

1. Based on the PED approved plan for your school district/charter school, outline your school district/charter school implementation timeline of the Educator Effectiveness System (EES) for teachers and principals this school year.

Implementation will begin immediately. The previous academic year we had issues being launched into the online system of TEACHSCAPE. Once remedied, administrator's were able to move into the online PDP program. WLVS will be using Option 2 for teacher observations. Two licensed evaluators within the district will be available to conduct formal observations.

2. Which online system does your school district/charter school use to help implement the EES?
TEACHSCAPE

Does your school district/charter school plan on using this system next year?

We aren't afforded the opportunity to choose.

3. By licensure level, what is the number and percent of teachers in your school district/charter school in each of the following groups:

Group A: teachers who teach grades and/or subjects that can be meaningfully linked to the standards-based assessment;

Level I - 1

Level II - 28

Level III - 27

Group B: teachers who teach grades and/or subjects that cannot be meaningfully linked to the standards-based assessment; and

Level I - 4

Level II - 19

Level III - 7

Group C: teachers who teach in kindergarten, first, and second grades.

Level I - 1

Level II - 9

Level III - 3

Please outline the number and percent of each group’s effectiveness ratings (i.e., exemplary, highly effective, effective, minimally effective, or ineffective).

Group A	Exemplary	Highly Effective	Effective	Min Effective	Ineffective
Level I					1
Level II		1	10	13	4

5. Has your school district/charter school shared the data and results of the “District Educator Effectiveness Summative Report” with your teachers and principals? Why or why not?

This decision was site based.

6. Did your school district/charter school participate in the New Mexico’s Teacher and School Leader Evaluation Pilot Project for the EES? If so, outline any differences between the pilot and your most recent EES ratings, if any.

7. Please add any other comments you might have addressing lessons learned in implementing your evaluation system.
