SECTION III: NARRATIVE

BILL SUMMARY

Synopsis: HB 100 provides \$3 million for statewide STEM innovation, creating strong opportunities for RECs to lead regional STEM hubs, PD, and partnerships. Because the bill adds no mandates, there is no compliance burden. RECs must proactively position themselves to access the funds, as none are earmarked.

FISCAL IMPLICATIONS N/A

Note: major assumptions underlying the fiscal impact should be documented. This bill has significant potential for rural education and REC support as their STEM Hub; there may need to be some language clarification to make it clearer that funding is available for using the RECs as Hubs.

Note: if additional operating budget impact is estimated, assumptions and calculations should be reported in this section.
