Е. This section does not authorize the department or the local agency to require the use of machinery, devices or equipment from a particular manufacturer if the federal standards of performance, state regulations and permit conditions may be met by machinery, devices or equipment otherwise available.

The issuance of a permit does not relieve any F. person from the responsibility of complying with the provisions of the Air Quality Control Act and any applicable regulations of the environmental improvement board or the local board. Any conditions placed upon a permit by the department or the local agency shall be enforceable to the same extent as a regulation of its board.

G. Any person who participated in a permitting action before the department or the local agency shall be notified by the department or the local agency of the action taken and the reasons for the action. Notification of the applicant shall be by certified mail.

H. Any person who participated in a permitting action before the department or the local agency and who is adversely affected by such permitting action may file a petition for hearing before the environmental improvement board or the local board. The petition shall be made in writing to the environmental improvement board or the local board within thirty days from the date notice is given of the department's or the local agency's action. Unless a timely [request] petition for hearing is made, the decision of the department or the local agency shall be final.
