
 24 assessment and specifications.

25 ~~[J.]~~ K. Unless otherwise provided by statute, no

1 rule affecting any person or agency outside the department
2 shall be adopted, amended or repealed without a public hearing
3 on the proposed action before the secretary or a hearing
4 officer designated by the secretary. The public hearing shall
5 be held in Santa Fe unless otherwise permitted by statute.
6 Notice of the subject matter of the rule, the action proposed
7 to be taken, the time and place of the hearing, the manner in
8 which interested persons may present their views and the method
9 by which copies of the proposed rule, proposed amendment or
10 repeal of an existing rule may be obtained shall be published
11 once at least thirty days prior to the hearing date in a
12 newspaper of general circulation and mailed at least thirty
13 days prior to the hearing date to all persons who have made a
14 written request for an advance notice of hearing. Rules shall
15 be filed in accordance with the State Rules Act."

16 SECTION 3. Section 9-27-7 NMSA 1978 (being Laws 2007,
17 Chapter 290, Section 7, as amended) is amended to read:

18 "9-27-7. INFORMATION TECHNOLOGY RATE COMMITTEE--
19 MEMBERSHIP--DUTIES.--

20 A. The "information technology rate committee" is
21 created. The committee consists of seven members as follows:

22 (1) five members appointed by the governor
23 from executive agencies that use information technology
24 services and pay rates to an internal service fund;

25 (2) the secretary of finance and

.225565.4

1 administration, who shall serve as chair of the committee; and

2 (3) the secretary of information technology.

3 B. The information technology rate committee shall:

4 (1) review the rate and fee schedule proposed
5 by the secretary;

6 (2) ensure that the rate and fee schedule
7 complies with the federal office of management and budget
8 circular A-87 or its successor directive with respect to rates
9 for expenditure of money from federal grant awards;

10 (3) consider for approval an equitable rate
11 and fee schedule based on cost recovery for state agencies that
12 use information technology services and pay rates to an
13 internal service fund, with priority service to public safety
14 agencies;

15 (4) present the committee's proposed rate and
16 fee schedule by June 1 of each year to the office of the
17 governor, the department of finance and administration and the
18 legislative finance committee; and

19 (5) by July 15 of each year, implement a rate
20 and fee schedule based on the committee's recommendations;
21 provided, however, that a reduction in rates or fees by the
22 department shall not require the committee's approval if the
23 reduction is based on cost recovery and if the committee is
24 notified timely."

25 SECTION 4. Section 9-27-15 NMSA 1978 (being Laws 1997,

.225565.4

1 Chapter 263, Section 1, as amended by Laws 2007, Chapter 288,
2 Section 2 and by Laws 2007, Chapter 290, Section 15) is amended
3 to read:

4 "9-27-15. LEASE OF RADIO COMMUNICATIONS NETWORK--
5 CONDITIONS AND REQUIREMENTS.--In exercising supervisory control
6 pursuant to Section [~~15-2-2~~] 9-27-14 NMSA 1978, the department
7 [~~of information technology~~] may lease to a private entity
8 excess capacity relating to the provision of two-way radio
9 services on its radio communications property, including
10 buildings, towers or antennas, provided that:

11 [~~A. the lease conforms with competitive procurement~~
12 ~~requirements of the Procurement Code;~~

13 ~~B.]~~ A. the lease is for an [~~equal~~] equivalent value
14 exchange of money or property or services;

15 [~~C.]~~ B. the secretary [~~of information technology~~]
16 certifies that the excess capacity will be available for at
17 least the duration of the lease;

18 [~~D.]~~ C. if the lease exceeds ten years, the lease
19 is first approved by the state board of finance;

20 [~~E.]~~ D. the department [~~of information technology~~]
21 has submitted to the legislative finance committee a detailed
22 plan for the use of excess capacity being leased and an
23 assessment of how the lease will affect public sector uses and
24 local telecommunication service providers; and

25 [~~F.]~~ E. income from the leases shall be deposited

1 to the credit of the department [~~of information technology~~] and
 2 used to carry out the duties of the department."

3 SECTION 5. Section 9-27-20 NMSA 1978 (being Laws 1963,
 4 Chapter 181, Section 1, as amended) is repealed and a new
 5 Section 9-27-20 NMSA 1978 is enacted to read:

6 "9-27-20. [NEW MATERIAL] TELECOMMUNICATIONS--DUTIES.--

7 A. The department shall enter into necessary
 8 agreements to provide, where feasible, a telecommunication
 9 network and related facilities to all executive, legislative
 10 and judicial branches and may, when capacity exists and it is
 11 economical, provide a telecommunication network and related
 12 facilities to educational institutions and other entities, with
 13 a preference to public entities.

14 B. The department may, in compliance with the
 15 Procurement Code, establish price agreements with vendors for
 16 information technology goods and services. Any public body may
 17 directly procure goods or services offered under a department-
 18 placed price agreement other than a price agreement for an
 19 enterprise service administered by the department.

20 C. On July 1, 2023, and on July 1 of each
 21 subsequent year, the department shall provide a catalog listing
 22 the information technology goods and services it has available
 23 to offer with the approved rates.

24 D. Subject to capacity after meeting requirements
 25 of agency customers, the department may offer catalog goods and

1 services to non-agency customers. The department may require a
2 non-agency customer to comply with all rules and guidance
3 applicable to the department-provided good or service but shall
4 not require a non-agency customer to comply with any other law
5 administered by the department unless otherwise provided by
6 law."

7 SECTION 6. Section 9-27-26 NMSA 1978 (being Laws 2017,
8 Chapter 7, Section 9) is amended to read:

9 "9-27-26. INDIAN NATIONS, TRIBES AND PUEBLOS--AGENCY-
10 OWNED OR -OPERATED BROADBAND NETWORK--STATEWIDE BROADBAND--
11 RIGHT-OF-WAY AGREEMENT AND SERVICE AGREEMENT.--Indian nations,
12 tribes and pueblos may connect to [~~the~~] an agency-owned or
13 -operated statewide broadband network in exchange for a
14 mutually agreed upon right-of-way agreement or a service
15 agreement with the chief information officer. The chief
16 information officer shall apply for reimbursements from the
17 federal universal service fund pursuant to Section 254 of the
18 federal Telecommunications Act of 1996, 47 U.S.C. 254, as such
19 section existed on January 1, 2006, on behalf of Indian
20 nations, tribes and pueblos that execute a right-of-way
21 agreement or service agreement."

22 SECTION 7. Section 63-9J-2 NMSA 1978 (being Laws 2021,
23 Chapter 123, Section 2) is amended to read:

20 broadband office.

21 C. The broadband office shall:

22 (1) establish by rule standards for quality of
23 service for homes, businesses and public institutions;

24 (2) create and maintain an official, publicly
25 accessible online New Mexico broadband access map showing

.225565.4

1 broadband availability and quality of service for homes,
 2 businesses and public institutions on a county-by-county basis;
 3 and

4 (3) create and maintain a repository for
 5 broadband data and information in New Mexico on a county-by-
 6 county basis, including:

7 (a) the number of homes and businesses
 8 that do not have access to broadband service;

9 (b) the number of homes and businesses
 10 that have broadband service that falls below the quality of
 11 service standards established by the broadband office; and

12 (c) the locations of broadband
 13 infrastructure currently owned or projected for construction by
 14 the state or local governments on a county-by-county basis.

15 D. On or before January 1, 2022, the broadband
 16 office shall develop and provide to the governor and the
 17 legislature a three-year statewide broadband plan.

18 E. On or before January 1, 2023, and on or before
 19 January 1 of each year thereafter, the broadband office shall
 20 update and revise the statewide broadband plan developed
 21 pursuant to this section for the ensuing three years and report
 22 the updated and revised statewide broadband plan to the
 23 governor and the legislature. In its initial plan pursuant to
 24 Subsection D of this section and in its annual revised and
 25 updated plan pursuant to this subsection, the broadband office

1 shall provide an assessment of broadband service across the
2 state compared to the standards established by the various
3 federal broadband regulatory and assistance programs.

4 F. In the development of the statewide broadband
5 plan, the broadband office shall request advice and provide
6 opportunities for meaningful input from each local and tribal
7 government within New Mexico, and all state agencies and public
8 educational institutions shall cooperate with and provide
9 relevant broadband-related information collected or developed
10 by the agencies as requested by the broadband office.

11 G. The broadband office shall implement the
12 statewide broadband plan.

13 H. The broadband office shall provide technical and
14 planning assistance to local governments, public educational
15 institutions and state agencies in the design, development or
16 implementation of their own plans for the development of
17 broadband service. When providing planning and technical
18 assistance, the broadband office shall encourage the use of
19 regional planning and may provide planning and technical
20 assistance to tribal government agencies and schools when those
21 entities are participants in a joint powers agreement with a
22 county, municipality, political subdivision, public educational
23 institution or state agency or memorandum of understanding for
24 the design, development or implementation of a regional
25 broadband plan.

1 I. The broadband office may form an advisory
2 committee comprising representatives of state, local and tribal
3 government agencies and the general public to facilitate the
4 collection of information and the development of proposals for
5 the statewide broadband plan; provided that if an advisory
6 committee is formed, at least three different tribal agencies
7 shall be represented on the committee.

8 J. In furtherance of statewide broadband planning,
9 all facilities-based providers shall report semiannually to the
10 broadband office the same data in the same format that is
11 reported to the federal communications commission pursuant to
12 federal law governing data submitted for broadband mapping.
13 The reports shall be submitted each year on or before April 1,
14 with regard to data existing as of December 31 of the prior
15 year, and on or before October 1, with regard to data existing
16 as of June 30 of the then current year. All information
17 reported by a facilities-based provider pursuant to this
18 subsection shall be maintained as confidential information by
19 the broadband office in accordance with applicable state or
20 federal law.

21 K. The reporting requirements set forth in
22 Subsection J of this section do not apply to tribal
23 corporations federally chartered by the bureau of Indian
24 affairs.

25 L. The broadband office may adopt rules requiring

.225565.4

1 facilities-based providers to report data in addition to the
2 data required pursuant to Subsection J of this section;
3 provided that no such rule shall require a facilities-based
4 provider to report any such data more frequently than twice per
5 year."

6 SECTION 9. Section 63-9J-4 NMSA 1978 (being Laws 2021,
7 Chapter 123, Section 4) is amended to read:

8 "63-9J-4. COORDINATION OF STATE AND LOCAL GOVERNMENT
9 BROADBAND EFFORTS.--

10 A. The broadband office shall identify federal and
11 nongovernmental broadband funding assistance opportunities for
12 local governments, public educational institutions, state
13 agencies and tribal governments and shall publish a list of
14 those opportunities in a manner that can be searched on a
15 county-by-county basis.

16 B. The broadband office may be the applicant for
17 such funding assistance for all state agencies except the
18 department of transportation.

19 C. State agencies and public educational
20 institutions shall coordinate with the broadband office
21 concerning the purchase of broadband infrastructure and
22 services with the goal of obtaining best-value or bulk pricing
23 agreements where practicable.

24 D. The broadband office shall coordinate with and
25 may enter into memoranda of understanding with federal, local

.225565.4

1 government, state and tribal government agencies to create an
2 integrated system of permits, licenses and rules for broadband
3 infrastructure across all governmental jurisdictions within
4 each region of the state, including the creation of a
5 centralized repository, and an expedited review process for
6 rights of way use applications, with the goal of creating
7 uniform coordinated permitting and licensing requirements
8 statewide. The broadband office shall develop proposals for
9 government agencies at the local, county and state levels to
10 build and pay for broadband networks, upon request for such
11 assistance.

12 E. The broadband office shall advise and make
13 recommendations to the department regarding proposals to use
14 the state-owned broadband network for the purpose of connecting
15 unserved and underserved populations of the state to internet
16 service on the basis of open access that supports objectives of
17 the state broadband plan; provided that:

18 (1) the department may lease a portion of the
19 state-owned broadband network or provide internet service to a
20 facilities-based provider that offers fixed wire broadband to
21 end users in the state pursuant to the following conditions:

22 (a) the lease or internet service
23 agreement shall allow the deployment of internet service to an
24 area in which at least fifty percent of the residential and
25 business locations are underserved or unserved;

.225565.4

1 (b) the broadband office shall post a
2 notice on its website at least forty-five days prior to the
3 execution of the lease or internet service agreement. The
4 notice shall include: 1) the name of the facilities-based
5 provider with which the department intends to enter into the
6 lease or internet service agreement; 2) a statement describing
7 the boundaries of the geographical area that will be served
8 under the terms of the lease or internet service agreement; 3)
9 the specifications of the broadband infrastructure or internet
10 service that will be the subject of the lease or internet
11 service agreement; and 4) the price upon which the lease or
12 internet service agreement shall be offered by the department;

13 (c) within the forty-five-day posting
14 period required by Subparagraph (b) of this paragraph, no
15 private facilities-based provider has notified the broadband
16 office in writing that it can provide the same broadband
17 infrastructure or internet service identified in the notice, as
18 applicable, at a price that does not exceed one hundred ten
19 percent of the price being offered by the department; and

20 (d) if the lease exceeds ten years, the
21 lease is first approved by the state board of finance;

22 (2) the department may sell or otherwise
23 transfer ownership of a portion of the state-owned broadband
24 network pursuant to existing state law regarding the sale or
25 disposition of such property; provided that the department and

1 any successor in interest shall not transfer ownership of any
2 portion of the state-owned broadband network to any wholly
3 private entity for at least twenty years after construction of
4 the broadband infrastructure to be sold was completed;

5 (3) the department shall not sell or otherwise
6 deliver internet service directly to a nongovernmental end
7 user; and

8 (4) the department shall adopt and implement
9 rules to govern the lease or sale of state-owned broadband
10 network capacity to the private sector. The rules shall
11 include processes that will enable a facilities-based provider
12 to challenge a determination that an area is eligible to
13 receive state-owned broadband network capacity."

14 **SECTION 10. EFFECTIVE DATE.**--The effective date of the
15 provisions of this act is July 1, 2023.
