

# New Mexico Community Investment BY THE NUMBERS

Freeport-McMoRan has invested more than \$5 million through its Grant County Community Investment Fund and other financial contributions since 2012. The fund is managed by community leaders representing various organizations who determine the allocation of funds from the Freeport-McMoRan Foundation to address local priority issues and strengthen communities.

## Education and STEM Support

**\$880,000** to help Silver Consolidated Schools with STEM education and workforce development, including the Makerspace Initiative

**\$129,000** to help Western New Mexico University with education and training, including the Capacity Building for Family Engagement in Math Literacy project

**\$100,000** invested to support Imagination Library and its work to provide free books to children – 3,500 preschoolers have received books to help foster a love of reading

**\$370,000** invested to support professional development for 142 math teachers through ASSET Stem Education, a national education improvement nonprofit

**\$100,000** invested to support professional development for 70 science teachers through WestEd's Making Sense of Science program

**Partner** of the Governor's STEM Challenge since 2019 to encourage participation in the Next Generation Science Standards

## Economic Development

**\$170,000+** invested to support Silver City Main Street Plaza development and economic vitality

**\$100,000+** to help the Village of Santa Clara with infrastructure improvements and economic development

**\$190,000** invested to support the Community Partnership for Children in their work to build stronger child care centers and expand child care hours to help working families – currently 800 children served

**\$40,000** for the Historic Waterworks Way Station revitalization project in support of the 5 Points Plan to connect Grant County communities

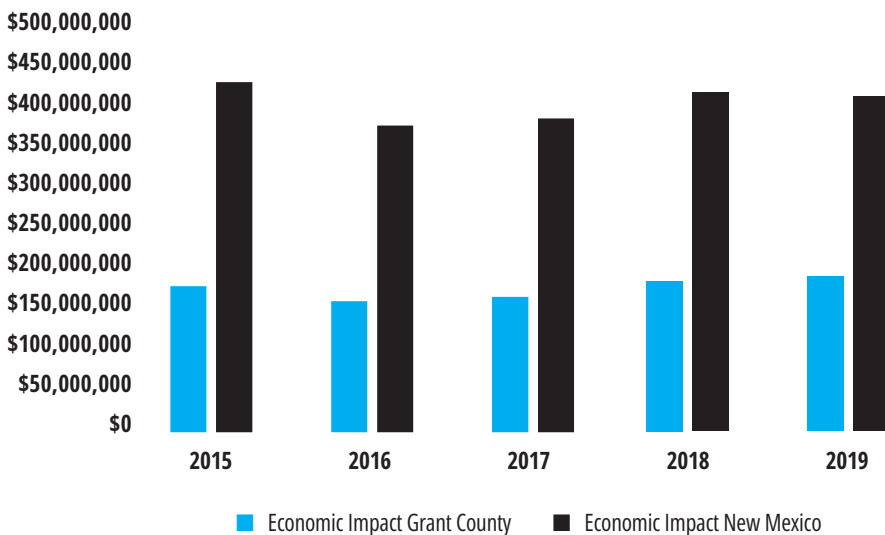

**\$2.3 million** in additional funds since 2012 made possible through the company's match on employee United Way contributions

**460** New Mexico women and more than 33,500 nationwide participating in DreamBuilder – a free, online entrepreneurship training program offered in English and Spanish

## Total Economic and Job Impact

**4,000+** New Mexico jobs impacted each year since 2012
