B. The purpose of the rail infrastructure corporate income tax credit is to incentivize incremental expansions or improvements to rail infrastructure that would not reasonably occur but for the availability of the credit, increase freight capacity, reduce highway externalities and enhance the competitiveness of New Mexico businesses.

C. The amount of credit that may be allowed pursuant to this section shall be equal to fifty percent of a taxpayer's qualified reconstruction or replacement expenditures or qualified new rail infrastructure expenditures; provided that:

(1) for qualified reconstruction or replacement expenditures, the amount of tax credit shall not exceed an amount equal to the product of five thousand dollars (\$5,000) multiplied by the number of miles of railroad track owned or leased in the state by the taxpayer as of the close of the taxable year; and

(2) for qualified new rail infrastructure expenditures, the amount of tax credit shall not exceed one million dollars (\$1,000,000) for each new rail-served customer project of the taxpayer.

1 D. A taxpayer that seeks to claim a tax credit
2 provided by this section shall apply for a certificate of
3 eligibility from the department of transportation during the

18 six million dollars (\$6,000,000). Completed applications shall
19 be considered in the order received. Applications for
20 certification received after this limitation has been met in a
21 calendar year shall not be approved for that calendar year, but
22 shall be considered for certification in the following calendar
23 year. The department of transportation shall publish on its
24 website on a regular basis the number of rail infrastructure
25 corporate income tax credits that have been certified in each

1 calendar year.

2 F. If the department of transportation determines
3 that a taxpayer is a railroad and meets the requirements to
4 claim a tax credit pursuant to this section, that department
5 shall issue to the taxpayer a dated certificate of eligibility
6 providing the amount of the tax credit for which the taxpayer
7 is eligible and the taxable year in which the credit may be
8 claimed. The department of transportation shall provide the
9 taxation and revenue department with the certificates of
10 eligibility issued pursuant to this subsection in an electronic
11 format at regularly agreed-upon intervals.

12 G. A certificate of eligibility issued pursuant to
