**SECTION III: NARRATIVE**

**BILL SUMMARY**

Synopsis:

HB 60 creates the crimes of criminal desecration of a dead human body, a fourth degree felony; criminal sexual contact with a dead human body, a third degree felony; and criminal sexual penetration of a dead human body, a second degree felony.

**FISCAL IMPLICATIONS**

Note: major assumptions underlying fiscal impact should be documented.

Note: if additional operating budget impact is estimated, assumptions and calculations should be reported in this section.

**SIGNIFICANT ISSUES**

Most, though not all, states have some sort of statute criminalizing abuse of a corpse. See the list compiled in 2020 by the Legislative Council Staff of the Colorado General Assembly, available here: [https://leg.colorado.gov/sites/default/files/abuse\\_of\\_corpse\\_crimes-interestedperson\\_0.pdf](https://leg.colorado.gov/sites/default/files/abuse_of_corpse_crimes-interestedperson_0.pdf). What the statutes cover and the penalties attached vary widely.

The only statute New Mexico has that directly confronts this issue is in Article 12 of Chapter 24, which concerns the disposition of dead bodies. Section 24-12-3(B) of that Article states, “A person who unlawfully disposes of, uses or sells an unclaimed body is guilty of a fourth degree felony. . . .” Elements of HB 60 might be in conflict with this statute.

Additionally, the New Mexico Supreme Court in 2021 held that the criminal sexual penetration statutes would apply if the victim of csp was dead when the csp occurred. See *State v. Martinez*, 2021-NMSC-012. The Court’s reasoning was that the use of the term “person” in the statute was not limited to someone who was alive at the time the crime was committed against them. In that opinion, the Court also noted “At this time, New Mexico law does not prohibit the act of necrophilia or abuse of a corpse” (¶ 24), though the Court did not discuss Section 24-12-3(B) in its opinion. The Court’s reasoning in *State v. Martinez* could be extended to other crimes when a corpse is involved, especially the criminal sexual contact statutes, thus possibly obviating the need for HB 60, particularly the subsections involving criminal sexual contact with a dead

human body and criminal sexual penetration of a dead human body.
