J. HIGHER EDUCATION

4 On approval of the higher education department, the state budget division of the department of finance 5 and administration may approve increases in budgets of agencies in this subsection whose other state 6 funds exceed amounts specified, with the exception of the policy development and institutional financial 7 oversight program of the higher education department. In approving budget increases, the director of the 8 state budget division shall advise the legislature through its officers and appropriate committees, in 9 writing, of the justification for the approval.

10 On approval of the higher education department and in consultation with the legislative finance 11 committee, the state budget division of the department of finance and administration may reduce general 12 fund appropriations, up to three percent, to institutions whose lower level common courses are not 13 completely transferrable or accepted among public colleges and universities in New Mexico.

14 The secretary of higher education shall work with institutions whose enrollment has declined by 15 more than fifty percent within the past five academic years on a plan to improve enrollment, collaborate 16 or merge with other institutions, and reduce expenditures accordingly and submit an annual report to the 17 legislative finance committee.

18 The department of finance and administration shall, as directed by the secretary of higher 19 education, withhold from an educational institution or program that the higher education department 20 places under an enhanced fiscal oversight program a portion, up to ten percent, of the institution's or 21 program's general fund allotments. On written notice by the secretary of higher education that the 22 institution or program has made sufficient progress toward satisfying the requirements imposed by the 23 higher education department under the enhanced fiscal oversight program, the department of finance and 24 administration shall release the withheld allotments. Money withheld in accordance with this provision 25 and not released at the end of fiscal year 2025 shall revert to the general fund. The secretary of the
