## Within HB 270 and Specific to the Rulemaking Responsibilities of the Department

SECTION 7. A new section of the Motor Vehicle Code is enacted to read:

"AUTONOMOUS MOTOR VEHICLES--NOTIFICATION AND REGULATION OF TESTING.--

A. Prior to testing an autonomous motor vehicle or an autonomous commercial motor vehicle on a public highway in New Mexico, a person owning or operating such a motor vehicle shall notify the department of transportation at least five calendar days in advance of such operation on a form provided by rule by the department of at least the following information:

- (1) the serial number and type of each motor vehicle to be tested;
- (2) the routes to be used by the motor vehicles;
- (3) the level of automated driving systems to be used by the motor vehicles; and
- 4) such additional information as may be required by the department of transportation by rule.

**B. The department of transportation shall promulgate rules regarding the notification and regulation process provided for in Subsection A of this section, including forms to be used and information to be submitted by operators of autonomous motor vehicles and autonomous commercial motor vehicles when testing such motor vehicles on public highways in New Mexico."**

SECTION 9. **EFFECTIVE DATE**.--The effective date of the provisions of this act is **July 1, 2022**

**Intent of the Rule will be to encourage the advancement and efficient implementation of autonomous vehicle testing in New Mexico that will not impede on maintaining a safe environment for public roadway users.**

**Elements of Consideration to be included in the rule:**

- Credentials of AV Designer/Manufacturer/Implementers
- Prior coordination with NHTSA
- Maturity of respective AV programs
- Record of testing
- Indemnification and Coverage
- Crash Response and Police Interaction Plan

**It will take into account existing successful practices in other states**

**It will ensure a common framework is in place for AV testing throughout the state**

**It will avoid inconsistencies with surrounding states that would adversely impact testing across state boundaries**

**It will clearly delineate between the federal and states roles with respect to the advancement of AV technology and will not encroach on those defined authorities.**
