SECTION III: NARRATIVE

BILL SUMMARY

Synopsis: SB 68 requires public bodies to establish policies and training programs for the use and implementation of AI.

FISCAL IMPLICATIONS: NMSBVI is already in the process of establishing policy and practices around AI, in relation to both students and staff, and there is no additional fiscal impact caused by this bill.

Note: major assumptions underlying fiscal impact should be documented.

Note: if additional operating budget impact is estimated, assumptions and calculations should be reported in this section.

SIGNIFICANT ISSUES: With the prevalence of AI growing significantly and quickly, the development and implementation of policies, trainings, and practices related to it has become increasingly necessary.
