

Prior Year 80 Day/120 Day Averages of Membership

Second Reporting Period (80 Day)

- December 1 or first working day in December

Third Reporting Period (120 Day)

- Second Wednesday in February

Preliminary SEG and Budgets

Between March and April, after the legislative session, the SEG appropriation amount is determined and the initial unit value is set.

In April, the preliminary SEG distribution is calculated for school districts and charter schools.

Between April and June, school districts and charter schools submit their operating budgets to PED.

Final Unit Value and SEG

First Reporting Period (40 Day)

- Second Wednesday in October
- 40 Day is used to finalize unit value and some SEG calculations for school districts and charter schools, specifically for growth units, save harmless units, and new program membership units.

The General Appropriation Act requires the final unit value be set by January 31.
